Empty Boat:

The Empty Boat Michael Sowder, 2004 In finely wrought image driven poems *The Empty Boat* explores the spiritual and aesthetic dimensions of the human relationship to the natural world asking how nature speaks to us and what wisdom and solace it may offer the tragic aspects of our lives From haunting poems that give voice to losses and seek redemption in wilderness to those that celebrate ecstatic moments of mystical vision the book's trajectory moves ever toward Taoist landscapes of thought The book concludes with the return of love and re imaginings of the relationship between presence and emptiness in our lives *Report of the Chief of Engineers U.S. Army United States. Army. Corps of Engineers, 1874*

Annual Report Upon the Improvement of the Mississippi River Between the Mouths of the Illinois and the Ohio United States. Army. Corps of Engineers, 1873 Perfect Love, Imperfect Relationships John Welwood, 2007-03-27 A nationally known couples therapist reveals the single root cause of all relationship problems and offers revolutionary advice on what to do about it While most of us have moments of loving freely and openly it is often hard to sustain this where it matters most in our intimate relationships If love is so great and powerful why are human relationships so challenging and difficult If love is the source of happiness and joy why is it so hard to open to it fully and let it govern our lives In this book John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us from experiencing love's full flowering in our lives *Perfect Love Imperfect Relationships* begins by showing how all our relational problems arise out of a universal wound of the heart that affects not only our personal relationships but the quality of life in our world as a whole This core wound shows up as a pervasive mood of unlove a deep sense that we are not intrinsically lovable just as we are It shuts down our capacity to trust so that even though we may hunger for love we have difficulty opening to it and letting it circulate freely through us This book takes the reader on a powerful journey of healing and transformation that involves learning to embrace these imperfections within ourselves and within our relationships as trail markers along the path to great love It sets forth a process for releasing deep seated grievances we hold against others for not loving us better and against ourselves for not being better loved And it shows how our longing to be loved can magnetize the great love that will free us from looking to others to find ourselves Written with penetrating realism and a fresh lyrical style that honors the subtlety and richness of our relationship to love itself this revolutionary book offers profound and practical guidance for healing our lives as well as our embattled world *Report of the Chief of Engineers* United States. Army. Corps of Engineers, 1874 **A Treatise on the Improvement of Canal Navigation** Robert Fulton, 1796 **An Anthropology of Disappearance** Laura Huttunen, Gerhild Perl, 2023-09-15 All over the world people disappear from their families communities and the state's bureaucratic gaze as victims of oppressive regimes or while migrating along clandestine routes

This volume brings together scholars who engage ethnographically with such disappearances in various cultural social and political contexts It takes an anthropological perspective on questions about human life and death absence and presence rituals and mourning liminality and structures citizenship and personhood as well as agency and power The chapters explore the political dimension of disappearances and address methodological epistemological and ethical challenges of researching disappearances and the disappeared The combination of disappearance through political violence crime voluntary disappearance and migration make this book a unique combination
