Florence Sandra Rosi, 2001      *Florence - The Art of Cookery* Sandra Rosi, 2004-12-08 Like all traditional cuisines Florentine cookery has shown more than one sign of corruption We are not referring to the greater and lesser innovations which are historically inevitable and have if anything enriched the city's gastronomic heritage No we are talking about the use of vegetables out of season and the outrageous reworking of basic dishes at the hands of inferior restaurateurs truffle flavoured tripe is just one example This eminently sensible book presents the city's best known recipes shorn of purist excesses and completes them with lots of useful tips on how to get the best results out of each dish The historical notes on the recipes origin are both quaint and interesting Very appropriate seasoning is provided by Paola Boldrini's eloquent illustrations      **The Art of Cooking** Maestro Martino, Stefania Barzini, 2005 Fifteenth century chef Maestro Martino of Como has been called the first celebrity chef This volume includes the first English translation of his text a historical essay by Luigi Ballerini and 50 modernized recipes by acclaimed Italian chef Stefania Barzini      **The Art of Cookery in the Middle Ages** Terence Scully, 1995 In this fascinating study the author examines both the theory and practice of medieval cooking The recipes which survived indicate how rich and varied a choice of dishes the wealthy could enjoy      **The Gentle Art of Cookery** Mrs. C. **A Twist in the Tail** Christopher Beckman,2024-07-18 A Twist in the Tail takes readers on a tantalising voyage through European and American gastronomic history following the trail of a small but mighty fish the anchovy Whether in ubiquitous Roman garum mass produced British condiments elaborate French haute cuisine or modern Spanish tapas anchovies have been enhancing the flavour of many dishes for thousands of years Yet depending upon the time and place and who was eating them they have also been disdained as worthless little fish deemed too small bony and inconsequential for popular or elite consumption From Western Europe to the USA Christopher Beckman shows how the evolving and ambiguous position of anchovies provides surprising insights into the relationship between food class and status throughout history Drawing on cookbooks literature and art this is the hidden story of the diminutive anchovy and its outsized role in shaping the West s cuisine

**Kitchens, Cooking, and Eating in Medieval Italy** Katherine A. McIver,2017-10-16 The modern twenty first century kitchen has an array of time saving equipment for preparing a meal a state of the art stove and refrigerator a microwave oven a food processor a blender and a variety of topnotch pots pans and utensils We take so much for granted as we prepare the modern meal not just in terms of equipment but also the ingredients without needing to worry about availability or seasonality We cook with gas or electricity at the turn of the switch we have instant heat But it wasn t always so Just step back a few centuries to say the 1300s and we d find quite a different kitchen if there was one at all We might only have a fireplace in the main living space of a small cottage If we were lucky enough to have a kitchen the majority of the cooking would be done

over an open hearth we'd build a fire of wood or coal and move a cauldron over the fire to prepare a stew or soup. A drink might be heated or kept warm in a long handled saucepan set on its own trivet beside the fire. Food could be fried in a pan, grilled on a gridiron or turned on a spit. We might put together a small improvised oven for baking. Regulating the heat of the open flame was a demanding task. Cooking on an open hearth was an all embracing way of life and most upscale kitchens had more than one fireplace with chimneys for ventilation. One fireplace was kept burning at a low steady heat at all times for simmering or boiling water and the others used for grilling on a spit over glowing radiant embers. This is quite a different situation than in our modern era unless we were out camping and cooking over an open fire. In this book Katherine McIver explores the medieval kitchen from its location and layout like Francesco Datini of Prato two kitchens to its equipment the hearth the fuels vessels and implements and how they were used to who did the cooking man or woman and who helped. We'll look at the variety of ingredients spices herbs meats fruits vegetables food preservation and production salted fish cured meats cheese making and look through recipes cookbooks and gastronomic texts to complete the picture of cooking in the medieval kitchen. Along the way she looks at illustrations like the miniatures from the Tacuinum Sanitatis a medieval health handbook as well as paintings and engravings to give us an idea of the workings of a medieval kitchen including hearth cooking the equipment used how cheese was made harvesting ingredients among other things. She explores medieval cookbooks such works as Anonimo Veneziano Libro per cuoco fourteenth century Anonimo Toscano Libro della cucina fourteenth century Anonimo Napoletano end of thirteenth early fourteenth century Liber de coquina Anonimo Medidonale Due libri di cucina fourteenth century Magnus Mediolanensis Maino de Maineri Opusculum de saporibus fourteenth century Johannes Bockenheim Il registro di cucina fifteenth century Maestro Martino's Il Libro de arte coquinaria fifteenth century and Bartolomeo Sacchi called Platina's On Right Pleasure and Good Health 1470. This is the story of the medieval kitchen and its operation from the thirteenth century until the late fifteenth century. Good Housekeeping Magazine ,1886

The Cookbook Library Anne Willan, Mark Cherniavsky, 2012-03-03. This gorgeously illustrated volume began as notes on the collection of cookbooks and culinary images gathered by renowned cookbook author Anne Willan and her husband Mark Cherniavsky. From the spiced sauces of medieval times to the massive roasts and ragoûts of Louis XIV's court to elegant eighteenth century chilled desserts. The Cookbook Library draws from renowned cookbook author Anne Willan's and her husband Mark Cherniavsky's antiquarian cookbook library to guide readers through four centuries of European and early American cuisine. As the authors taste their way through the centuries describing how each cookbook reflects its time Willan illuminates culinary crosscurrents among the cuisines of England France Italy Germany and Spain. A deeply personal labor of love. The Cookbook Library traces the history of the recipe and includes some of their favorites. **The Epicure** ,1906
