

Frederic Remington

Peter H. Hassrick

Frederic Remington:

Frederic Remington Frederic Remington,1991 **The Frederic Remington Art Museum Collection** Brian W. Dippie,Frederic Remington,Frederic Remington Art Museum,2001 Frederic Remington Frederic Remington,1995

Frederic Remington Joanne Mattern,2005-01-01 Discusses the life of Frederic Remington and describes his unique style of art *The Illustrations of Frederic Remington* Frederic Remington,1970 Represents the surprising range of illustrations of Frederic Remington celebrated painter and historian of the American West *Frederic Remington, Selected Letters* Frederic Remington,1988 It was not until 1947 thirty eight years after Frederic Remington s death that the first fairly comprehensive book about his life and work was published That Harold McCracken completed Frederic Remington Artist of the Old West was due in large part to the efforts of Emma Caten of Ogdensburg New York the sister of Remington s wife Frederic and Eva Remington had no children and Remington himself had been an only child so after his death in 1909 it was Eva and later Emma who with the help of Remington s friend John Howard took responsibility for the collection of unsold paintings sketches and western paraphernalia in the house in Ridgefield Connecticut where the Remingtons were living when he died When Eva died in 1918 she bequeathed the collection as well as a copy of each of Remington s bronzes to the Ogdensburg Public Library When the library suffered a fire the collection was transferred to the Parish Mansion in Ogdensburg overlooking the St Lawrence River and it was remodeled and renamed the Remington Art Memorial Still housed in the same building including an addition and now called the Frederic Remington Art Museum the collection contains a comprehensive trove of Remington works and personal effects including many letters Introduction **Frederick Remington** Frederic Remington,1992-09 People back East and the rest of the world formed their impressions of life in the American West from Frederic Remington s writings These 43 stories and articles Remington s eyewitness accounts of the taming of the West first appeared in the leading magazines of the late nineteenth and early twentieth centuries Hit the trail with Remington as he looks at the life of the cowboy the unceasing skirmishing between cavalry and Indians and the Cuban battlefields of the Spanish American War *Frederic Remington* Ernest Lloyd Raboff,1988 A brief biography of the artist and sculptor accompanies fifteen color reproductions and critical interpretations of his work **Remington** Frederic Remington,2012-05-08 It is impossible to reflect upon Frederic Remington s art without thinking of the merely human elements Remington became interested in the American Indian probably because he became interested in the active exciting life of the American Great Plains The Indian appealed to him not in any histrionic way not as a figure stepped out from the pages of Hiawatha but just as a human subject Remington hit upon this truth when he travelled west What he found there was majesty that he did not make solely an affair of Indians in war paint and feathers Remington knew how the light of the moon or of the stars is diffused how softly and magically it envelops the landscape There is a sort of artistic honesty in his nocturnal studies He never set out to be romantic or melodramatic just to develop his affinity and closeness to nature The

beauty of the painter's motive too has communicated itself in his technique. His grey green tones fading into velvety depths take on transparency and in his handling of form he uses a touch as firm as need be. The determining influence in his career was that of the creative impulse urging him to deal in the translation of visible things into pictorial terms. Frederic Remington James K. Ballinger, 1989. Includes over 100 reproductions of the artist's work and examines his life, career and achievements. **Frederic Remington** Sandra Forty, 2016-10-03. None captured the dusty feeling and spirit of the wild west like Frederic Remington and now you can share it with others in this incredible collection. *Frederic Remington's Own West* Frederic Remington, 2015-11-06. A collection of Frederic Remington's writings complemented by more than one hundred of his famous drawings provides an exciting record of the Old West as it once was with tales of cowboys, Indians and soldiers. **Frederic Remington** Peter H. Hassrick, 2016-05-31. One of America's most popular and influential American artists, Frederic Remington (1861-1909) is renowned for his depictions of the Old West through paintings, drawings and sculptures. He immortalized a dynamic world of cowboys and American Indians, hunters and horses, landscapes and wildlife. *Frederic Remington: A Catalogue Raisonné II* is a comprehensive presentation of the artist's body of flat work both in print and on this book's companion website. Beautifully illustrated with more than 150 figures and 100 color plates, this book offers insightful essays by notable art historians who explore Remington's experiences in Taos, New Mexico and other parts of the West. The chapters include analyses of Remington's artistic development from an illustrator to a fine art painter, his search for and understanding of men with the bark on his relationship with the famed illustrator Howard Pyle and the shared imagery of Remington and Buffalo Bill Cody. A chapter considering Remington's enduring bond with the horse and its representation in his paintings follows an examination of Remington's ties to Theodore Roosevelt that reveals how the two men helped move the American conscience toward wildlife preservation. An assessment of the authentication process for evaluating Remington's works opens the collection. Remington is perhaps the most frequently faked American artist. The book features a unique keycode granting access to a companion website that brings together more than 3,000 reproductions of the artist's flat works including the complete original 1996 edition of the *Catalogue Raisonné* and nearly 300 previously unknown or relocated pieces. Each entry includes the title, date, medium, size, inscriptions, provenance and exhibition and publication history of the work as well as select commentary. The online catalogue is fully searchable and will be continuously updated as new information becomes available. Based on decades of scholarship and research, the revised *Remington Catalogue Raisonné* is an essential resource for scholars, collectors, museum curators, historians of the American West and anyone seeking definitive information on the art of Frederic Remington. *Frederic Remington: A Catalogue Raisonné II* is published in cooperation with the Buffalo Bill Center of the West, Cody, Wyoming. Frederic Remington Peggy Samuels, Harold Samuels, 1982.

Frederic Remington Emily Ballew Neff, Frederic Remington, Wynne H. Phelan, 2000. The Museum of Fine Arts, Houston, houses one of the most distinguished collections of works by Frederic Remington (1861-1909) in the country. Featuring *Fight*

for the Water Hole one of the icons of American art and many other highlights the Hogg Brothers Collection is remarkably comprehensive representing an unparalleled survey of Remington's career This generously illustrated book showcases the most important works from this collection including paintings works on paper and a bronze sculpture establishing each within its appropriate historical cultural and political contexts Drawing on unpublished archival information the book discusses Remington's spectacular rise to fame as a popular illustrator who mythologized the experience of westward expansion and whose works created the enduring American cowboy archetype while chronicling the rapidly disappearing Native American cultures Frederic Remington will be of great appeal to those who have long loved and admired this unique American artist And with its new technical data and information the book will also be a valuable addition to libraries of students and scholars alike

Frederic Remington Ernestine Giesecke, 2006 Introduces the life and work of Frederic Remington discussing his early years travels in the American West and development as an artist

Frederic Remington and the West Ben Merchant Vorpahl, 2014-01-09 Frederic Remington and the West sheds new light on the remarkably complicated and much misunderstood career of Frederic Remington This study of the complex relationship between Remington and the American West focuses on the artist's imagination and how it expressed itself Ben Merchant Vorpahl takes into account all the dimensions of Remington's extensive work from journalism to fiction sculpture and painting He traces the events of Remington's life and makes extensive use of literary and art criticism and nineteenth century American social cultural and military history in interpreting his work Vorpahl reveals Remington as a talented sensitive and sometimes neurotic American whose work reflects with peculiar force the excitement and distress of the period between the Civil War and the Spanish American War Remington was not a western artist in the conventional sense neither was he a historian he lacked the historian's breadth of vision and discipline expressing himself not through analysis but through synthesis Vorpahl shows that even while Remington catered to the sometimes maudlin sometimes jingoistic tastes of his public and his editors his resourceful imagination was at work devising a far more demanding and worthwhile design a composite work executed in prose pictures and bronze This body of work as the author demonstrates demands to be regarded as an interrelated whole Here guilt shame and personal failure are honestly articulated and death itself is confronted as the artist's chief subject Because Remington was so prolific a painter sculptor illustrator and writer and because his subjects techniques and media were so apparently diverse the deeper continuity of his work had not previously been recognized This study is a major contribution to our understanding of an important American artist In addition Vorpahl illuminates the interplay between history artistic consciousness and the development of America's sense of itself during Remington's lifetime

Frederic Remington Mike Venezia, 2003-03-01 Describes the life and career of the late nineteenth century and early twentieth

century artist who is best known for his paintings and sculptures of the American West *Frederic Remington* Nancy K. Anderson, William Sharpe, Alexander Nemerov, National Gallery of Art (U.S.), Thomas Gilcrease Institute of American History and Art, Denver Art Museum, 2003 Introduction Nancy K Anderson What's out there Frederic Remington's art of darkness William C Sharpe Dark disquiet Remington's late nocturnes Nancy Anderson Burning daylight Remington electricity and flash photography Alexander Nemerov Nocturnes a catalogue Appendix Notes on conservation Ross Merrill Thomas J Branchick Perry Huston Norman E Muller Robert G Proctor Jr Jill Whitten

Unveiling the Energy of Verbal Art: An Psychological Sojourn through **Frederic Remington**

In a world inundated with screens and the cacophony of instant conversation, the profound power and emotional resonance of verbal artistry usually fade in to obscurity, eclipsed by the regular onslaught of sound and distractions. Yet, nestled within the lyrical pages of **Frederic Remington**, a interesting work of literary elegance that pulses with natural emotions, lies an remarkable trip waiting to be embarked upon. Penned by way of a virtuoso wordsmith, this mesmerizing opus instructions visitors on an emotional odyssey, lightly revealing the latent potential and profound affect embedded within the intricate web of language. Within the heart-wrenching expanse with this evocative examination, we can embark upon an introspective exploration of the book is central themes, dissect their fascinating publishing design, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
