

THE LATE FREDERICK LAMAR MCGHEE
A GREAT ADVOCATE.

WHEN the twenty-nine colored men met at Niagara Falls in 1905 and stemmed the tide of abject surrender to oppression among Negroes, Frederick L. McGhee of St. Paul was a central figure; and he is the first of that faithful group to die. He was born in Mississippi on the eve of the Civil War, educated in Tennessee and studied law with the well-known E. H. Morris

of Chicago. In 1889 he began to practice in St. Paul, and he became, as the years went by, one of the great criminal lawyers of the Northwest.

But McGhee was not simply a lawyer. He was a staunch advocate of democracy, and because he knew by bitter experience how his own dark face had served as excuse for discouraging him and discriminating unfairly against him, he became especially an advocate of the rights of colored men. He stood like a wall against the encroachment of color caste in the Northwest and his influence and his purse were ever ready to help. As a prominent member of the Catholic church and a friend of Archbishop Ireland and others, he was in position to render unusual service.

He died at 51, leaving a widow and one daughter. His pallbearers were among the most prominent men, white and colored,

of St. Paul, and a solemn public memorial service was held afterward.

Those who knew McGhee personally cannot reconcile themselves to his loss. He was to them more than a great and good man—he was a friend.

Fredrick L. McGhee Paul David Nelson, Gerald Robert Vizenor, 2002 Presents the life and accomplishments of the noted African American lawyer Fredrick L. McGhee Paul Nelson, 2017-02-15 The biography of a pioneer in early desegregation anti lynching and civil rights cases and a tireless activist and organizer for African American civil rights *Degrees of Freedom* William D. Green, 2015-05-01 The true story and the black citizens behind the evolution of racial equality in Minnesota He had just given a rousing speech to a packed assembly in St Paul but Frederick Douglass confidant to the Great Emancipator and conscience of the Republican Party was denied a hotel room because he was black This was Minnesota in 1873 four years after the state had approved black suffrage a state where freedom meant being unshackled from slavery but not social restrictions where equality meant access to the ballot but not to a restaurant downtown Spanning the half century after the Civil War *Degrees of Freedom* draws a rare picture of black experience in a northern state and of the nature of black discontent and action within a predominantly white ostensibly progressive society William D Green reveals little known historical characters among the black men and women who moved to Minnesota following the Fifteenth Amendment worked as farmhands and laborers built communities such as Pig s Eye Landing later renamed St Paul businesses and a newspaper the *Western Appeal* and embodied the slow but inexorable advancement of race relations in the state over time Within this absorbing often surprising narrative we meet ordinary citizens like former slave and early settler Jim Thompson and black barbers catering to a white clientele but also personages of national stature such as Frederick Douglass Booker T Washington and W E B Du Bois all of whom championed civil rights in Minnesota And we see how in a state where racial prejudice and oppression wore a liberal mask black settlers and entrepreneurs politicians and activists maneuvered within a restricted political arena to bring about real and lasting change *The Crisis* , 2002-07 The *Crisis* founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The *Crisis* has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens Broken Brotherhood Benjamin R Justesen, 2008-04-03 *Broken Brotherhood* The Rise and Fall of the National Afro American Council gives a comprehensive account of the National Afro American Council the first truly nationwide U S civil rights organization which existed from 1898 to 1908 Based on exhaustive research the volume chronicles the Council s achievements and its annual meetings and provides portraits of its key leaders Led by four of the most notable African American leaders of the time journalist T Thomas Fortune Bishop Alexander Walters educator Booker T Washington and Congressman George Henry White the Council persevered for a decade despite structural flaws and external pressures that eventually led to its demise in 1908 Author Benjamin R Justesen provides historical context for the Council s

development during an era of unprecedented growth in African American organizations Justesen establishes the National Afro American Council as the earliest national arena for discussions of critical social and political issues affecting African Americans and the single most important united voice lobbying for protection of the nation's largest minority In a period marked by racial segregation widespread disfranchisement and lynching violence the nonpartisan council helped establish two more enduring successor organizations providing core leadership for both the National Association for the Advancement of Colored People and the National Urban League Broken Brotherhood traces the history of the Council and the complicated relationships among key leaders from its creation in Rochester in 1898 to its last gathering in Baltimore in 1907 drawing on both private correspondence and contemporary journalism to create a balanced historical portrait Enhanced by thirteen illustrations the volume also provides intriguing details about the ten national gatherings describes the Council's unsuccessful attempt to challenge disfranchisement before the U S Supreme Court and sheds light on the gradual breakdown of Republican solidarity among African American leaders in the first decade of the twentieth century

Hidden Attraction Gerrit L. Verschuur, 1996 In *Hidden Attraction* Gerrit L Verschuur traces the history of our fascination with magnetism from the first discovery of magnets in Greece to state of the art theories that see magnetism as a basic force in the universe

Minnesota 150 Kate Roberts, 2007 A fabulous showcase of individuals events and inventions that have made Minnesota

Defining the Struggle Susan D. Carle, 2015 This book punctures the myth that important national civil rights organizing in the United States began with the NAACP showing that earlier national organizations developed key ideas about law and racial justice activism that the NAACP later pursued

African American Civil Rights Angela Jones, 2011-08-15 This fresh and invigorating analysis illuminates the often neglected story of early African American civil rights activism *African American Civil Rights Early Activism and the Niagara Movement* tells a fascinating story one that is too frequently marginalized Offering the first full length comprehensive sociological analysis of the Niagara Movement which existed between 1905 and 1910 the book demonstrates that although short lived the movement was far from a failure Rather it made the need to annihilate Jim Crow and address the atrocities caused by slavery publicly visible creating a foundation for more widely celebrated mid 20th century achievements This unique study focuses on what author Angela Jones terms black publics groups of concerned citizens men and women alike who met to shift public opinion The book explores their pivotal role in initiating the civil rights movement specifically examining secular organizations intellectual circles the secular black press black honor societies and clubs and prestigious educational networks All of these Jones convincingly demonstrates were seminal to the development of civil rights protest in the early 20th century
