study However O Neal goes beyond these findings to ascertain the canonical shape of Habakkuk and to illustrate how this shape informs an understanding of the book s theological message

Shehadeh,2019-10-31 While volume 1 stressed the inevitability of Oneness in Trinity this second volume of God With Us and Without Us demonstrates the beauty and life transforming power of Oneness in Trinity The nature of the eternal relationship between the Father Son and Holy Spirit stands in contrast with the nature of God in Absolute Oneness Dr Imad N Shehadeh

elucidates through careful argumentation and detailed critical thinking why Oneness in Trinity is to be prized and what God would look like if He were not triune By addressing the beauty and power of Oneness in Trinity this book deepens our understanding of the Trinity as the solid foundation of all other doctrines Dr Shehadeh explains the eternal activity of God outside creation i e without us as the stimulus of His activity within creation i e with us Dr Shehadeh also addresses the theological debate concerning the eternal generation of the Son and the eternal procession of the Holy Spirit Most importantly however this book convinces us of and magnifies for us the life transforming power of the triune God **The**

Book of Ezekiel, Chapters 25-48 Daniel I. Block, 1998-06-19 This work completes Daniel Block's two volume commentary on the book of Ezekiel The result of twelve years of studying this difficult section of Scripture this volume like the one on chapters 1-24 provides an excellent discussion of the background of Ezekiel and offers a verse by verse exposition that makes clear the message of this obscure and often misunderstood prophet Block also shows that Ezekiel's ancient wisdom and vision are still very much needed as we enter the twenty first century **The Formation of Hell** Alan E.

Bernstein, 2020-06-30 What becomes of the wicked Hell exile from God subjection to fire worms and darkness for centuries the idea has shaped the dread of malefactors the solace of victims and the deterrence of believers Although we may associate the notion of hell with Christian beliefs its gradual emergence depended on conflicting notions that pervaded the Mediterranean world more than a millennium before the birth of Christ Asking just why and how belief in hell arose Alan E Bernstein takes us back to those times and offers us a comparative view of the philosophy poetry folklore myth and theology of that formative age Bernstein draws on sources from ancient Egypt Mesopotamia Greece Rome and Israel as well as early Christian writings through Augustine in order to reconstruct the story of the prophets priests poets and charismatic leaders who fashioned concepts of hell from an array of perspectives on death and justice The author traces hell's formation through close readings of works including the epics of Homer and Vergil the satires of Lucian the dialogues of Plato and Plutarch the legends of Enoch the confessions of the Psalms the prophecies of Isaiah Ezechiel and Daniel and the parables of Jesus Reenacting lively debates about the nature of hell among the common people and the elites of diverse religious traditions he provides new insight into the social implications and the psychological consequences of different visions of the afterlife This superb account of a central image in Western culture will captivate readers interested in history mythology literature psychology philosophy and religion
