Free Will And Moral Responsibility

Bruce N. Waller

Free Will And Moral Responsibility:

Essays on Free Will and Moral Responsibility Daniel Cohen, Nick Trakakis, 2009-05-05 The problem of free will has fascinated philosophers since ancient times Do we have free will or at least the kind of free will that seems necessary for moral responsibility Does determinism the idea that everything that happens is necessitated to happen given the past and the laws of nature threaten the commonly held assumption that we are indeed free and morally responsible Although these questions have been widely discussed in the past the present volume offers a variety of new perspectives from philosophers who have made significant contributions to this debate over recent years including Derk Pereboom Robert Kane Ishtiyaque Haji Michael McKenna John Martin Fischer David Widerker and Saul Smilansky The emphasis in these essays is not merely on free will but on allied notions such as moral responsibility moral obligation fairness and meaningfulness and on whether any room can be made for these notions in a deterministic or an indeterministic universe Free Will and Moral Responsibility Justin Caouette, Ishtiyaque Haji, 2013-10-03 Determinism is roughly the thesis that facts about the past and the laws of nature entail all truths A venerable age old dilemma concerning responsibility distils to this if either determinism is true or it is not true we lack responsibility grounding control Either determinism is true or it is not true So we lack responsibility grounding control Deprived of such control no one is ever morally responsible for anything A number of the freshly minted essays in this collection address aspects of this dilemma Responding to the horn that determinism undermines the freedom that responsibility or moral obligation requires the freedom to do otherwise some papers in this collection debate the merits of Frankfurt style examples that purport to show that one can be responsible despite lacking alternatives Responding to the horn that indeterminism implies luck or randomness other papers discuss the strengths or shortcomings of libertarian free will or control Also included in this collection are essays on the freedom requirements of moral obligation forgiveness and free will a desert free conception of free will and vicarious legal and moral responsibility The authors of the essays in this volume are philosophers who have made significant contributions to debates in free will moral responsibility moral obligation the reactive attitudes philosophy of action and philosophical psychology and include John Martin Fischer Robert Kane Michael McKenna Alfred Mele and Derk Pereboom **Determinism, Free Will, and Moral Responsibility** Gerald Dworkin, 1970 **Four Views on Free Will** John Martin Fischer, Robert Kane, Derk Pereboom, Manuel Vargas, 2007-09-11 Focusing on the concepts and interactions of free will moral responsibility and determinism this text represents the most up to date account of the four major positions in the free will debate Four serious and well known philosophers explore the opposing viewpoints of libertarianism compatibilism hard incompatibilism and revisionism The first half of the book contains each philosopher s explanation of his particular view the second half allows them to directly respond to each other s arguments in a lively and engaging conversation Offers the reader a one of a kind interactive discussion Forms part of the acclaimed Great Debates in Philosophy series **Determinism, Free Will, and Moral**

Responsibility Gerald Dworkin, 1970 Of liberty and necessity by D Hume The doctrine of necessity examined by C S Peirce Determinism in history by E Nagel Some arguments for free will by T Reid Has the self free will by C A Campbell Dialogue on free will by L de Valla Can the will be caused by C Ginet Free will by G E Moore A modal muddle by S N Thomas Determinism indeterminism and libertarianism by C D Broad An empirical disproof of determinism by K Lehrer Free will praise and blame by J J C Smart Bibliographical essay Exploring the Illusion of Free Will and Moral Responsibility Gregg D.

Caruso, 2015-03-15 Exploring the Illusion of Free Will and Moral Responsibility investigates the philosophical and scientific arguments for free will skepticism and their implications Skepticism about free will and moral responsibility has been on the rise in recent years In fact a significant number of philosophers psychologists and neuroscientists now either doubt or outright deny the existence of free will and or moral responsibility and the list of prominent skeptics appears to grow by the day Given the profound importance that the concepts of free will and moral responsibility hold in our lives in understanding ourselves society and the law it is important that we explore what is behind this new wave of skepticism It is also important that we explore the potential consequences of skepticism for ourselves and society Edited by Gregg D Caruso this collection of new essays brings together an internationally recognized line up of contributors most of whom hold skeptical positions of some sort to display and explore the leading arguments for free will skepticism and to debate their implications Four Views on Free Will John Martin Fischer, Robert Kane, Derk Pereboom, Manuel Vargas, 2024-02-12 A lively and engaging debate between four representative views on free will completely revised and updated with new perspectives Four Views on Free Will is a robust and careful debate about free will how it interacts with determinism and indeterminism and whether we have it or not Providing the most up to date account of four major positions in the free will debate the second edition of this classic text presents the opposing perspectives of renowned philosophers John Martin Fischer Robert Kane Derk Pereboom and Manuel Vargas Substantially revised throughout this new volume contains eight in depth chapters almost entirely rewritten for the new edition in which the authors state their different positions on the debate offer insights into how their views have evolved over the past fifteen years respond to recent critical literature in the field and interact and engage with each other in dialogue In the first four chapters the authors defend their distinctive views about free will libertarianism compatibilism hard incompatibilism and revisionism The subsequent four chapters consist of direct replies by each of the authors to the other three Offering a one of a kind interactive conversation about the most recent work on the subject Four Views on Free Will Second Edition provides a balanced and enlightening discussion on all the key concepts and conflicts in the free will debate Part of the acclaimed Great Debates in Philosophy series it remains essential reading for undergraduate and graduate students lecturers and scholars in philosophy ethics free will philosophy of mind political philosophy law and related subjects

The Possibility of Free Will and Moral Responsibility Alexander Hölzl, 2019-08-04 Essay from the year 2018 in the subject Philosophy Practical Ethics Aesthetics Culture Nature Right grade 2 0 University of Vienna Department of Philosophy

language English abstract This essay aims to argue against the common claim of philosophers and scientists that free will is just an illusion My general thesis is that it is possible that we have a free will and that we are morally responsible for our actions if we understand free will as a potentiality that can be actualized or not

Moral Responsibility and Alternative Possibilities David Widerker, 2017-09-29 This book explores an important issue within the free will debate the relation between free will and moral responsibility In his seminal article Alternate Possibilities and Moral Responsibility Harry Frankfurt launched a vigorous attack on the standard conception of that relation questioning the claim that a person is morally responsible for what she has done only if she could have done otherwise Since then Frankfurt s thesis has been at the center of philosophical discussions on free will and moral responsibility Moral Responsibility and Alternative Possibilities edited by David Widerker and Michael McKenna draws together the most recent work on Frankfurt s thesis by leading theorists in the area of free will and responsibility As the majority of the essays appear here for the first time Moral Responsibility and Alternative Possibilities offers the newest developments in this important debate

Perspectives on Moral Responsibility John Martin Fischer, Mark Ravizza, 1993 Freedom and resentment Peter Strawson On freedom and resentment Galen Strawson The importance of free will Susan Wolf Responsibility and the limits of evil variations on a Strawsonian theme Gary Watson The real self view Susan Wolf Identification and wholeheartedness Harry Frankfurt What happens when someone acts J David Velleman Sanctification hardening of the heart and Frankfurt s concept of free will Eleonore Stump Intellect will and the principle of alternate possibilities Eleonore Stump Responsibility agent causation and freedom an eighteenth century view William L Rowe What we are morally responsible for Harry Frankfurt Incompatibilism without the principle of alternative possibilities Robert Heinaman Causing and being responsible for what is inevitable William L Rowe Responsibility for consequences John Martin Fischer Mark Ravizza

Exploring the Illusion of Free Will and Moral Responsibility Gregg D. Caruso, 2013-07-05 Exploring the Illusion of Free Will and Moral Responsibility investigates the philosophical and scientific arguments for free will skepticism and their implications Skepticism about free will and moral responsibility has been on the rise in recent years In fact a significant number of philosophers psychologists and neuroscientists now either doubt or outright deny the existence of free will and or moral responsibility and the list of prominent skeptics appears to grow by the day Given the profound importance that the concepts of free will and moral responsibility hold in our lives in understanding ourselves society and the law it is important that we explore what is behind this new wave of skepticism It is also important that we explore the potential consequences of skepticism for ourselves and society Edited by Gregg D Caruso this collection of new essays brings together an internationally recognized line up of contributors most of whom hold skeptical positions of some sort to display and explore the leading arguments for free will skepticism and to debate their implications

Moral Responsibility Nicole A. Vincent, Ibo van de Poel, Jeroen van den Hoven, 2011-08-17 It is well over a decade since John Fischer and Mark Ravizza and before them Jay Wallace and Daniel

Dennett defended responsibility from the threat of determinism But defending responsibility from determinism is a potentially endless and largely negative enterprise it can go on for as long as dissenting voices remain and although such work strengthens the theoretical foundations of these theories it won't necessarily build anything on top of those foundations nor will it move these theories into new territory or explain how to apply them to practical contexts To this end the papers in this volume address these more positive challenges by exploring how compatibilist responsibility theory can be extended and or applied in a range of practical contexts For instance how is the narrow philosophical concept of responsibility that was defended from the threat of determinism related to the plural notions of responsibility present in everyday discourse and how might this more fine grained understanding of responsibility open up new vistas and challenges for compatibilist theory What light might compatibilism shed and what light might be shed upon it by political debates about access to public welfare in the context of responsibility for one's own health and by legal debates about the impact of self intoxication on responsibility Does compatibilist theory which was originally designed to cater for analysis of individual actions scale to scenarios that involve group action and collective responsibility e.g. for harms due to human induced climate change This book's chapters deal with a range of theoretical problems discussed in classic compatibilist literature e.g. the relationship between responsibility and capacity the role of historical tracing in discounting the exculpatory value of incapacities and the justifiability of retributive punishment But instead of motivating their discussions by focusing on the alleged threat that determinism poses to responsibility these chapters authors have animated their discussions by tackling important practical problems which crop up in contemporary debates about responsibility

Moral Psychology, Volume 4 Walter Sinnott-Armstrong, 2014-02-21

Leading philosophers psychologists and neuroscientists address issues of moral responsibility and free will drawing on new findings from empirical science Traditional philosophers approached the issues of free will and moral responsibility through conceptual analysis that seldom incorporated findings from empirical science In recent decades however striking developments in psychology and neuroscience have captured the attention of many moral philosophers This volume of Moral Psychology offers essays commentaries and replies by leading philosophers and scientists who explain and use empirical findings from psychology and neuroscience to illuminate old and new problems regarding free will and moral responsibility The contributors who include such prominent scholars as Patricia Churchland Daniel Dennett and Michael Gazzaniga consider issues raised by determinism compatibilism and libertarianism epiphenomenalism bypassing and naturalism naturalism and rationality and situationism These writings show that although science does not settle the issues of free will and moral responsibility it has enlivened the field by asking novel profound and important questions Contributors Roy F Baumeister Tim Bayne Gunnar Björnsson C. Daryl Cameron Hannah A. Chapman William A. Cunningham Patricia S. Churchland Christopher G. Coutlee Daniel C. Dennett Ellen E. Furlong Michael S. Gazzaniga Patrick Haggard Brian Hare Lasana T. Harris John Dylan Haynes Richard Holton Scott A. Huettel Robert Kane Victoria K. Lee Neil Levy Alfred R. Mele Christian Miller

Erman Misirlisoy P Read Montague Thomas Nadelhoffer Eddy Nahmias William T Newsome B Keith Payne Derk Pereboom Adina L Roskies Laurie R Santos Timothy Schroeder Michael N Shadlen Walter Sinnott Armstrong Chandra Sripada Christopher L Suhler Manuel Vargas Gideon Yaffe

Free Will Michael McKenna, Derk Pereboom, 2016-07-01 As an advanced introduction to the challenging topic of free will this book is designed for upper level undergraduates interested in a comprehensive first stop into the field's issues and debates It is written by two of the leading participants in those debates a compatibilist on the issue of free will and determinism Michael McKenna and an incompatibilist Derk Pereboom These two authors achieve an admirable objectivity and clarity while still illuminating the field's complexity and key advances Each chapter is structured to work as one week's primary reading in a course on free will while more advanced courses can dip into the annotated further readings suggested at the end of each chapter A comprehensive bibliography as well as detailed subject and author indexes are included at the back of the book

Moral Responsibility and the Flicker of Freedom Justin A. Capes, 2023 In *Moral Responsibility and the Flicker of Freedom* Justin A Capes challenges that thought experiments such as the sort devised by Harry Frankfurt are counter examples to the principle that a person is morally responsible for what he did only if he could avoid doing it He argues that far from being counterexamples to the principle Frankfurt cases as they have come to be known actually provide further confirmation of it a conclusion that has important implications for our understanding of free will and moral responsibility

Free Will: Free agency, moral responsibility, and skepticism John Martin Fischer, 2005

Free Will and Moral Responsibility Martin Goldring, King's College London. Department of Philosophy, 2009 This thesis concerns the nature of and the relationships between each of free will moral responsibility and causal determinism as well as the corresponding philosophical debate It consists of five main parts In the first part chapter 1 the main positions taken within the debate are outlined preliminary definitions of free will moral responsibility and determinism are argued for and the paradigm case argument is criticized In the second part chapters 2 and 3 incompatibilism and libertarian theories of free will are critically examined and libertarianism is dismissed In the third part chapters 4 5 and 6 P P Strawson's theory of responsibility and his compatibilistic arguments are examined in detail and a particular non reductive interpretation of Strawson is argued for Consequentialism about responsibility is also considered and it is argued that when combined with certain of Strawson's insights it contributes a great deal to understanding of moral responsibility In the fourth part of this thesis John Martin Fischer and Mark Ravizza's guidance control reasons responsiveness theory of moral responsibility and freedom is considered It is argued that although the concept of reasons responsiveness is a natural development of the consequentialist theory developed in the previous part Fischer and Ravizza's account thereof is insufficiently well worked out and their account of guidance control is ultimately unsatisfactory In the final part chapter 9 the concept of epistemic freedom is explored with the help of a discussion of the relevance of Godel's incompleteness theorem and Turing's halting problem J David Velleman's attempted identification of epistemic freedom and

free will is criticized **Free Will, Moral Responsibility, and the Desire to Be a God** Bruce N. Waller, 2020-09-04 Free Will Moral Responsibility and the Desire to be a God explores the hidden corridors of the moral responsibility system to discover why that system is so widely accepted and passionately defended The moral responsibility system has obvious charms it provides justification for our powerful strike back motives transforms selfishness into the virtuous defense of our justly deserved special benefits draws a radical distinction between humans and the other species we exploit and protects our nonconscious belief in a just world Those charms notwithstanding the resilience and endurance of the moral responsibility system indicates a hidden force that not only binds together the pieces of the system but also motivates our stubborn devotion to that system That hidden force is a nonconscious desire to be a god a desire that afflicts both believers and atheists and that is almost universally denied Nietzsche being a special exception That desire can be found throughout the history of philosophy from Aristotle to the present It is also manifested in myths and a variety of religious practices and teachings The breadth power and harm of nonconscious apotheosis aspiration is the focus of this study **Free Will, Agency, and Meaning in Life** Derk Pereboom, 2014-01-30 Derk Pereboom articulates and defends an original conception of moral responsibility He argues that if determinism were true we would not be morally responsible in the key basic desert sense at issue in the free will debate but that we would also lack this kind of moral responsibility if indeterminism were true and the causes of our actions were exclusively states or events It is possible that if we were undetermined agent causes if we as substances had the power to cause decisions without being causally determined to cause them we would have this kind of free will But although our being undetermined agent causes has not been ruled out as a coherent possibility it is not credible given our best physical theories Pereboom then contends that a conception of life without the free will required for moral responsibility in the basic desert sense would nevertheless allow for a different forward looking conception of moral responsibility He also argues that our lacking this sort of free will would not jeopardize our sense of ourselves as agents capable of rational deliberation that it is compatible with adequate measures for dealing with crime and other threatening behavior and that it allows for a robust sense of achievement and meaning in life Pereboom's arguments for this position are reconfigured relative to those presented in Living without Free Will 2001 important objections to these arguments are answered and the development of the positive view is significantly embellished **Bound** Shaun Nichols, 2015 Shaun Nichols offers a naturalistic psychological account of the origins of the problem of free will He argues that our belief in indeterminist choice is grounded in faulty inference and therefore unjustified goes on to suggest that there is no single answer to whether free will exists and promotes a pragmatic approach to prescriptive issues

Decoding **Free Will And Moral Responsibility**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Free Will And Moral Responsibility Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Free Will And Moral Responsibility free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Free Will And Moral Responsibility free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that

offer free PDF downloads on a specific topic. While downloading Free Will And Moral Responsibility free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Free Will And Moral Responsibility. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Free Will And Moral Responsibility any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Free Will And Moral Responsibility Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Free Will And Moral Responsibility is one of the best book in our library for free trial. We provide copy of Free Will And Moral Responsibility in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Free Will And Moral Responsibility. Where to download Free Will And Moral Responsibility online for free? Are you looking for Free Will And Moral Responsibility PDF? This is definitely going to save you time and cash in something you should think about.
