**Florence Nightingale** Mark Bostridge, 2008 The soldier's saviour the standard bearer of modern nursing a pioneering social reformer and much else besides Florence Nightingale belongs to that select band of historical characters who are instantly recognisable As the Lady with the Lamp ministering to the wounded and dying of the Crimean War she offers an enduring image of sentimental appeal and one that is permanently lodged in the national consciousness She has been honoured and admired criticised and ridiculed More often than not she has been misrepresented and misunderstood In this remarkable book the first major biography of Florence Nightingale in over fifty years Mark Bostridge draws on a wealth of unpublished material including previously unseen family papers to throw significant new light on this extraordinary woman's life and character By disentangling elements of myth from the reality Bostridge has written a vivid and immensely readable account of one of the most iconic figures in modern British history

**Florence Nightingale** Mark Bostridge, 2008-10-14 In this remarkable book the first major biography of Florence Nightingale in more than 50 years Bostridge draws on a wealth of unpublished material including previously unseen family papers to throw new light on this extraordinary woman's life and character

**Ever Yours, Florence Nightingale** Florence Nightingale, 1990 For many Florence Nightingale is the most famous woman of her day second only perhaps to Queen Victoria Celebrated and beloved by the public and her friends considered an irritant by politicians and bureaucrats the great reformer remains a figure of considerable controversy In this full life in letters we see her at first hand Martha Vicinus and Bea Nergaard weave together a narrative account and a selection of her letters in such a way as to create in Nightingale's own words a fascinating portrayal of the woman her career and her concerns

*Collected Works of Florence Nightingale* Florence Nightingale, 2009-11-17 Florence Nightingale is famous as the lady with the lamp in the Crimean War 1854-56 There is a massive amount of literature on this work but as editor Lynn McDonald shows it is often erroneous and films and press reporting on it have been even less accurate The Crimean War reports on Nightingale's correspondence from the war hospitals and on the staggering amount of work she did post war to ensure that the appalling death rate from disease higher than that from bullets did not recur This volume contains much on Nightingale's efforts to achieve real reforms

He **Florence Nightingale** Hugh Small, 1998 Florence Nightingale achieved fame for her leadership of a group of British nurses during the Crimean War After the war she dedicated herself to promoting public health This book provides a new explanation for Nightingale's actions

*Florence Nightingale to her Nurses: A Selection from Miss Nightingale's Addresses to Probationers and Nurses of the Nightingale School at St. Thomas's Hospital* Florence Nightingale, 2020-09-28 Between 1872

and 1900 Miss Nightingale used when she was able to send an annual letter or address to the probationer nurses of the Nightingale School at St Thomas Hospital and the nurses who have been trained there These addresses were usually read aloud by Sir Harry Verney the chairman of the Nightingale Fund in the presence of the probationers and nurses and a printed copy or a lithographed facsimile of the manuscript was given to each of the nurses present for private use only A few also were written for the Nightingale Nurses serving in Edinburgh The letters were not meant for publication and indeed are hardly suitable to be printed as a whole as there is naturally a good deal of repetition in them Since Miss Nightingale's death however heads of nursing institutions and others have asked for copies of the addresses to be read or given to nurses and her family hope that the publication of a selection may do something to carry further the intention with which they were originally written Perhaps too not only nurses but others may care to read some of these letters There is a natural desire to understand the nature of a great man's or woman's influence and we see in the addresses something at least of what constituted Miss Nightingale's power Her earnest care for the nurses her intense desire that they should be perfect speak in every line They do not of course give full expression to the writer's mind They were written after she had reached middle age as from a teacher of long and wide experience to pupils much younger than herself pupils some of whom had had very little schooling and did not easily read or write The want of even elementary education and of habits and traditions of discipline which grow in schools are difficulties less felt now than in 1872 when Miss Nightingale's first letter to nurses was written At that time it was necessary in addressing such an audience to write very simply without learned allusions though some such appear in disguise and without too great severity and concentration of style The familiar words of the Bible and hymns could appeal to the least learned among her hearers and never lost their power with Miss Nightingale herself But through the simple and popular style of the addresses something of a philosophical framework can be seen When Miss Nightingale hopes that her nurses are a step further on the way to becoming perfect as our Father in Heaven is perfect she has in mind the conception she had formed of a moral government of the world in which science activity and religion were one In her unpublished writings these ideas are dwelt on again and again
