senses it seemed as if 1970s America was running out of gas. The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned. High unemployment, runaway inflation, and the energy crisis caused in part by U.S. dependence on Arab oil characterized an increasingly bleak economic situation. As Edward D. Berkowitz demonstrates, the end of the postwar economic boom, Watergate, and defeat in Vietnam led to an unraveling of the national consensus. During the decade, ideas about the United States, how it should be governed, and how its economy should be managed changed dramatically. Berkowitz argues that the postwar faith in sweeping social programs and a global U.S. mission was replaced by a more skeptical attitude about government's ability to positively affect society. From Woody Allen to Watergate, from the decline of the steel industry to the rise of Bill Gates, and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers, Berkowitz captures the history, tone, and spirit of the seventies. He explores the decade's major political events and movements, including the rise and fall of détente, congressional reform, changes in healthcare policies, and the hostage crisis in Iran. The seventies also gave birth to several social movements, and the rights revolution in which women, gays, and lesbians, and people with disabilities all successfully fought for greater legal and social recognition. At the same time, reaction to these social movements, as well as the issue of abortion, introduced a new facet into American political life: the rise of powerful politically conservative religious organizations and activists. Berkowitz also considers important shifts in American popular culture, recounting the creative renaissance in American film, as well as the birth of the Hollywood blockbuster. He discusses how television programs such as *All in the Family* and *Charlie's Angels* offered Americans both a reflection of and an escape from the problems gripping the country.

Free Within Ourselves Jewell Parker

Rhodes, 2010-03-31. *A Bird by Bird* for the African American market. A top-notch writer's guide filled with practical guidance, essays, and journal exercises for the African American writer, including advice from E. Lynn Harris, Charles Johnson, and Yolanda Joe. In her introduction, Jewell Parker Rhodes writes, "Never in four years of college or five years of graduate school was I assigned an exercise or given a story example that included a person of color. While the educational system and the publishing world have become progressively more welcoming of African American authors, there is still little attention to educating, supporting, and sustaining the writing process of African American authors." *Free Within Ourselves* is a solid first step; it is the book I wished I had when I started out as a writer. It is meant to be a song of encouragement for African American artists and visionaries. *Free Within Ourselves* is a step-by-step introduction to fictional technique, exploring story ideas and charting one's progress, as well as a resource guide for publishing fiction. For the legions of people who have a novel stuck in their word processors, help is finally on the way. *Free Within Ourselves* is an excellent guide to all the elements necessary to crafting fiction: character development, point of view, plot, atmosphere, dialogue, diction, sentence variety, and revision. Writing techniques are taught using exercises, journaling, story examples, and analyses of famous writing fragments, as well as several complete stories, including those of James Baldwin, Zora Neale Hurston, and Edwidge Danticat, among

others The book is further enhanced by inspirational advice from successful contemporary black writers such as Bebe Moore Campbell Rita Dove Henry Louis Gates John Edgar Wideman and others a bibliography and a guide to workshops journals magazines contests and fellowships supportive of black arts
