Frank Henderson's Easter Rising Recollections Of A Dublin Volunteer Irish Narratives Series:

Frank Henderson's Easter Rising Frank Henderson, 1998 In an engaging family memoir Frank Henderson who became Commandant of the Second Battalion of Irish Volunteers reveals the influence of his parents and the Christian Brothers in molding his militancy and pride in Irish culture

A Viceroy's Vindication? Sir Henry Sidney, 2002 Three times Viceroy Sir Henry Sidney was a key figure in the Elizabethan conquest of Ireland Sidney's account of his public career in Ireland written in the winter of 1582-3 is one of the earliest political memoirs in English literature It is unique among early memoirs in its size richness of detail and apparent fidelity to the factual record Composed in plain prose and consciously shorn of decoration and classical allusion his narrative presents an individual with attitudes and preoccupations at odds with the zealous advocates of military conquest and religious oppression so often portrayed by historians By exploring its emphases omissions and deviations from the recorded sequence of events the editor's introduction reveals a surprisingly complex set of Elizabethan perceptions and prejudices about Ireland This memoir last edited for publication in the mid nineteenth century is an essential source for the study of the English in Ireland

'As I was Among the Captives' Joseph Campbell, 2001 Joseph Campbell 1879-1944 was a talented poet reared in Catholic Belfast who became a pioneer of Irish Studies in the United States His reputation as an Irish Irelander was gained in London but in 1921 he settled outside Dublin and soon became active in radical nationalism In the revolutionary years he became a republican justice and local councillor in Co Wicklow Having opposed the Anglo Irish Treaty he was arrested in Bray spending the entire Civil War interned in Mountjoy and Tintown on the Curragh Campbell's voluminous diaries cannily concealed from his captors provide much more than a chronicle of events and experiences Being the work of a skilled writer and acute observer they offer revealing cameos of his republican colleagues vivid notes of personal conversations and imaginative reflections on the psychological effects of incarceration Sympathetically edited by another distinguished poet and scholar this selection from his diaries will fascinate all students of the Irish Civil War

Those of Us Who Must Die Derek Molyneux, Darren Kelly, 2017-11-10 The 1916 Rising is one of the most documented and analysed episodes in Ireland's turbulent history Often overlooked however is its immediate aftermath This significant window in the narrative of Irish revolutionary history which saw the rebirth of the Volunteers and laid the foundations for the War of Independence is usually covered as a footnote or from the biographical standpoints of the leaders Picking up where the authors acclaimed account of the Rising When the Clock Struck in 1916 left off we join the men and women of the Rising in the dark abyss of defeat The leaders poignant final hours and violent ends are laid bare but the perspective of those with the unpalatable task of carrying out the executions is also revealed rectifying a historic disservice to those who reluctantly formed the firing squads While the prisoners in Dublin awaited their grisly fates others were deported in stinking cattle boats to camps in England and Wales When they returned it was to a jubilant welcome in a radically changed country The gruesome death of Thomas Ashe in September 1917 after being force fed in Mountjoy Prison

became a marshalling point for the republican movement as his funeral saw Volunteers once again assembled in uniform on Dublin's streets. The next phase of the struggle was born under new leaders who had graduated from the internment camps known as Republican Universities, ready and eager to fill the void left by the executed visionaries. The authors sifted through thousands of first-hand accounts of the suffering endured when ordinary people set out to change history. Their stirring account will transport readers into life as it looked, sounded, and even smelt to those taking part in this crucial juncture of our history.

The Civil War in Dublin John Dorney, 2017-06-17 The start of the Irish Civil War was signalled by the artillery bombardment of the Four Courts in Dublin on 28 June 1922. A week later the Four Courts was gutted and O'Connell Street a smouldering ruin, but the anti-Treaty IRA was driven from the city. Most accounts of the fighting in Dublin end there. The Civil War in Dublin reveals the complete, shocking story of Ireland's capital during the ten-month guerrilla war that followed a ruthless and bitter cycle of execution, outrage, and revenge. The strategy of the anti-Treaty forces, often ignored or dismissed in previous histories, is brought to the fore. Dorney's exacting research provides total insight into how the city of Dublin operated under conditions of disorder and bloodshed, how civilians and guerrilla fighters controlled the streets, the patterns of IRA violence, and National Army counter-insurgency alternated, and for the first time how the pro-Treaty Murder Gang emerged from Michael Collins's IRA Intelligence Department, the Squad, with devastating effect. The Civil War in Dublin brings the chaos of these years to life through meticulous detail, revealing unsettling truths about the extreme actions taken by a burgeoning Irish Free State and its anti-Treaty opponents.

Spiritual Wounds Síobhra Aiken, 2022-03-01 This book challenges the widespread scholarly and popular belief that the Irish Civil War, 1922-1923, was followed by a traumatic silence. It achieves this by opening an alternative archive of published testimonies which were largely produced in the 1920s and 1930s; testimonies written by pro and anti-Treaty men and women in both English and Irish. Nearly all have eluded sustained scholarly attention to date. However, the act of smuggling private, painful experience into the public realm, especially when it challenged official memory-making or even forgetting, demanded the cautious deployment of self-protective narrative strategies. As a result, many testimonies from the Irish Civil War emerge in non-conventional, hybridised, and fictionalised forms of life-writing. This book re-introduces a number of these testimonies into public debate. It considers contemporary understandings of mental illness and how a number of veterans, both men and women, self-consciously engaged in projects of therapeutic writing as a means to heal the spiritual wounds of civil war. It also outlines the prevalence of literary representations of revolutionary sexual violence, challenging the assumptions that sexual violence during the Irish revolution was either rare or hidden.
