Emissions From Continous Combustion Systems:

Emissions from Continuous Combustion Systems W. Cornelius, 2013-03-09 This volume documents the proceedings of the Symposium on Emissions from Continuous Combustion Systems that was held at the General Motors Research Laboratories Warren Michigan on September 27 and 28 1971 This symposium was the fifteenth in an annual series presented by the Research Laboratories Each symposium has covered a different technical discipline To be selected as the theme of a symposium the subject must be timely and of vital interest to General Motors as well as to the technical community at large For each symposium the practice is to solicit papers at the forefront of research from recognized authorities in the technical discipline of interest Approximately sixty scientists and engineers from academic government and industrial circles in this country and abroad are then invited to join about an equal number of General Motors technical personnel to discuss freely the commissioned papers The technical portion of the meeting is supplemented by social functions at which ample time is afforded for informal exchanges of ideas amongst the participants By such a direct interaction of a small and select group of informed participants it is hoped to extend the boundaries of research in the selected technical field
