Spelling in Spanish Heritage Language Education Amàlia Llombart-Huesca, 2024 Spelling acquisition and development has been identified as a major obstacle for Spanish Heritage Language Learners SHLLs. Instructors too struggle to find the best strategies to help their students internalize orthographic rules. Llombart argues that spelling is not simply the cherry on top of good writing or a mere editing issue; rather, the skills behind the acquisition of spelling lie beneath literacy development in general. The skill helps to improve other crucial literacy aspects such as reading fluency, reading comprehension, and vocabulary growth. Written for instructors of SHLLs and researchers of SHL education, this book demonstrates why and how to address this critical skill, including the cognitive skills underlying spelling, the role of age and bilingualism, and a thorough description of the different types of spelling errors students make and their causes. In addition, instructors will find guidelines, recommendations, and ideas for creating spelling activities and meaningfully integrating them into their curricula. Combining novel research and practical strategies, *Spelling in Spanish Heritage Language Education* will be a valuable addition to Spanish instructors' and researchers' bookshelves. [Source Materials for Secondary School Teachers of Foreign Languages](#) Esther May Eaton, 1962 [Publishers Weekly](#), 1920 [Translanguaging and Transformative Teaching for Emergent Bilingual Students](#) City University of New York-New York State Initiative on Emergent Bilinguals, 2020-11-26 A critical and accessible text, this book provides a foundation for translanguaging theory and practice with educating emergent bilingual students. The product of the internationally renowned and trailblazing City University of New York New York State Initiative on Emergent Bilinguals (CUNY NYSIEB), this book draws on a common vision of translanguaging to present different perspectives of its practice and outcomes in real schools. It tells the story of the collaborative project's positive impact on instruction and assessment in different contexts and explores the potential for transformation in teacher education. Acknowledging oppressive traditions and obstacles facing language minoritized students, this book provides a pathway for combatting racism, monolingualism, classism, and colonialism in the classroom and offers narratives, strategies, and pedagogical practices to liberate and engage emergent bilingual students. This book is an essential text for all teacher educators, researchers, scholars, and students in TESOL and bilingual education, as well as educators working with language minoritized students. **Union List of Serials in Libraries of the United States and Canada** Winifred Gregory Gerould, 1927
