Flowers From The Ark True Stories From The Homes Of Larche:

Flowers from the Ark Christella Buser,1996 This book gathers stories from the homes of L Arche the worldwide ministry for developmentally disabled adults founded by Jean Vanier Genius Born of Anguish: The Life and Legacy of Henri Nouwen Michael W. Higgins,Kevin Burns,2014-05-14 An intimate look at this important spiritual writer s life enriched with the personal accounts of some of the people closest to him friends family and colleagues A twelve page photo section is included **Tender to the World** Carolyn Whitney-Brown,2019-10-16 Jean Vanier s spiritual vision and sense of humour shaped L Arche but the organization was also informed by its surprising history with the United Church of Canada In *Tender to the World* Carolyn Whitney Brown explores the connections between the two organizations through diverse critical insights from Julia Kristeva Doreen Massey and Mikhail Bakhtin as well as Vanier s controversial articulation of the gift of weakness Tracing the five decade relationship between L Arche and the United Church alongside evolving disability theories Whitney Brown examines both the fundamental importance of stories and the agency of people with intellectual disabilities Inversion a transformative overturning of expectations in social interactions can be upsetting or exciting challenging or inspiring she argues This book offers a fresh look at how L Arche and the United Church have worked to break down walls of difference illuminating how each tenders something unexpected to the other and to the world At a time when many are seeking new visions for society the long and complex relationship between Canada s largest Protestant denomination and L Arche offers both encouragement and a deeper way to approach questions of living in diverse communities *ChildDance* Diane Lynch Fraser,2000 Imagine there is no one in the world with whom you can communicate All your attempts to reach out and make sense in the world are thwarted because there is no one who understands your language This is a normal event in child development Yet the child with disabilities has less adaptive skills than other children her age Attempts are more frustrating To make matters worse the whole circle of communication between adult and child becomes thwarted as parents and therapists instead of reading nonverbal cues accurately misjudge them and send the whole communication circle spiraling downward The character the pacing the whole theatre of our play and movement with young children is extremely important As we believe children must learn to speak we adults parents and therapists must learn to play It s not that adults are not well meaning Very many are It s just that most adults have no idea how to be in the child s preverbal world It is to this preverbal task that *ChildDance* is addressed It describes one therapist s encounter with six different children with special needs how child development theory and practice is woven together to form a fabric for preverbal communication
