The Authorized Biography of Jesus Christ Mano Govindaraj, 2012 The author describes how as a high school student he first met the scientific approach to the study of the Gospels and learned that the Gospel of St Matthew was copied from an older document called Q The question arose if Matthew was a disciple of Jesus why would he need another document to write about Jesus A life long struggle to answer that question resulted in the development of this new Interpretation Matthew was a trained tax accountant Taxation is all about keeping records and diaries Jesus called Matthew to be a disciple Matthew did what he knew best keeping records and diaries as directed by Jesus Analyzing its contents using principles of information assurance Mano

concludes that this gospel is in two parts The first nine chapters happened before the call of Matthew and the source of data is Jesus After chapter ten Matthew is the source of data He recorded events as indicated by Jesus including events after the arrest This is the justification for calling it an authorized biography of Jesus Christ The Ascension is omitted That significant omission proves that this gospel was not written by a later Christian believer or organization but happened because Matthew ceased his diaries before the Ascension These diaries were obtained by Christians many years later and recognized as a gospel

leave my children and grandchildren a broad if brief understanding of the world religions as I see them I am not a theological analyst but I can approach the subject of religion historically Yesterday s heretic may have a philosophy that could be a main line church today As archaeologists dig scholars study and historians search it reveals an ever changing religious structure The distrust and even hatred between churches that caused so many wars may be easing but has not ended perhaps it never will Understanding through knowledge and love is the only answer It is most important then to first look at the history of religion and gain knowledge as to why when and how we created such diversity and distrust The answer is described in the pages of history I am not suggesting I can do this better than the fifty books on religion that are on my bookshelves Rather my goal is brevity to tell the story in two hundred pages This will give a taste and flavor of the subject and may hopefully help to understand a neighbor s religion develop tolerance and foster pluralism May God give me the strength courage and wisdom to produce an intelligent manuscript in a brief understanding way
