Gordon, 1999-07-30 The plight of the Black male in American society has been well documented by scholars and practitioners. Although Black males represent only 6 percent of the American population, they represent about 40 percent of the prison population; the number of Black males in prison and jail exceeds the number of Black males in higher education. The homicide rates for Black males were 72.5 percent per 100,000, nearly eight times higher than for White males. This bibliographic volume explores the extent to which American academia has addressed these problems. It will be an invaluable resource for researchers as well as practitioners in social service programs. In addition to more than 400 annotated publications, the book includes a selected list of works on the African American male and a compilation of doctoral dissertations. This publication will serve as a reference in public as well as academic libraries, human service agencies, government policymaking agencies, and in academic courses in gender and ethnic studies, criminal justice, and social psychology. *Hearings* United States. **Sidney Poitier** Aram Goudsouzian, 2011-01-20 In the first full biography of actor Sidney Poitier, Aram Goudsouzian analyzes the life and career of a Hollywood legend from his childhood in the Bahamas to his 2002 Oscar for lifetime achievement. Poitier is a gifted actor, a great American success story, an intriguing personality, and a political symbol; his life and career illuminate America's racial history. In such films as *Lilies of the Field*, *In the Heat of the Night*, and *Guess Who's Coming to Dinner*, Poitier's middle-class, mannered, virtuous screen persona contradicted prevailing film stereotypes of Blacks as half-wits, comic servants, or oversexed threats. His screen image and public support of nonviolent integration assuaged the fears of a broad political center, and by 1968 Poitier was voted America's favorite movie star. Through careful readings of every Poitier film, Goudsouzian shows that Poitier's characters often made sacrifices for the good of whites and rarely displayed sexuality. As the only Black leading man during the civil rights era, Poitier chose roles and public positions that negotiated the struggle for dignity. By 1970, times had changed, and Poitier was the target of a backlash from film critics and Black radicals, as the new heroes of blaxploitation movies reversed the Poitier model. In the 1970s, Poitier shifted his

considerable talents toward directing starring in and producing popular movies that employed many African Americans both on and off screen After a long hiatus he returned to starring roles in the late 1980s More recently the film industry has reappraised his career and Poitier has received numerous honors recognizing his multi faceted work for black equality in Hollywood As this biography affirms Poitier remains one of American popular culture s foremost symbols of the possibilities for and limits of racial equality *African American Firsts* Joan Potter,2009 Excluded from history books overlooked in classrooms and neglected by the media African Americans have long been denied an accurate picture of their contributions to America from colonial days to the present But times have changed and the record can now be set straight From the inventors of the traffic light and the gas mask to winners of an Oscar and the Olympic gold this authoritative resource reveals over 450 firsts by African Americans wonderful accomplishments achieved despite poverty discrimination and racism
