Floating Opera And The End Of The Road:

The Floating Opera and The End of the Road John Barth, 1997-03-11 From the author of National Book Award nominated *Lost in the Funhouse* John Barth's first two novels are both existential comedies featuring strange consuming love triangles and the destructive effects of an overactive intellect on the emotions Barth ran riot over literary rules and conventions even as he displayed with meticulous discipline mastery of and respect for them The New York Times The relationship between these two darkly comic novels is evident not only in their ribald and philosophical subject matter but in their eccentric characters and bitterly humorous tone The protagonist of *The Floating Opera* is Todd Andrews an orphaned war veteran who has been sleeping with his friend's wife Todd awakens in the morning determined to commit suicide having concluded that nothing in life has intrinsic value but then spends the day methodically reasoning his way into disregarding that fact and remaining a part of the floating opera of life In *The End of the Road* a man named Jacob Horner finds himself literally paralyzed by an inability to choose a course of action from all possibilities He begins an unconventional course of psychotherapy treatment at the Remobilization Farm but his eccentric doctor's directives lead him into a tragic love triangle and from there to the nihilistic end of the road Separately these two novels give two very different views of the universal human quest for meaning and together they form the beginnings of an illustrious literary career **The Floating Opera**

Comes to the End of the Road Ingrid Otero Garabís, 1979 *"The Floating Opera" at "The End of the Road"* Felicitas Graf, 1995 Theme in John Barth's *The Floating Opera* and *The End of the Road* James Oliver Harrison, 1977 **The Play of the Double in Postmodern American Fiction** Gordon Slethaug, 1993 In *The Hawkline Monster* Brautigan's minimalist metafictional parody of the double depicts our narcissistic view of reality In *Double or Nothing* Federman subverts the conventional double exposing its gamelike structures and traditional views of life and text *John Barth* David Morrell, 2015-12-16 In 1969 while David Morrell was writing *First Blood* the novel in which Rambo was created he also wrote his doctoral dissertation about acclaimed author John Barth In it Morrell analyses Barth's early fiction using interviews with Barth his agent and his editors as well as several of Barth's unpublished essays and letters to tell what Morrell calls the story behind the stories a biography of Barth's fiction Over the years scholars have found John Barth *An Introduction* invaluable for its lengthy biographical sections which Barth himself approved Fans of Morrell's fiction will find this book enlightening in terms of what Barth taught him about writing **CRITICAL REACTION** David Morrell's not just a fine writer he's also a great and generous teacher New York Times bestselling author Lawrence Sanders Morrell has written an interesting and informative book which reads occasionally like a biography His prose is eminently clear and straightforward His book has something for everyone There is no doubt that it will become a necessity for serious students of Barth and that coincidentally it is a genuinely interesting book *Journal of Modern Literature* Morrell's study tells the story of Barth's storytelling how he got his ideas and then how the publishers and reviewers dealt with them He includes detailed biographical information and writes

with great economy and clarity Modern Fiction Studies Morrell gives the reader the benefit of his familiarity with Barth and his manuscripts to plot the career of each work from plans and in some cases research through revision publisher agent reactions sales and post publication revisions The whole enterprise is carried off with appealing confidence and informality that add up to an eminently readable book World Literature Today **Fictions of Fact and Value** Michael

LeMahieu,2013-10-02 Fictions of Fact and Value argues that the philosophy of logical positivism considered the antithesis of literary postmodernism exerts a determining influence on the development of American fiction in the three decades following 1945 in what amounts to a constitutive encounter between literature and philosophy at mid century after the end of modernism as it was traditionally conceived but prior to the rise of postmodernism as it came to be known Two particular postwar literary preoccupations derive from logical positivist philosophy the fact value problem and the correlative distinction between sense and nonsense Even as postwar writers responded to logical positivism as a threat to the imagination their works often manifest its influence specifically with regard to emotive or meaningless terms Far from a straightforward history of ideas Fictions of Fact and Value charts a genealogy that is often erased in the very texts where it registers and disowned by the very authors that it includes LeMahieu complicates a predominant narrative of intellectual history in which a liberating postmodernism triumphs over a reactionary positivism by historicizing the literary response to positivism in works by John Barth Saul Bellow Don DeLillo Iris Murdoch Flannery O Connor Thomas Pynchon and Ludwig Wittgenstein As LeMahieu compelling demonstrates the centrality of the fact value problem to both positivism and postmodernism demands a rethinking of postwar literary history A trenchantly argued study that unearths an important part of postwar literary history Fictions of Fact and Value will interest anyone concerned with postmodernism modernist studies analytic philosophy or the history of ideas *John Barth's The Floating Opera and the End of the Road* Robert Steven Ackerman,1980 *Romantic Postmodernism in American Fiction* Eberhard Alsen,2023-12-21 Intended for teachers and students of American Literature this book is the first comprehensive analysis of romantic tendencies in postmodernist American fiction The book challenges the opinion expressed in the Columbia History of the American Novel 1991 and propagated by many influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of Professor Alsen s book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic To support his argument Professor Alsen analyzes representative novels by Saul Bellow J D Salinger Norman Mailer Flannery O Connor John Updike Kurt Vonnegut Philip Roth Thomas Pynchon Toni Morrison the later John Barth Alice Walker William Kennedy and Paul Auster Professor Alsen demonstrates that the traits which distinguish the

fiction of the romantic postmodernists from the fiction of their disunitive and nihilist colleagues include a vision of life that is a form of philosophical idealism an organic view of art modes of storytelling that are reminiscent of the nineteenth century romance and such themes as the nature of sin or evil the negative effects of technology on the soul and the quest for transcendence

Supplanting the Postmodern David Rudrum, Nicholas Stavris, 2015-09-24 An anthology of key writings on the so called demise of postmodernism and the debates around what might replace it

On Endings Daniel Grausam, 2011-08-03 What does narrative look like when the possibility of an expansive future has been called into question This query is the driving force behind Daniel Grausam's *On Endings* which seeks to show how the core texts of American postmodernism are a response to the geopolitical dynamics of the Cold War and especially to the new potential for total nuclear conflict Postwar American fiction needs to be rethought he argues by highlighting postmodern experimentation as a mode of profound historical consciousness In Grausam's view previous studies of fiction mimetically concerned with nuclear conflict neither engage the problems that total war might pose to narration nor take seriously the paradox of a war that narrative can never actually describe Those few critical works that do take seriously such problems do not offer a broad account of American postmodernism And recent work on postmodernism has offered no comprehensive historical account of the part played by nuclear weapons in the emergence of new forms of temporal and historical experience *On Endings* significantly extends the project of historicizing postmodernism while returning the nuclear to a central place in the study of the Cold War

Ideology and Aesthetics in American Literature and Arts Jaroslav Kušnír, 2012-01-31 This book includes contributions by African East and West European Asian and North American scholars which deal with and compare ideological and non ideological approaches to the analysis of literary artistic as well as popular works popular music mostly by American authors Most of the essays deal with a way various aspects of American identity are depicted represented treated ideologized and aestheticized in different literary genres forms of art and media The contributions offer multidisciplinary cross cultural and comparative perspectives and represent a diversity of scholarly voices ranging from the general discussion on the relationship between ideology and art Anton Pokriv k ideology and multiculturalism Cristina Garrig s They also give the analysis of poetry Pokriv k Obododima Oha postmodern fiction Pi Hua Ni Cristina Garrig s drama Zoe Detsi Diamanti Csaba Csap as well as the comparative analysis of the depiction of the identity of North American Indians in such different media as literature and film Michal Peprn k In addition to this the book includes the analysis of Black rap music Wojciech Kallas

The Value of Privacy Beate Roessler, 2005 This new book by Beate Roessler is a work of real quality and originality on an extremely topical issue the issue of privacy and the relations between the private and the public Roessler investigates the reasons why we value privacy and why we ought to value it In the context of modern liberal societies Roessler develops a theory of the private which links privacy and autonomy in a constitutive way privacy is a necessary condition to lead an autonomous life The book develops a theory of freedom and autonomy which sees the ability to pose the

practical question of how one wants to live of what a person strives to be at the centre of the modern idea of autonomy The question of privacy is emerging as an increasingly important topic in social and political theory and is central to many current debates in law the media and politics The Value of Privacy will be widely recognised to be a classic contribution to the subject *John Barth (Routledge Revivals)* Heide Ziegler,2014-10-10 John Barth represents most completely what has been termed postmodernism not because his work comprises more postmodernist features than other contemporary writers but because for Barth life and art are two sides of the same coin In this brief study first published in 1987 Heide Ziegler examines all Barth s novels She argues that each pair of novels first exhausts and then replenishes those literary genres that hinge on a particular world view the existentialist novel the Bildungsroman the Kunsterroman or the realistic novel Through the division of labour between character and author Barth manages to develop a new mode of literary parody which projects itself beyond the mocked literary model and even self parody into the realm of future fiction This book is ideal for students of literature and postmodern studies **Sot-Weed Factor** John Barth,2023-10-10 This is Barth s most distinguished masterpiece This modern classic is a hilarious tribute to all the most insidious human vices with a hero who is one of the most diverting to roam the world since Candide A feast Dense funny endlessly inventive and OK yes long winded this satire of the eighteenth century picaresque novel think Fielding s Tom Jones or Sterne s Tristram Shandy is also an earnest picture of the pitfalls awaiting innocence as it makes its unsteady way in the world It s the late seventeenth century and Ebenezer Cooke is a poet dutiful son and determined virgin who travels from England to Maryland to take possession of his father s tobacco or sot weed plantation He is also eventually given to believe that he has been commissioned by the third Lord Baltimore to write an epic poem The Marylandiad But things are not always what they seem Actually things are almost never what they seem Not since Candide has a steadfast soul witnessed so many strange scenes or faced so many perils Pirates Indians shrewd prostitutes armed insurrectionists Cooke endures them all plus assaults on his virginity from both women and men Barth s language is impossibly rich a wickedly funny take on old English rhetoric and American self appraisals For good measure he throws in stories within stories including the funniest retelling of the Pocahontas tale revealed to us in the secret journals of Capt John Smith that anyone has ever dared to tell Time *Contemporary Authors: 1945 to the Present* Britannica Educational Publishing,2013-06-01 Contemporary literature encompasses so many genres literary forms and themes that it would seem almost impossible to identify a unifying thread between them Yet in the tradition established by literary heavyweights who came before modern writers of all stripes and backgrounds have continued to entertain and to confront the social cultural and psychological realities of the times including everything from racial identity to war to technology with their own flair and insight The diversity of authors profiled herein from Toni Morrison to Sylvia Plath to Stephen King to David Foster Wallace attests to the scope and complexity of modern society **Wise Blood** ,2011-01-01 Wise Blood A Re Consideration is a collection of nineteen new essays on Flannery O Connor s 1952 novel about the spiritual

journey of a young man raised in a fundamentalist Christian family Following the pattern of previous books in the Dialogue series it offers analyses by established and emerging scholars in North America The volume comprises five sections Religious and Philosophical Thought Comedy Humor and Animality in Wise Blood Influences on Wise Blood Structural Issues and Gender Culture and Genre An intensely religious novel by a Catholic author Wise Blood continues to draw keen attention from literary scholars theologians preachers and lay readers This volume encompasses many new critical perspectives that will encourage greater insights deeper understandings and further investigations of the complexities of O Connor s modern classic set in the Deep South

The Development John Barth, 2008-10-07 A merry satire about the smart moneyed and demanding retirees living in a gated community Scintillating on the surface and churning with danger below Booklist From a National Book Award winning author this is a collection of nine darkly comic stories set in a gated community on Maryland s Eastern Shore Publishers Weekly Something has disturbed the comfortably aging denizens of Heron Bay Estates a pristine retirement community in Chesapeake Bay In the dawn of the new millennium and the evening of their lives these empty nesters have discovered that their tidy enclave can be surprisingly colorful shocking and surreal From the high jinks of a toga party to a baffling suicide pact John Barth a comic genius of the highest order brings compassion to the lives of his characters with the mordant humor that has earned him a reputation as one of our most original storytellers The New York Times Book Review Disturbing but humorous Reading The Development is a worthy investment in lofty literary real estate The Seattle Times Perhaps the most prodigally gifted comic novelists writing in English today Newsweek A low key clear eyed battered but unbowed portrait of the diminishments and minor pleasures of age Barth s prose still has its sinew and snap he examines near decrepitude with mordant rueful wit Kirkus Reviews

Every Third Thought John Barth, 2012-10-16 John Barth stays true to form in Every Third Thought written from the perspective of a character Barth introduced in his short story collection The Development George I Newett and his wife Amanda Todd lived in the gated community of Heron Bay Estates until its destruction by a fluke tornado This event Newett notes occurred on the 77th anniversary of the 1929 stock market crash a detail that would appear insignificant if it were not for several subsequent events The stress of the tornado s devastation prompts the Newett Todds to depart on a European vacation during which George suffers a fall on none other than his 77th birthday the first day of autumn or more cryptically fall Following this coincidence George experiences the first of what is to become five serial visions each appearing to him on the first day of the ensuing seasons and each corresponding to a pivotal event in that season of his life As the novel unfolds so do these uncanny coincidences and it is clear that as ever Barth possesses an unmatched talent in balancing his characteristic style and wit with vivid page turning storytelling
