*Blank Canvas* Marcy Gregg, 2022-05-24 When Marcy Gregg awoke from a coma 13 years had vanished from her memory She was 30 years old she thought she was still 17 She didn't recognize the man who introduced himself as her husband She stared at pictures of the three children they said were hers trying desperately to remember them but her mind was blank Terrified and confused Marcy did the only thing she could think of she faked it She told the doctors she was starting to remember and bluffed her way through visits from friends and family Against all odds it worked she was released to a home family and life she should have known intimately but seemed to be a stranger's How was she going to pull off the biggest acting challenge imaginable and would her memories ever return Ghost Boy meets What Alice Forgot in this amazing true story of a woman who lost herself and tried to fight her way back on her own but who found unexpected beauty in hope faith and second chances

Nature's Palette David Lee, 2010-09-03 Though he didn't realize it at the time David Lee began this book twenty five years ago as he was hiking in the mountains outside Kuala Lumpur Surrounded by the wonders of the jungle Lee found his attention drawn to one plant in particular a species of fern whose electric blue leaves shimmered amidst the surrounding green The evolutionary wonder of the fern's extravagant beauty filled Lee with awe and set him on a career long journey to understand everything about plant colors Nature's Palette is the fully ripened fruit of that journey a highly illustrated immensely entertaining exploration of the science of plant color Beginning with potent reminders of how deeply interwoven plant colors are with human life and culture from the shifting hues that told early humans when fruits and vegetables were edible to the indigo dyes that signified royalty for later generations Lee moves easily through details of pigments the evolution of color perception the nature of light and dozens of other topics Through a narrative peppered with anecdotes of a life spent pursuing botanical knowledge around the world he reveals the profound ways that efforts to understand and exploit plant color have influenced every sphere of human life from organic chemistry to Renaissance painting to the highly lucrative orchid trade Lavishly illustrated and packed with remarkable details sure to delight gardeners and naturalists alike Nature's Palette will enchant anyone who's ever wondered about red roses and blue violets or green thumbs

*Invaders* W. P. Kinsella, Jim Shepard, Steven Millhauser, Max Apple, Amiri Baraka, 2016-06-20 The invasion of the future has begun Literary legends including Steven Millhauser Junot Diaz Amiri Baraka and Katharine Dunn have attacked the borders of the every day Like time traveling mad scientists they have concocted outrageous creations from the future They have seized upon tales of technology gone wrong and mandated that pulp fiction must finally grow up In these wildly speculative stories you will discover the company that controls the world from an alley in Greenwich Village You'll find nanotechnology that returns memories to the residents of a nursing home You'll rally an avian like alien to become a mascot for a Major League Baseball team The Invaders are here But did science fiction colonize them first

**Figures of Radical**

**Absence** Alexandra-Ecaterina Irimia, 2023-10-04 What is there to see in invisible artworks empty books or blank screens How do formal absences generate meaning Constructing an argument by way of montage this book is an annotated inventory of textual visual and conceptual figures of absence Spanning different media it reveals a creative tradition that uses absence not as a negative aesthetic category but as a productive state of radical indeterminacy with its own politics and poetics Although post structuralism highlighted the importance of what is offstage lost forgotten hidden or discarded silent or silenced the poetics and politics of absence much like its ethics and aesthetics have rarely been discussed across media and disciplines This book proposes the concept of radical absence to describe a certain tradition of resistance to ontology predication and representation contesting their reliance on a metaphysics of presence Apophatic speech empty signifiers and figural voids are some of the figures through which radical absence becomes apparent with unprecedented intensity in twentieth century theory literature film and the arts Phantasmatic and outrageous such figures play with creative strategies of dematerialization irony and other forms of discursive undoing Therefore absence becomes more than a simple theme it reflects back on the medium and the meaning making conditions under which it operates Elusive and imprecise as an object of study absence requires more subtle and flexible epistemological frameworks than have been available to date This monograph proposes we think of it not only as a counter concept for presence but also and perhaps more productively as infinite spacing deferral fragmentation and displacement

#### **BOLD NEW WORLD and THE POTENTIALIST**

**MOVEMENT** Dr. Freeman Rader Ph.D., 2019-10-30 This very large 465 page book is actually 2 separate but closely related books bound together as one an inspirational novel and a thought provoking philosophy book Together they tell the story of a bold and visionary group of people creating a highly advanced prototype community and way of life based upon applying a philosophy that believes in human potential rather than supernatural forces helps individuals self actualize promotes values and responsibility for SELF SOCIETY and creates harmonious communities in which human potential flourishes This results in happy people doing great things and achieving a tremendous sense of enjoyment and accomplishment in the process something we all seek As the story unfolds a bright progressive group of people in Colorado adopt this new philosophy become part of the Potentialist Movement and focus on how to fund and develop this highly advanced community To meet the challenge the founder Freeman Valor Smith convinces the Hollywood producer Steven Spielman that the story would make a good film thus ingeniously getting the producer to make the development of the project possible by funding its construction as part of the cost of production So the project gets underway But the powerful editor of the local newspaper Norman Sully has a deep grudge against the founder and plans to totally disrupt the group s efforts so he hires an attractive undercover reporter Serene St Haven to infiltrate the group and dig up as much dirt as possible But a romance ensues between the reporter and the founder that changes the situation dramatically So the editor takes drastic measures on his own to sabotage the project What results is an intricate web of romance treachery intrigue and inspiration With great courage this resourceful

group of Potentialists overcomes all obstacles and a BOLD NEW WORLD is created which shows what people with the right values in the right environment can accomplish
