God Inside the Fire Greg Stelley, 2018-03-31 There's one thing I know for certain That night something impossible happened up on that mountain Eternity broke through Kathy and Joni were neighbors who became best friends as the years passed and their children grew Kathy and her physicist husband Frank held a pure allegiance to science Joni and I held only a bold belief in God Then came the fire The last six cataclysmic days of October 2003 brought human tragedies in greater number than any firestorm in San Diego's history Thousands of firefighters drove into the enormous inferno to defend what they could but nothing could stop that fire That night as legions of horrified homeowners fled for their lives flames the size of skyscrapers began burning directly below Kathy and Frank's five acre horse ranch With the situation becoming more hopeless by the minute Joni and our 9 year old daughter each prayed for a miracle On Tuesday evening October 28th 2003 high up in the Cuyamaca Mountains of San Diego deep within the fiery furnace of the Cedar Fire there was a colossal manifestation of God's presence It transformed all of our lives Both families were shaken by what we saw it staggered every one of us believer and nonbeliever alike It will be the same for you should you decide to come along There are no words to describe how this book affected me If you are a believer then this book will only reinforce that Miracles do happen everyday and that God is always not only with us but listening to our prayers If you are a non believer then you should read this and see if you can explain the unexplainable Love True Stories especially when they are about miracles of God A simple BEAUTIFUL read Happy ending God is GOOD Amazing story and it's true I could hardly put it down cried laughed cheered all the way through It's extremely well written All I can say is this is a wonderful true story A must read for everyone not just believers I cried and cried as I read this powerful true story If you are in need of encouragement to give you hope on the journey that The Lord has called you on this book will certainly be beneficial I highly recommend it If you don't believe in miracles read this book If you believe in miracles read this book An incredible story of faith prayer and God's sovereign power over nature A powerful awe inspiring book God is the same yesterday today and forever He is almighty and is in control of all things Glory to his name this book is a little slow at first but I can truly say that it changed my life I am a Christian and have always believed in God's power and His miracles but I have never really seen or

heard of any to this extent God is real and He is in control of everything Thank you Greg for writing this book I really needed it Especially now I ve read hundreds of books of all kinds and this is clearly one of the best and most interesting books I have read in years I loved it from start to finish kept me reading and finished it in 2 days I loved this book This is a must read for any one who is willing to open their mind to how great God is and how great His love is This is a true story that boggles the mind when God does something that there is no explanation of how He did it nor any natural explanation of of how it could have happened If you are looking for proof that there is a God and that He works in the affairs of mankind then read this book

Deep Truth Gregg Braden, 2011-10-15 *Deep Truth* reveals new discoveries that change the way we think about everything from our personal relationships to civilization itself When the facts become clear our choices become obvious

THE CRISIS Best selling author and visionary scientist Gregg Braden suggests that the hottest topics that divide us as families cultures and nations seemingly disparate issues such as war terrorism abortion genocide poverty economic collapse climate change and nuclear threats are actually related They all stem from a worldview based upon the false assumptions of an incomplete science

THE HISTORY The obsolete beliefs of our modern worldview have brought us to the brink of disaster and the loss of all that we cherish as a civilization Our reluctance to accept new discoveries about our relationship to the earth one another and our ancient past keeps us locked into the thinking that has led to the crises threatening our lives today

THE FACTS The scientific method allows for and expects new information to be revealed and assimilated into our existing beliefs It is the updating of scientific knowledge with the new facts from new discoveries that is the key to keeping science honest current and meaningful To continue teaching science that is not supported by the new discoveries ones based upon accepted scientific methods is not in fact scientific But this is precisely what we see happening in traditional textbooks classrooms and the media today

THE OPPORTUNITY Explore for yourself the discoveries that change 150 years of scientific beliefs yet are still not reflected in mainstream thinking including evidence of advanced near ice age civilizations the origin of and reasons for war in our ancient past and why it may become obsolete in our time and the false assumptions of human evolution and of the Darwinian theory Let the strongest live and the weakest die and how this plays out in corporations societies and warfare today
