**Initiation Into Hermetics** Franz Bardon, 2014-06 Initiation into Hermetics is the first and most important of Franz Bardon's works and is rightly regarded as the cornerstone of his entire opus. In contrast to other books on the subject of magic, Bardon focuses his attention on the practical training necessary for all true magical attainment. Using the four elements of fire, water, air, and earth as a foundation, Bardon teaches the student how to master these universal forces in the three worlds of body, soul, and spirit. Bardon leads the student step by step through exercises providing detailed training in the entire arcana of magic from basic techniques in thought control to advanced teachings in astral travel and much more. No other writer has ever developed such a clear, concise, and practical program of magical development. *Franz Bardon*
