Frank J North Pawnee Scout Commander And Pioneer:

Frank J. North, Pawnee Scout Commander and Pioneer Ruby Esther Wilson, 1984 This book tells of the life of Frank J North who first pioneered cattle ranching in Nebraska's Great Sandhill Grassland and earlier has been the organizer and commander of the renowned Pawnee Scouts of the regular U S Army The Pawnees of Nebraska Territory serving under North's command variously as a battalion of four companies and in smaller numbers of companies were the first Indians to be regimented by the government

Grinnell: America's Environmental Pioneer and His Restless Drive to Save the West John Taliaferro, 2019-06-04 Winner National Outdoor Book Award History Biography Longlisted PEN Jacqueline Bograd Weld Award for Biography Before Rachel Carson there was George Bird Grinnell the man whose prophetic vision did nothing less than launch American conservation George Bird Grinnell the son of a New York merchant saw a different future for a nation in the thrall of the Industrial Age With railroads scarring virgin lands and the formerly vast buffalo herds decimated the country faced a crossroads Could it pursue Manifest Destiny without destroying its natural bounty and beauty The alarm that Grinnell sounded would spark America's conservation movement Yet today his name has been forgotten an omission that John Taliaferro's commanding biography now sets right with historical care and narrative flair Grinnell was born in Brooklyn in 1849 and grew up on the estate of ornithologist John James Audubon Upon graduation from Yale he dug for dinosaurs on the Great Plains with eminent paleontologist Othniel C Marsh an expedition that fanned his romantic notion of wilderness and taught him a graphic lesson in evolution and extinction Soon he joined George A Custer in the Black Hills helped to map Yellowstone and scaled the peaks and glaciers that through his labors would become Glacier National Park Along the way he became one of America's most respected ethnologists seasons spent among the Plains Indians produced numerous articles and books including his tour de force *The Cheyenne Indians Their History and Ways of Life* More than a chronicler of natural history and indigenous culture Grinnell became their tenacious advocate He turned the sportsmen's journal *Forest and Stream* into a bully pulpit for wildlife protection forest reserves and national parks In 1886 his distress over the loss of bird species prompted him to found the first Audubon Society Next he and Theodore Roosevelt founded the Boone and Crockett Club to promote fair chase of big game His influence among the rich and the patrician provided leverage for the first federal legislation to protect migratory birds a precedent that ultimately paved the way for the Endangered Species Act And in an era when too many white Americans regarded Native Americans as backwards Grinnell's cries for reform carried from the reservation through the halls of Congress all the way to the White House Drawing on forty thousand pages of Grinnell's correspondence and dozens of his diaries Taliaferro reveals a man whose deeds and high mindedness earned him a lustrous peerage from presidents to chiefs Audubon to Aldo Leopold John Muir to Gifford Pinchot Edward S Curtis to Edward H

Harriman Throughout his long life Grinnell was bound by family and sustained by intimate friendships toggling between the East and the West As Taliaferro s enthralling portrait demonstrates it was this tension that wound Grinnell s nearly inexhaustible spring and honed his vision a vision that still guides the imperiled future of our national treasures *In View of the Mountains* Jennifer Patten,2011-06-11 Fort Morgan is a town named for a short lived military fort 1864 1868 but Fort Morgan s history isn t just military it is linked with the movement west with the telegraph and railroads and with gold The history of Fort Morgan may never rival that of Denver or glisten with the same gold dust of the mountain mining towns but this town on the plains was central to the story of the Romantic west connected to the major events of the age Everyone has a history and every place is central to a story What follows is the story from the land of the land on which Fort Morgan would rise

War Party in Blue Mark van de Logt,2012-11-08 Between 1864 and 1877 during the height of the Plains Indian wars Pawnee Indian scouts rendered invaluable service to the United States Army They led missions deep into contested territory tracked resisting bands spearheaded attacks against enemy camps and on more than one occasion saved American troops from disaster on the field of battle In *War Party in Blue* Mark van de Logt tells the story of the Pawnee scouts from their perspective detailing the battles in which they served and recounting hitherto neglected episodes Employing military records archival sources and contemporary interviews with current Pawnee tribal members some of them descendants of the scouts Van de Logt presents the Pawnee scouts as central players in some of the army s most notable campaigns He argues that military service allowed the Pawnees to fight their tribal enemies with weapons furnished by the United States as well as to resist pressures from the federal government to assimilate them into white society According to the author it was the tribe s martial traditions deeply embedded in their culture that made them successful and allowed them to retain these time honored traditions The Pawnee style of warfare based on stealth and surprise was so effective that the scouts commanding officers did little to discourage their methods Although the scouts proudly wore the blue uniform of the U S Cavalry they never ceased to be Pawnees The Pawnee Battalion was truly a war party in blue

Thunder and Herds Lawrence L Loendorf,2016-07-22 This volume is the first summary and synthesis of the rock art of the American High Plains from Archaic times to the historic period linked to holistic archaeological research in the region

Gifts from the Thunder Beings Roland Bohr,2014-05-01 *Gifts from the Thunder Beings* examines North American Aboriginal peoples use of Indigenous and European distance weapons in big game hunting and combat Beyond the capabilities of European weapons Aboriginal peoples ways of adapting and using this technology in combination with Indigenous weaponry contributed greatly to the impact these weapons had on Aboriginal cultures This gradual transition took place from the beginning of the fur trade in the Hudson s Bay Company trading territory to the treaty and reserve period that began in Canada in the 1870s Technological change and the effects of European contact were not uniform throughout North America as Roland Bohr illustrates by comparing the northern Great Plains and the Central Subarctic two adjacent but environmentally different regions of North

America and their respective Indigenous cultures Beginning with a brief survey of the subarctic and Northern Plains environments and the most common subsistence strategies in these regions around the time of contact Bohr provides the context for a detailed examination of social spiritual and cultural aspects of bows arrows quivers and firearms His detailed analysis of the shifting usage of bows and arrows and firearms in the northern Great Plains and the Central Subarctic makes *Gifts from the Thunder Beings* an important addition to the canon of North American ethnology "Nebraskans," 1854-1904 Omaha Bee,1904 *Soul of a People* David A. Taylor,2010-04-15 *Soul of a People* is about a handful of people who were on the Federal Writer s Project in the 1930s and a glimpse of America at a turning point This particular handful of characters went from poverty to great things later and included John Cheever Ralph Ellison Zora Neale Hurston Richard Wright and Studs Terkel In the 1930s they were all caught up in an effort to describe America in a series of WPA guides Through striking images and firsthand accounts the book reveals their experiences and the most vivid excerpts from selected guides and interviews Harlem schoolchildren truckers Chicago fishmongers Cuban cigar makers a Florida midwife Nebraskan meatpackers and blind musicians Drawing on new discoveries from personal collections archives and recent biographies a new picture has emerged in the last decade of how the participants individual dramas intersected with the larger picture of their subjects This book illuminates what it felt like to live that experience how going from joblessness to reporting on their own communities affected artists with varied visions as well as what feelings such a passage involved shame humiliation anger excitement nostalgia and adventure Also revealed is how the WPA writers anticipated and perhaps paved the way for the political movements of the following decades including the Civil Rights movement the Women s Right movement and the Native American rights movement *Nebraska History* Addison Erwin Sheldon,James Lee Sellers,James C.
