British librarianship and information work 2006-2010 J. H. Bowman, 2012-04-01 This is the latest in an important series of reviews going back to 1928 The book contains 26 chapters written by experts in their field and reviews developments in the principal aspects of British librarianship and information work in the years 2006 2010 Toward a 21st-Century School Library Media Program Esther Rosenfeld, David V. Loertscher, 2007-10-15 A collection of articles written by leading experts in the school library field that explain how school teachers librarians and administrators can work together to improve library services and meet the needs of all students Higher Education Outcomes Assessment for the Twenty-First Century Peter Hernon, Robert E. Dugan, Candy Schwartz, 2013-05-09 This book discusses recent trends in outcomes assessment examines how state governments are reshaping the national discussion with higher education and explains how libraries must respond to these changes Higher Education Outcomes Assessment for the Twenty first Century

focuses on recent developments in outcomes assessment especially from the perspectives of the federal government and state governments as well as foundations concerned about the state of higher education. The authors identify the significant changes that these stakeholders call for information that academic librarians and anyone following outcomes assessment need to be aware of and interpret the discussions to identify implications for libraries Building upon the foundation of knowledge presented in the previous two Libraries Unlimited Outcomes Assessment in Higher Education titles this book provides readers with up to date coverage of topics such as the emerging metrics used to define student and institutional success the increased importance of accountability and the need to compare and assess the performance of programs and institutions rather than individual courses and the shift in prioritizing student outcomes over student learning outcomes The authors also spotlight the critical need for libraries to fit their role within the national discussion and suggest ways in which library managers and directors can play a role in redirecting the discussion to their benefit A Brief History of the Future of Libraries Gregg Sapp, 2002 As we enter a new millennium librarianship and other information professions are swept up in a period of rapid almost frantic change But while there is widespread recognition that libraries in the future will be vastly different from what we know today precisely how this change will occur is and always has been a matter of considerable speculation To this end Gregg Sapp has analyzed library based predictions made between 1978 the year F W Lancaster published Toward Paperless Information Systems and 1999 and compared them with seminal works published since 1876 the publication of the first issue of American Library Journal Includes between 500 and 700 annotated entries
