Francis Ponge:

Francis Ponge Ian Higgins, 1979 There are three reasons why this book the first on Ponge published in Britain is neither chronological nor generic First the volumes Ponge has published gather texts covering a wide period Second as Ponge points out poetry and theory are often inseparable in his work Third the suppositions and aims underlying Ponge's work have remained consistent from earliest days The particular forms their expression has taken have evolved and different aspects have at different times been uppermost yet Ponge's texts often contain echoes of or references to earlier texts and no one manner has ever supplanted any other For concision as well as coherence this is a synthetic thematic study taking technique as a theme in this respect indicating developments or variations under the different thematic heads preceded by a brief narrative sketch of Ponge's life and work *Soap* Francis Ponge, Lane Dunlop, 1998 In this work begun during the German occupation the eminent French poet and philosopher began to turn away from the small perfect poem toward a much more open form a kind of prose poem that recounted its own process of coming into being along with the final result *Things* Francis Ponge, 1971 **Francis Ponge** Marcel Spada, Francis Ponge, 1979 *Francis Ponge* Francis Ponge, 1994

Francis Ponge Martin Sorrell, 1981 Ten Poems of Francis Ponge Francis Ponge, Robert Bly, 1990 Mute Objects of Expression Francis Ponge, 2008-06-02 Francis Ponge boldly proclaims his poetic goal in *Mute Objects of Expression* To accept the challenge that objects offer to language These objects less chosen than received spontaneously are perceived with inimitable Pongean humor and rendered into glimmering still lifes He gives voice to the often unnoticed aspects of natural objects and beings Shunning familiar poetic modes Ponge forges new visions images drawn from nature from mythology and the classics In this volume springing from the Loire countryside in the early 1940s Ponge's poems recall the violent perfume of the mimosa the cries of carnations and the flirtations of wasps From a small note book his sole supply of paper within the wartime deprivations he composes repeated drafts of an innovative form combining poetry with analysis and impish play Despite the demoralizing clouds of Occupation Ponge wrests a soaring paean to his beloved sliver of Provence **Francis Ponge** Serge Martin, 1994 The Table Francis Ponge, 2017 Written from 1967 to 1973 over a series of early mornings in seclusion in his country home *The Table* offers a final chapter in Francis Ponge's interrogation of the unassuming objects in his life in this case the table upon which he wrote In his effort to get at the presence lying beneath his elbow Ponge charts out a space of silent consolation that lies beyond and challenges scientific objectivity and poetic transport This is one of Ponge's most personal overlooked and because it was the project he was working on when he died his least processed works It reveals the personal struggle Ponge engaged in throughout all of his writing a hesitant uncertainty he usually pared away from his published texts that is at touching opposition to the manufactured durable mother of the table on and of which he here writes Amazon.com Francis Ponge materials Francis Ponge, Michel Peterson, Peter C. News of the Universe Robert Bly, 2015-09-01 Acclaimed poet and translator Robert Bly here assembles a unique cross

cultural anthology that illuminates the idea of a larger than human consciousness operating in the universe The book's 150 poems come from around the world and many eras from the ecstatic Sufi poet Rumi to contemporary voices like Kenneth Rexroth Denise Levertov Charles Simic and Mary Oliver Brilliant introductory essays trace our shifting attitudes toward the natural world from the old position of dominating or denigrating nature to the growing sympathy expressed by the Romantics and American poets like Whitman and Dickinson Bly's translations of Neruda Rilke and others along with superb examples of non Western verse such as Eskimo and Zuni songs complete this important provocative anthology *The Making of the Pre* by Francis Ponge Francis Ponge, 1982-10-01 **Francis Ponge and the Nature of Things** Patrick Alan Meadows, 1997 One of the most significant French poets of the twentieth century Francis Ponge is treated in this study The fundamental role of atomistic philosophy in Ponge's writings especially as expressed in Lucretius's *De Rerum Natura* is discussed Meadows is the first author to examine Ponge's writings in a book length study Francis Ponge Serge Koster, 1983 *The Nature of Things* Francis Ponge, 1995 Poetry Translated from the French by Lee Fahnestock First published in 1942 and considered the keystone of Francis Ponge's work *Le parti pris de choses* appears here in its entirety It reveals his preoccupation with nature and its metaphoric transformation through the creative ambiguity of language My immediate reaction to Lee Fahnestock's translation was this must certainly be Ponge's voice in English She gives us his tones rhythms humor and maneuvers his word play with respect and unostentatious discretion Barbara Wright translator of Queneau Pinget Sarraute *The Best American Poetry 2008* Charles Wright, David Lehman, 2008-09-16 An anthology of poetry selected as the best published in magazines and periodicals in 2007 by editor Charles Wright featuring seventy five poems by Carolyn Forché Jorie Graham Louise Glück Alex Lemon and others **The Art Criticism of Francis Ponge** Shirley Ann Jordan, 1994 This study of Francis Ponge's essays on contemporary artists *L'Atelier contemporain* attempts to broaden the popular view of the author as a poet of objects It explores Ponge's perception of art criticism as an inherently problematic genre and exposes the inhibitions surrounding the production of the essays The study demonstrates how Ponge's essays on artists parallel developments in his other works They are seen as instrumental in his movement towards open texts and a stress on the creative process itself as well as opportunities to reaffirm his philosophical and aesthetic stance *Ten Poems of Francis Ponge and Ten Poems of Robert Bly* Francis Ponge, 1990 **Selected Poems** Francis Ponge, 1994 Through translations by two major contemporary poets and a scholar intimate with the Ponge canon this volume offers selections of mostly earlier poetry *Le parti pris des choses* *Pieces* *Proemes* and *Nouveau nouveau recueil* as representative of the strongest work of this modern French master Jacket
