The twentieth century was a time of unprecedented change for organ music not only in its composition and performance but also in the standards of instrument design and building. Organ music was anything but immune to the complex musical intellectual and socio political climate of the time. *Twentieth Century Organ Music* examines the organ's repertory from the entire period contextualizing it against the background of important social and cultural trends. In a collection of twelve essays experienced scholars survey the dominant geographic centers of organ music France the Netherlands Scandinavia the United States and German speaking countries and investigate the composers who made important contributions to the repertory Reger in Germany Messiaen in France Ligeti in Eastern and Central Europe Howells in Great Britain. *Twentieth Century Organ Music* provides a fresh vantage point from which to view one of the twentieth century's most diverse and engaging musical spheres. **Pierre Cochereau** Anthony Hammond, 2012. Described by his teacher Marcel Dupré as a phenomenon without equal in the history of the contemporary organ Pierre Cochereau is considered one of the twentieth century's greatest French organists. This book tells for the first time the full story of his extraordinary life and glittering worldwide career. In 1955 Cochereau was appointed Organiste Titulaire at Notre Dame de Paris where he restored the cathedral's musical glory and oversaw a far reaching and controversial transformation of its organ. As a recitalist he toured South America Australia Asia Canada and Europe in addition to twenty five tours of the United States. He was the first western organist to perform in the former Soviet Union played with many major orchestras under the batons of distinguished conductors participated in numerous music festivals in Europe made over eighty recordings and was one of the founders of the Chartres International Organ Competition. He was honored several times for his achievements including being named an Officer of the Legion of Honor. 1978 A tireless campaigner for standards in music education Cochereau also served as director at many of France's prominent conservatories including Le Mans Lyons and Nice which under his directorship became one of the leading music schools in France. Biographer Anthony Hammond draws from a variety of prominent primary sources notably Marcel Dupré's papers in the Bibliothèque Nationale Paris but also from Cochereau's surviving family and friends and uses recordings and previously overlooked archive films in the Institut National de l'Audiovisuel France to construct this definitive account and critical appraisal of one of France's most distinguished organists. Anthony Hammond is an English concert organist improviser and musicologist who specializes in French Romantic and twentieth century organ music. **Continuum Encyclopedia of**
