James A. Palmer

Florilegium Historiale Essays Presented To Wallace K Ferguson:

Florilegium Historiale Wallace Klippert Ferguson, 1971 **Florilegium Historiale** Wallace Klippert Ferguson, John Gordon Rowe, W. H. Stockdale, 1971 *Florilegium historiale* , 1971 *Florilegium Historiale; Essays Presented to Wallace K. Ferguson. Editors: J.G. Rowe (And) W.H. Stockdale* , 1971 **Florilegium Historiale** J. G. Rowe, W. H. Stockdale, Univ. Toronto Press University Western, 1971 **Bacon: The History of the Reign of King Henry VII and Selected Works** Francis Bacon, 1998-02-19 This is a major student edition of the text described as the first modern classic of English history Bacon's penetration into human motives his life long experience of politics and government and his remarkable literary skills render this History of the Reign of King Henry VII a major work of English literature and an important document in the history of political thought The introduction places Bacon's History in the context of Renaissance historiography revealing its debt to Tacitus and shows Bacon's originality in re-ordering traditional material to make a coherent psychological analysis of the King's actions In addition to the usual series features and supporting contextual material including relevant Essays by Bacon generous editorial footnotes explain the historical and political issues of the reign of Henry VII and a substantial glossary clarifies Bacon's rich but sometimes unfamiliar vocabulary **Mary Magdalene and the Drama of Saints** Theresa Coletti, 2013-11-15 A sinner saint who embraced then renounced sexual and worldly pleasures a woman who through her attachment to Jesus embodied both erotic and sacred power a symbol of penance and an exemplar of contemplative and passionate devotion perhaps no figure stood closer to the center of late medieval debates about the sources of spiritual authority and women's contribution to salvation history than did Mary Magdalene and perhaps nowhere in later medieval England was cultural preoccupation with the Magdalene stronger than in fifteenth century East Anglia Looking to East Anglian texts including the N Town Plays The Book of Margery Kempe The Revelations of Julian of Norwich and Bokenham's Legend of Holy Women Theresa Coletti explores how the gendered symbol of Mary Magdalene mediates tensions between masculine and feminine spiritual power institutional and individual modes of religious expression and authorized and unauthorized forms of revelation and sacred speech Using the Digby play Mary Magdalene as her touchstone Coletti engages a wide variety of textual and visual resources to make evident the discursive and material ties of East Anglian dramatic texts and feminine religion to broader traditions of cultural commentary and representation In bringing the disciplinary perspectives of literary history and criticism gender studies and social and religious history to bear on specific local instances of dramatic practice Mary Magdalene and the Drama of Saints highlights the relevance of Middle English dramatic discourse to the dynamic religious climate of late medieval England In doing so the book decisively challenges the marginalization of drama within medieval English studies elucidates vernacular theater's kinship with influential late medieval religious texts and institutions and articulates the changing possibilities for sacred representation in the decades before the Reformation **Guillaume Budé and Humanism in the Reign of Francis I** David O. McNeil, 1975 **Venice Triumphant** Elisabeth

Crouzet-Pavan,2005-03-23 A group of senior citizens decide to move in together in *All Together* a French language comedy from director Stephanie Robelin When Claude Claude Rich suffers an injury while trying to climb steps in order to meet a woman for a liaison he and his friends who are all suffering from some age related malady decide to move in together and hire a graduate student to look out for them Among the new co tenants are the senile Albert Pierre Richard and his wife the outgoing Jeanne Jane Fonda who herself is fighting cancer Also living with them is Jean Guy Bedos a onetime social crusader who enjoys the wealth he s acquired with his wife Annie Geraldine Chaplin who wants nothing more than to visit with her children and grandchildren As they adjust to their new living arrangements old jealousies and hurts resurface forcing everyone to reconsider how they want to spend their golden years Perry Seibert Rovi Humanists and Holy Writ Jerry H. Bentley,2018-06-05 Focusing on the work of Lorenzo Valla the Spanish Complutensian scholars and Erasmus of Rotterdam this book examines the New Testament studies of the Renaissance humanists rather than their more frequently studied religious moral and political thought Jerry H Bentley shows that the humanists brought about a thorough reorientation in the Western tradition of New Testament studies He finds that the humanists methods both anticipated and influenced later New Testament scholarship The humanists rejected the medieval practice of studying the New Testament only in Latin translation and interpreting it in accordance with preconceived theological criteria Instead they insisted that New Testament studies be based on the original Greek text and they employed linguistic historical and philological criteria in explaining the scriptures This study rests on an analysis of the New Testament manuscripts that the humanists consulted and of the New Testament editions translations annotations and commentaries that they prepared *Politics, Patriotism and Language* William J. Landon,2005 Niccol Machiavelli may not have been a cynical realist as he is often portrayed On the contrary this book argues that he precociously possessed the characteristics of an impassioned sometimes misguided idealist obsessed with the idea of Italian unification but blinded to the practicalities of attaining that goal William J Landon suggests that these characteristics may help to explain his appeal to Italy s Risorgimento founders This interdisciplinary volume which also contains the first translation of a Discourse or Dialogue Concerning our Language since 1961 works well as a core text or as a complement to courses in Renaissance history literature or political science *Essaying Montaigne* John O'Neill,2001-01-01 John O'Neill reads Montaigne s Essays from the principle of friendship as a communicative and pedagogical practice in society literature and politics He shows how subjectivity is shaken by its internal weakness once we move inside the structure of domination in politics gender and race **Italian Renaissance Humanism in the Mirror** Patrick Baker,2015-09-29 This important study takes a new approach to understanding Italian Renaissance humanism based not on scholarly paradigms or philosophical concepts but on a neglected yet indispensable perspective the humanists understanding of themselves Through a series of close textual studies Patrick Baker excavates what humanists thought was important about humanism how they viewed their own history what goals they enunciated what triumphs they celebrated in short he attempts to reconstruct humanist identity

What emerges is a small coherent community dedicated primarily not to political ideology a philosophy of man an educational ethos or moral improvement but rather to the pursuit of classical Latin eloquence Grasping the significance this stylistic ideal had for the humanists is essential to understanding both their sense of themselves and the importance they and others attached to their movement For eloquence was no mere aesthetic affair but rather appeared to them as the guarantor of civilisation itself

Making Mathematical Culture Richard J. Oosterhoff, 2018-07-25 In 1503 for the first time a student in Paris was able to spend his entire university career studying only the printed textbooks of his teacher thanks to the works of the humanist and university reformer Jacques Lefèvre d'Étaples c 1455-1536 As printed books became central to the intellectual habits of following generations Lefèvre turned especially to mathematics as a way to renovate the medieval university *Making Mathematical Culture* argues this was a pivotal moment in the cultural history of Europe and explores how the rise of the printed book contributed to the growing profile of mathematics in the region Using student manuscripts and annotated books *Making Mathematical Culture* offers a new account of printed textbooks as jointly made by masters and students and how such collaborative practices informed approaches to mathematics

Introducing Nicholas of Cusa Bellitto, Christopher M., Izbicki, Thomas M., Christianson, Gerald, 2004 A primer on the vocabulary ideas and works of this leading Renaissance thinker of the fifteenth century who wrote on everything from papal politics to astronomy to interreligious dialogue

Civic Ritual in Renaissance Venice Edward Muir, 2020-07-21 Venice's reputation for political stability and a strong balanced republican government holds a prominent place in European political theory Edward Muir traces the origins and development of this reputation paying particular attention to the sixteenth century when civic ritual in Venice reached its peak He shows how the ritualization of society and politics was an important reason for Venice's stability Influenced in part by cultural anthropology he establishes and applies to Venice a new methodology for the historical study of civic ritual

The Early Tudor Court and International Musical Relations Theodor Dumitrescu, 2017-07-05 Since the days in the early twentieth century when the study of pre-Reformation English music first became a serious endeavour a conceptual gap has separated the scholarship on English and continental music of the late fifteenth and early sixteenth centuries The teaching which has informed generations of students in influential textbooks and articles characterizes the musical life of England at this period through a language of separation and conservatism asserting that English musicians were largely unaware of and unaffected by foreign practices after the mid-fifteenth century The available historical evidence nevertheless contradicts a facile isolationist exposition of musical practice in early Tudor England The increasing appearance of typically continental stylistic traits in mid-sixteenth century English music represents not an arbitrary and unexpected shift of compositional approach but rather a development prefaced by decades of documentable historical interactions Theodor Dumitrescu treats the matter of musical relations between England and continental Europe during the first decades of the Tudor reign c 1485-1530 by exploring a variety of historical social biographical repertorial and intellectual links In the first

major study devoted to this topic a wealth of documentary references scattered in primary and secondary sources receives a long awaited collation and investigation revealing the central role of the first Tudor monarchs in internationalizing the royal musical establishment and setting an example of considerable import for more widespread English artistic developments By bringing together the evidence concerning Anglo continental musical relations for the first time along with new documents and interpretations concerning musicians music manuscripts and theory sources the investigation paves the way for a new evaluation of English musical styles in the first half of the sixteenth century

The Virtues of Economy James A.

Palmer,2019-12-15 The humanist perception of fourteenth century Rome as a slumbering ruin awaiting the Renaissance and the return of papal power has cast a long shadow on the historiography of the city Challenging this view James A Palmer argues that Roman political culture underwent dramatic changes in the late Middle Ages with profound and lasting implications for city s subsequent development The Virtues of Economy examines the transformation of Rome s governing elites as a result of changes in the city s economic political and spiritual landscape Palmer explores this shift through the history of Roman political society its identity as an urban commune and its once and future role as the spiritual capital of Latin Christendom Tracing the contours of everyday Roman politics The Virtues of Economy reframes the reestablishment of papal sovereignty in Rome as the product of synergy between papal ambitions and local political culture More broadly Palmer emphasizes Rome s distinct role in evolution of medieval Italy s city communes

Religion and Devotion in

Europe, C.1215- C.1515 Robert Norman Swanson,1995-06-29 Underlying the discussion are basic questions about the format of medieval religious experience ranging from the nature of authority to the relationship between priests and laity and how far it is actually possible to talk of a monolithic catholicism

Girl Culture in the Middle Ages and Renaissance Deanne Williams,2023-06-01 Deanne Williams offers the very first study of the medieval and early modern girl actor Whereas previous histories of the actress begin with the Restoration this book demonstrates that the girl is actually a well documented category of performer and a key participant in the drama of the Middle Ages and Renaissance It explores evidence of the girl actor in archival records of payment eyewitness accounts stage directions paintings and in the plays and masques that were explicitly composed for girls and in some cases by them Contradicting previous scholarly assumptions about the early modern stage as male dominated this evidence reveals girls participation in medieval religious drama Tudor civic pageants and royal entries Elizabethan country house entertainments and Stuart court and household masques This book situates its historical study of the girl actor within the wider contexts of girl culture including girls as singers translators and authors By examining the impact of the girl actor on constructions of girlhood in the work of Shakespeare whose girl characters register and evoke the power of the performing girl *Girl Culture in the Middle Ages and Renaissance* argues that girls dramatic musical and literary performances actively shaped medieval and early modern culture It shows how the active presence and participation of girls shaped medieval and Renaissance culture and it reveals how some of its best known literary and

dramatic texts address represent and reflect upon girl children not as an imagined ideal but as a lived reality

The Enigmatic Realm of **Florilegium Historiale Essays Presented To Wallace K Ferguson**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Florilegium Historiale Essays Presented To Wallace K Ferguson** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
