

without discussion, the opinion of other scholars who have dealt with the question.¹ An argument for accepting the earlier date, 1517, can be supported partly by reference to two of the letters of Erasmus (who was then in Louvain, but plainly had read the work). One, to Glareanus,² is dated firmly by Erasmus 'An. M.D. 18 15 Cal Febr' (January 18, 1518) and the other, to Edward Lee,³ in which he refers to the 'libellum Fabri novum' in such a way as to make it plain that this is the *De Maria Magdalena*, is thought by Allen to be of very similar date.

Mrs. Porrer has found a further reference by Beda, in his *Scholastica Doctrina*, dated by the printer November 25, 1519, in which he says that the efforts of Lefèvre and his circle to overthrow church traditions about Mary Magdalen have now been going on 'his duobus proxime annis' (fol. a ii r^o). This brings us to the still earlier date of in or near early November 1517.

This book appears at a time when interest in Lefèvre d'Étaples is undoubtedly increasing. It will be an essential volume for anyone working seriously on Lefèvre, and its presentation will make it a very practical tool for scholars in many related fields in the late fifteenth and early sixteenth centuries.

François Hotman. *Franco gallia*. Latin text by Ralph E. Giesey. Translated by J. H. M. Salmon. (Cambridge Studies in the History and Theory of Politics.) Cambridge-New York: Cambridge University Press, 1972. 581 pp. \$37.50.

The near-simultaneous publication of this volume and Donald R. Kelly's *François Hotman: A Revolutionary's Ordeal* (Princeton University Press, 1973) would seem to indicate a revival of interest in the career and writings of this important Huguenot jurist. Although Hotman produced many ponderous legal treatises, was a recognized authority on many elements of juristic scholarship, and was at least cognizant of the many maneuvers through which the Huguenot minority sought to gain control of the French realm, he is chiefly remembered as the author

Francogallia François Hotman, Ralph E. Giesey, 2010-06-10 For at least two centuries after its first appearance in 1573 Hotman's *Francogallia* influenced the way in which men regarded the European past and appraised the validity of political institutions The intricate collation of the variorum Latin readings by Professor Giesey here demonstrates that nearly half the complete work consists of material added by Hotman to later editions in such a manner as substantially to modify the argument and balance of the original *Francogallia* This definitive Latin edition contains a facing English translation by Professor Salmon and a joint introduction in which the editors discuss the genesis and development of the text which can no longer be regarded as written in response to the massacre of St Bartholomew The editors analyse the discordant elements in Hotman's thought as his Calvinist background his fundamentalism in both constitutional and religious doctrine and his ambivalent attitude to his profession as an eminent jurist

Francogallia François Hotman, 1972 *Apology for the Woman Writing and Other Works* Marie le Jars de Gournay, 2007-11-01 During her lifetime the gifted writer Marie le Jars de Gournay 1565-1645 was celebrated as one of the seventy most famous women of all time in Jean de la Forge's Circle of Learned Women 1663 The adopted daughter of Montaigne as well as his editor Gournay was a major literary force and a pioneering feminist voice during a tumultuous period in France This volume presents translations of four of Gournay's works that address feminist issues Two of these appear here in English for the first time The Promenade of Monsieur de Montaigne and The Apology for the Woman Writing One of the first modern psychological novels the best selling Promenade was also the first to explore female sexual feeling With the autobiographical Apology Gournay defended every aspect of her life from her moral conduct to her household management The book also includes Gournay's last revisions 1641 of her two best known feminist treatises The Equality of Men and Women and The Ladies Complaint The editors provide a general overview of Gournay's career as well as individual introductions and extensive annotations for each work

The Writing of History and the Study of Law Donald R.
