Australian convict history first published in the UK in 2001 Recounts the passage of the Lady Julian the first ship to transport female convicts to Australia Tells the individual stories of many of the convicts and sailors on the ship Details the reasoning behind sending women to the convict colony the offences they were sentenced for living conditions aboard the Lady Julian and the sexual dalliances that took place on the ship Includes photos maps bibliography and index British author has a degree in history from Oxford University and first became interested in the Lady Julian while living in Australia *The Wreck of the Neva: The Horrifying Fate of a Convict Ship and the Women Aboard* Cal McCarthy,Kevin Todd,2013-04-10 The Neva sailed from Cork on 8 January 1835 destined for the prisons of Botany Bay There were 240 people on board most of them either female convicts or the wives of already deported convicts and their children On 13 May 1835 the ship hit a reef just north of King s Island in Australia and sank with the loss of 224 lives one of the worst shipwrecks in maritime history The authors have comprehensively researched sources in Ireland Australia and the UK to reconstruct in fascinating detail the stories of these women Most perished beneath the ocean waves but for others the journey from their poverty stricken and criminal pasts continued towards hope of freedom and prosperity on the far side of the world At a time when Australia is once again becoming a new home for a generation of migrating Irish it is appropriate that the formative historical links between the two countries be remembered **A Commonwealth of Thieves** Thomas Keneally,2007-12-04 In this spirited history of the remarkable first four years of the convict settlement of Australia Thomas Keneally offers us a human view of a fascinating piece of history Combining the authority of a renowned historian with a brilliant narrative flair Keneally gives us an inside view of this unprecedented experiment from the perspective of the new colony s governor Arthur Phillips Using personal journals and documents Keneally re creates the hellish overseas voyage and the challenges Phillips faced upon arrival unruly convicts disgruntled officers bewildered and hostile natives food shortages and disease He also offers captivating portrayals of Aborigines and of convict settlers who were determined to begin their lives anew A Commonwealth of Thieves immerses us in the fledgling penal colony and conjures up the thrills and hardships of those first four improbable years **Lillian Armfield** Leigh Straw,2018-03-27 An engaging account of an extraordinary trailblazing woman Australia s first female detective LILLIAN ARMFIELD is also the vivid and gripping story of the origins of Sydney s organised crime underbelly Special Constable Lillian Armfield was policing Sydney s mean streets during some of the most dramatic years of crime in the city By the late 1920s eastern Sydney was the heartland of organised crime and the notorious turf battles known as the Razor Wars where bloodied bodies were strewn across streets after late night clashes between rival gangs At first disapproved of by her male colleagues and often working solo and undercover Lillian investigated it all from runaway girls opium dens and back street sly grog shops to drug trafficking rape and murder She dealt with the infamous crime figures of

the day Tilly Devine Kate Leigh Botany May Smith and their associates who eventually accorded Lillian a grudging respect Lillian Armfield's life and achievements were extraordinary She paved the way for the women of today's police force and her amazing story is also a compelling chapter in Australian true crime history **Condemned** Graham Seal, 2021-05-18 A powerful account of how coerced migration built the British Empire In the early seventeenth century Britain took ruthless steps to deal with its unwanted citizens forcibly removing men women and children from their homelands and sending them to far flung corners of the empire to be sold off to colonial masters This oppressive regime grew into a brutal system of human bondage which would continue into the twentieth century Drawing on firsthand accounts letters and official documents Graham Seal uncovers the traumatic struggles of those shipped around the empire He shows how the earliest large scale kidnapping and transportation of children to the American colonies were quickly bolstered with shipments of the poor criminal and rebellious to different continents including Australia From Asia to Africa this global trade in forced labor allowed Britain to build its colonies while turning a considerable profit Incisive and moving this account brings to light the true extent of a cruel strand in the history of the British Empire *Pacific Histories* David Armitage, Alison Bashford, 2014-01-23 The first comprehensive account to place the Pacific Islands the Pacific Rim and the Pacific Ocean into the perspective of world history A distinguished international team of historians provides a multidimensional account of the Pacific its inhabitants and the lands within and around it over 50 000 years with special attention to the peoples of Oceania It providing chronological coverage along with analyses of themes such as the environment migration and the economy religion law and science race gender and politics **National Approaches to the Administration of International Migration** Peri E. Arnold, 2010 Within the time frame of the 17th century to the mid 20th century this book examines the migration experience of ten countries Australia Austria Belgium Great Britain Germany Greece Italy the Netherlands Spain and the United States each with an important history of international migration *These Are the Names* John Levi, 2013-04-01 Between 1788 and 1850 more than 1500 Jewish men and women were either transported to Australia as convicts or arrived as free settlers This important biographical dictionary presents the details occasionally sketchy but sometimes extensive of more than 1500 of these pioneers Rabbi John Levi's painstaking research through the fragmentary and often contradictory colonial records has culminated in an invaluable reference work and resource A wealth of information including birth names extra names nicknames aliases and maiden names together with details of marriages children and occupations makes *These are the Names* a major contribution to an important but little recognised aspect of Australia's settlement history For the first time the earliest generation of Jews to settle in Australia is named and remembered *First Fleet Surgeon* David Hill, 2015-05-01 In a single leather bound volume of 238 unlined pages of parchment Surgeon Arthur Bowes Smyth describes his two and a half year journey with the First Fleet from Portsmouth in England to the new colony in Australia and back He is a frank articulate and observant writer and his diary a treasure of the National Library of Australia covers life at sea
