Fred Trueman Chris Waters,2011-10-01 Fred Trueman was so much more than a cricketering legend The greatest living Yorkshireman according to Prime Minister Harold Wilson he couldn't help excelling at everything he did whether it was as a hostile fast bowler for Yorkshire and England and the first man to take 300 Test wickets in a career or as a fearlessly outspoken radio summariser for Test Match Special He was famous for regularly spluttering that I don't know what's going off out there as well as for the amount of swearing he managed to incorporate into everyday speech Beloved of cricket crowds who filled grounds to witness his belligerent way of playing the game and nothing but trouble to the cricket authorities Fiery Fred was the epitome of a full blooded Englishman But as Chris Waters reveals in this first full biography behind the charismatic exuberant mask lay a far less self assured man terrified even that his new dog wouldn't like him and whose bucolic version of his upbringing bore no relation to the gritty and impoverished South Yorkshire mining community where he actually grew up Drawing on dozens of new interviews with his Yorkshire colleagues family and friends this life of Fred Trueman will surprise and even shock but also confirm the status of an English folk hero *As It Was* Fred Trueman,2005 The fastest bowler of his and of subsequent generations Fred Trueman tells the story of his career from the

Doghouse Blues Clive Radford, 2021-09-01 Roger Fraser is convinced he is cursed by unforeseen situations constantly bringing his integrity into disrepute especially in social situations His family thinks he is gaff prone but if they could see him in the business arena they would find Roger is an unassailable trouble shooter trampling on Essex boy traders and solving delicate problems with aplomb Join the Fraser family and their assorted band of odd ball friends and work colleagues as our hero steers his way through some tricky situations but nonetheless always seems to get the rough end of the pineapple and ends up licking his wounds in the doghouse

As it was Fred Trueman, 2004 Freddie Trueman is one of the world's great sporting legends The fastest bowler of his and indeed subsequent generations Trueman is still today one of our best loved cricketers This riveting autobiography is his story from his Yorkshire boyhood in the Depression to international cricketing glory It's packed with gloriously funny and refreshingly blunt tales of the life of the junior professional in a 1950s English county cricket team of lugging the entire team's kit from match to match when a journey across country could easily take a whole day to Test glory in the 1960s both at home and abroad It takes in the commentary box Test Match Special Johnners and Bloers and chocolate cake and finally Trueman's trenchant views on today's international cricket circus throwing vs bowling the media frenzy surrounding top sportsmen and women and the nature of modern cricket

Trueman's Tales John Morgan, 2007-11-01 Pays tribute to Fred Trueman one of England's true cricketing heroes This title tells tales that are not only those told by Fred but also embrace the many more tales and memories told about a much loved Yorkshireman It is illustrated with photographs that evocatively recall Fred Trueman at his very best

Edwin Smith: A Life in Derbyshire Cricket Steve Dolman, 2015-08-01 Edwin Smith will almost certainly be the last Derbyshire bowler to take over a thousand first class wickets For 20 summers between 1951 and 1971 he provided the county with a reliable spin option when conditions didn't favour their succession of outstanding seam bowlers In the course of those summers he took 1 217 wickets and scored almost 7 000 runs taking five or more wickets in an innings on 51 occasions Only five men in the club's 145 year history have taken more wickets for the county Now in retirement in the Grassmoor village where he was born Edwin's story is that of a man who gave his life to Derbyshire cricket As well as playing he coached the county side and took thousands of wickets in local league cricket He played his last match at the age of 74 almost 60 years after his first appearance for his village side A

Dominic Malcolm, Jon Gemmell, Nalin Mehta, 2013-10-18 For cricket enthusiasts there is nothing to match the meaningful contests and excitement generated by the game's subtle shifts in play. Conversely huge swathes of the world's population find cricket the most obscure and bafflingly impenetrable of sports. *The Changing Face of Cricket* attempts to account for this paradox. *The Changing Face of Cricket* provides an overview of the various ways in which social scientists have analyzed the game's cultural impact. The book's international analysis encompasses Australia, the Caribbean, England, India, Ireland, South Africa, Sri Lanka, and Zimbabwe. Its interdisciplinary approach allies anthropology, history, literary criticism, political studies, and sociology with contributions from cricket administrators and journalists. The collection addresses historical and contemporary issues such as gender equality, global sports development, the impact of cricket mega events, and the growing influence of commercial and television interests culminating in the Twenty20 revolution. Whether one loves or hates the game, it understands what turns square legs into fine legs or how mid-offs become silly. *The Changing Face of Cricket* will enlighten the reader on the game's cultural contours and social impact and prove to be the essential reader in cricket studies. This book was published as a special issue of *Sport in Society*.

Gentlemen & Players Charles Williams, 2012-09-27 Amateurs versus professionals: a social history and memoir of English cricket from 1953 to 1963. The inaugural Gentlemen v Players first class cricket match was played in 1806, subsequently becoming an annual fixture at Lord's between teams consisting of amateurs, the Gentlemen, and professionals, the Players. The key difference between the amateur and the professional, however, was much more than the obvious one of remuneration. The division was shaped by English class structure: the amateur, who received expenses, being perceived as occupying a higher station in life than the wage-earning professional. The great Yorkshire player Len Hutton, for example, was told he would have to go amateur if he wanted to captain England.

GENTLEMEN v PLAYERS focuses on the final ten years of amateurism and the Gentlemen v Players fixture, starting with Charles Williams' own presence in the amateur Oxbridge teams that included future England captains such as Peter May, Colin Cowdrey, and M. J. K. Smith, and concluding with the abolition of amateurism in 1962, when all first class players became professional. The amateur innings was duly declared closed. Charles Williams, the author of a richly acclaimed biography of Donald Bradman, has penned a vivid social history cum memoir that reveals an attempt to recreate a Golden Age in post-war Britain, one whose expiry exactly coincided with the beginnings of top class one day cricket and a cricket revolution.

A *Cameraman's Tale* Karl Coates, 2013-08-01 I've seen an A-list celebrity making love, been spat at, bricked, attacked, and had a gun pointed at my head. I've been up in a helium balloon and worn a parachute, been down the deepest mine in Europe, covered some riots, avoided several petrol bombs, watched a princess break down, and filmed a junkie shooting up. I've sat in the Prime Minister's kitchen and had a look through his wife's cookbooks, talked to a murderer, a cocaine-fuelled professional footballer, and a dodgy copper, and discussed art with a member of the cabinet and helped look for a lost wig for the secretary of state for Northern Ireland. A missile has locked on to the helicopter I've been flying in. I've watched dead bodies being taken

out of a house and told the wife of an ex president of the USA to eff off I've had a knife pressed against my throat and nearly drowned trying to swim a lake whilst under the influence I've walked an elephant through the town centre been on the lash with some popstars and passed out on the balcony of a five star hotel I've been threatened with arrest got stuck in the mud 400ft down at the bottom of the lake in a submarine drunk tea with Paul Gascoigne and had a documentary I worked on in Panama before nominated for a BAFTA These are just some of Karl Coates fascinating stories A Cameraman's Tale is a compilation of anecdotes from his life during his time spent as a TV news cameraman both with the BBC where he worked for four years and Sky News where he has worked for over 20 years He has travelled the world met the great and the good including kings and queens covered war death and destruction and seen and experienced life like no other Karl was at Lockerbie and he covered Princess Diana's death He was also in Bosnia covering part of the war A decade was spent covering Blair and Mandelson and he has many stories about both most unprintable A Cameraman's Tale gives a behind the scenes insight to the events that the general public see on the news Karl has lived a life like no other and his sometimes humorous and often unbelievable stories create an unmissable collection that will be enjoyed by everyone including fans of books similar to John Snow's Shooting History
