*War's Other Voices* miriam cooke, 1996-08-01 This book challenges the assumption that men write of war women of the hearth The Lebanese war has seen the publication of many more works of fiction by women than by men Miriam Cooke has termed these women the Beirut Decentrists as they are decentered or excluded from both literary canon and social discourse Although they may not share religious or political affiliation they do share a perspective which holds them together Cooke traces the transformation in consciousness that has taken place among women who observed and recorded the progress towards chaos in Lebanon During the so called two year war of 1975 76 little comment was made about those usually men in search of economic security who left the saturnalia of violence but with time attitudes changed Women became aware that they had remained out of a sense of responsibility for others and that they had survived Consciousness of survival was catalytic the Beirut

Decentrists began to describe a society that had gone beyond the masculinization normal in most wars and achieved an almost unprecedented feminization Emigration the expected behavior for men before 1975 became the sin qua non for Lebanese citizenship The writings of the Beirut Decentrists offer hope of an escape from the anarchy If men and women could espouse the Lebanese women s sense of responsibility the energy that had fueled the unrelenting savagery could be turned to reconstruction But that was before the invasion of 1982

**Flights Against the Sunset** Kenn Kaufman, 2008-03-18 True life essays that show how a son s connection with birds helped him reconnect with his mother from the ornithologist and author of *Kingbird Highway* At age sixteen Kenn Kaufman left home to travel the world in search of birds Now a grown man and a renowned ornithologist he has come back to visit his ailing mother and explain to her what drove his obsession with bird life His explanation forms a series of interlocking tales from the frontier where the world of birds intersects with the world of the humans who pursue them The stories range over settings from Alaska to Africa from trackless jungles to parking lots They delve into subjects from first dates to last rites from imagination and desire to sleep deprivation from poignant encounters with eternal mysteries to comical brushes with biker gangs and secret agents But as the stories unfold the ornithologist comes to realize that he can still learn some things about life and even about the meaning of birds from his mother *Flights Against the Sunset* brings together nineteen essays mostly adapted from Kaufman s long running column in *Bird Watcher s Digest* They weave an original story that examines how we communicate about our passions with those who do not share the same interests and how to celebrate the world of infinite possibilities and wonder A skilled storyteller The stories presented here are uniformly captivating and entertaining but there is also deep insight into birds people and life The Birder s Library

**Flying against Fate** S. P. MacKenzie, 2017-08-04 During World War II Allied casualty rates in the air were high Of the roughly 125 000 who served as aircrew with Bomber Command 59 423 were killed or missing and presumed killed a fatality rate of 45 5% With odds like that it would be no surprise if there were as few atheists in cockpits as there were in foxholes and indeed many airmen faced their dangerous missions with beliefs and rituals ranging from the traditional to the outlandish Military historian S P MacKenzie considers this phenomenon in *Flying against Fate* a pioneering study of the important role that superstition played in combat flier morale among the Allies in World War II Mining a wealth of documents as well as a trove of published and unpublished memoirs and diaries MacKenzie examines the myriad forms combat fliers superstitions assumed from jinxes to premonitions Most commonly airmen carried amulets or talismans lucky boots or a stuffed toy a coin whose year numbers added up to thirteen counterintuitively a boomerang Some performed rituals or avoided other acts e g having a photo taken before a flight Whatever seemed to work was worth sticking with and a heightened risk often meant an upsurge in superstitious thought and behavior MacKenzie delves into behavior analysis studies to help explain the psychology behind much of the behavior he documents not slighting the large cohort of crew members and commanders who demurred He also looks into the ways in which superstitious behavior was tolerated or even

encouraged by those in command who saw it as a means of buttressing morale The first in depth exploration of just how varied and deeply felt superstitious beliefs were to tens of thousands of combat fliers Flying against Fate expands our understanding of a major aspect of the psychology of war in the air and of World War II **Passive and Active**

Zeidan,1995-03-16 This book assesses

the contribution of women to the Arabic novel both in subject matter and form It begins by tracing the struggle over women s rights in the Arab world particularly the gradual improvement in women s access to education the first area in which women made significant gains Subsequent chapters discuss Arab women writers remarkable talents and determination to overcome the barriers of a male dominated culture survey the 1950s and 1960s during which women s writing gained momentum and more women writers emerged and address the shift in emphasis and attitude that women s literature underwent in the late 1960s especially following the 1967 Arab Israeli war when women novelists began to place more stress on international politics Zeidan adapts Western based feminist literary theory to a discussion of Arab women s literature but refrains from imposing that theory inappropriately on literature whose context differs significantly He compares the women s movements in Arab and Western cultures and the development of women s literature in those cultures and uses these comparisons to highlight similarities and differences between them as well as to consider how one affected the other His analysis culminates in the early 1980s the end of the formative years when women s writing had become a familiar part of Arabic literature in general and a positive reflection on the collective Arab consciousness **JOHN BUCHAN - Ultimate Collection: 28**

Cooke,2018-10-08 The experiences of women in twentieth century wars in South Asia and the Middle East challenge the concept of the separation of front and homefront and of family and society common to most modern western wars Women there have not only entered into what was once considered male only territory in men s roles wearing men s clothing but more important they have entered explicitly as women playing a variety of roles in the conflicts surrounding them Their self conscious self confident presence has changed the nature of that territory This anthology reflects the realization that through their writing women have created a new mythology of the war peace paradox one that is grounded in the reality of their own lives The works collected here illustrate the many ways in which women have become active participants in social conflict and military battles speaking of war not only as an extraordinary but also as an ordinary experience of coping with violence and conflict on a daily basis Women s involvement with the rituals of violence does not begin or end with traditional war their daily struggles for survival stretch seamlessly into the more public arena of political war In this anthology Drs Cooke and Rustomji Kerns offer a collection of journal entries interviews fiction and poetry by twentieth century Middle Eastern and South Asian women writing about war and political conflicts Some of the works were written in English but the majority were translated specifically for this anthology and are published here for the first time in English Blood Into Ink is an important and much needed addition to the rapidly growing literature on war and peace The anthology will greatly enlarge our understanding of the role of women in one of the most central of human concerns *Flight Against Time* Imilî Naşr
