Francis Joseph:

The life of the emperor Francis Joseph Francis Henry Gribble,2024-12-01 In order to clear the way and set the stage for the drama of the Emperor Francis Joseph s life we must go back to the dissolution of that Holy Roman Empire of which the Emperor of Austria was at the end the titular head Happily we have not very far to go The Holy Roman Empire in fact as a cynic has said neither Holy nor Roman and scarcely worthy to be called an Empire collapsed in the Napoleonic wars The Battle of the Nations at Leipzig the world s earthquake at Waterloo the Congress of Vienna none of these things availed to set the Holy Roman Empire on its feet again **Francis Joseph** Steven Beller,1996 This impressive study is a portrait of a major figure of historical interest and an essay on the nature of power Francis Joseph Eugene Szekeres Bagger,1927

Diversiory War Amy Oakes, 2012-10-03 The very existence of diversionary wars is hotly contested in the press and among political scientists Yet no book has so far tackled the key questions of whether leaders deliberately provoke conflicts abroad to distract the public from problems at home or whether such gambles offer a more effective response to domestic discontent than appeasing opposition groups with political or economic concessions *Diversiory War* addresses these

questions by reinterpreting key historical examples of diversionary war such as Argentina's 1982 Falklands Islands invasion and U S President James Buchanan's decision to send troops to Mormon Utah in 1857 It breaks new ground by demonstrating that the use of diversionary tactics is at best an ineffectual strategy for managing civil unrest and draws important conclusions for policymakers identifying several new and sometimes counterintuitive avenues by which embattled states can be pushed toward adopting alternative political social or economic strategies for managing domestic unrest

Manfred Stelzer, 2022-12-01 This book shows how the Austrian Constitution has been shaped and interpreted by the fundamental events in Austria's modern history At the same time it emphasises the way in which the Constitution establishes a parliamentary system with additional presidential features limited in turn by Austria's federal structure and the parliaments of nine states It charts the history and character of the constitution the political structure the legislative and executive branches of the federal government public bodies jurisdiction and fundamental Rights This new edition explores the changing political landscape particularly the development of a more competitive party system It also looks at the response to COVID and the jurisprudence of the Austrian Constitutional Court in the face of the curtailment of rights in order to curb the pandemic Offering the trademark combination of clarity of explanation and rigour of analysis that defines the series this is an excellent guide to a fascinating constitutional structure

The Limits of Loyalty Laurence Cole, Daniel L. Unowsky, 2007 The overwhelming majority of historical work on the late Habsburg Monarchy has focused primarily on national movements and ethnic conflicts with the result that too little attention has been devoted to the state and ruling dynasty This volume is the first of its kind to concentrate on attempts by the imperial government to generate a dynastic oriented state patriotism in the multinational Habsburg Monarchy It examines those forces in state and society which tended toward the promotion of state unity and loyalty towards the ruling house These essays all original contributions and written by an international group of historians provide a critical examination of the phenomenon of dynastic patriotism and offer a

richly nuanced treatment of the multinational empire in its final phase *Commonwealth Of Australia Gazette*
