Victoria Frankenstein's Monster Nikki Jackson ,2025-09-02 A bold and haunting reimaging of Mary Shelley's masterpiece where Frankenstein is a woman and the monster she creates is her greatest undoing In the shadowed halls of the 19th century Victoria Frankenstein refuses to let the boundaries of science remain untested Brilliant relentless and dangerously ambitious she dares to grasp the secret of life itself But her triumph brings forth not glory but horror a creature stitched from death and driven by a desperate hunger for connection What begins as an act of discovery spirals into a battle between creator and creation as Victoria's ambition gives rise to something she cannot control The monster rejected and tormented demands a companion Victoria torn between guilt and dread must face the terrible cost of her experiment and the thin line that separates genius from monstrosity From candlelit laboratories to storm lashed landscapes Victoria Frankenstein's Monster resurrects the Gothic heart of Shelley's original tale Dark atmospheric and compelling it asks the timeless question when humanity dares to master life and death who truly bears the weight of the consequences the creature or the creator A Gothic masterpiece that examines what happens when a woman dares to play God and discovers she has created a monster
