Floating Opera The:

The Floating Opera and The End of the Road John Barth, 1997-03-11 From the author of National Book Award nominated *Lost in the Funhouse* John Barth's first two novels are both existential comedies featuring strange consuming love triangles and the destructive effects of an overactive intellect on the emotions Barth ran riot over literary rules and conventions even as he displayed with meticulous discipline mastery of and respect for them The New York Times The relationship between these two darkly comic novels is evident not only in their ribald and philosophical subject matter but in their eccentric characters and bitterly humorous tone The protagonist of *The Floating Opera* is Todd Andrews an orphaned war veteran who has been sleeping with his friend's wife Todd awakens in the morning determined to commit suicide having concluded that nothing in life has intrinsic value but then spends the day methodically reasoning his way into disregarding that fact and remaining a part of the floating opera of life In *The End of the Road* a man named Jacob Horner finds himself literally paralyzed by an inability to choose a course of action from all possibilities He begins an unconventional course of mythotherapy treatment at the Remobilization Farm but his eccentric doctor's directives lead him into a tragic love triangle and from there to the nihilistic end of the road Separately these two novels give two very different views of the universal human quest for meaning and together they form the beginnings of an illustrious literary career

Theories of Play and Postmodern Fiction Brian Edwards, 2013-05-13 Drawing on developments in critical theory and postmodernist fiction this study makes an important contribution to the appreciation of playforms in language texts and cultural practices Tracing trajectories in theories of play and game and with particular attention to the writings of Nietzsche Wittgenstein Bakhtin and Derrida the author argues that the concept of play provides perspectives on language and communication processes useful both for analysis of literary texts and also for understanding the interactive nature of constructions of knowledge Exploring manifestations of game and play throughout the history of Western culture from Plato to Pynchon this study traces developments in 20th century cultural and literary theory of ideas about play in the writings of Johan Huizinga Roger Caillois Jacques Ehrmann Bernard Suits James Hans Mihai Spariosu and Robert Rawdon Wilson The author emphasizes post structuralist developments with specific attention to deconstruction and reception theory and argues that deconstruction makes the most significant recent contribution to play theory in its application to language and to literature The work also explores the modes and effects of playforms in particular examples of postmodernist fiction With attention to major works from Thomas Pynchon Gravity's Rainbow John Barth LETTERS Robert Kroetsch What the Crow Said Angela Carter Nights at the Circus and Peter Carey Illywhacker Edwards acknowledges and deconstructs such basic oppositions as play and seriousness fiction and truth difference and identity to explore the literature's cultural political significance Seeking to affirm the fiction's continuing social relevance the readings presented in this book place play irresistibly at the heartland of language meaning and culture

John Barth (Routledge Revivals) Heide Ziegler, 2014-10-10 John Barth represents most completely what has been termed postmodernism not

because his work comprises more postmodernist features than other contemporary writers but because for Barth life and art are two sides of the same coin In this brief study first published in 1987 Heide Ziegler examines all Barth's novels She argues that each pair of novels first exhausts and then replenishes those literary genres that hinge on a particular world view the existentialist novel the Bildungsroman the Künstlerroman or the realistic novel Through the division of labour between character and author Barth manages to develop a new mode of literary parody which projects itself beyond the mocked literary model and even self parody into the realm of future fiction This book is ideal for students of literature and postmodern studies

The Book of Ten Nights and a Night John Barth, 2005 The Book of Ten Nights and a Night offers both a keen introduction to the genius of John Barth and a deeply human argument for the enduring value of literature Gathering stories written throughout this postmodern master's long career the collection spans his entire range of styles from straightforward narrative to experimental metafiction In the time immediately following September 11 2001 the veteran writer Graybard spends eleven nights with a nubile muse named WYSIWYG What You See Is What You Get The two lovers debate the meaning and relevance of writing and storytelling in the wake of disaster telling a new tale each night in the tradition of Scheherazade The Book of Ten Nights and a Night exhibits the thrilling blend of playfulness and illuminating insight that have marked Barth as one of America's most distinguished writers
