## Harpers Magazine July 1939:

**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1970 **Harper's Magazine** Lee Foster Hartman,Frederick Lewis Allen,1946-07 Important American periodical dating back to 1850 **Social Security Bulletin** ,1940 *Neighbors in Conflict* Ronald H. Bayor,2019-12-01 Originally published in 1978 Millions of immigrants seeking a better life came to New York City in the nineteenth and twentieth centuries Ronald H Bayor s study details how the relative tranquility among the city s four major ethnic groups was disturbed by economic depression political divisions arising out of ties with the Old Country and factional strife stirred up by local politicians seeking ethnic votes Also evaluated are the effects of such emotional and political issues such as Nazism and Fascism upon the allegiances of Germans and Italians the rift in the ethnic community caused by the communist scare and the influence of such figures such as Franklin D Roosevelt Father Charles Coughlin and Fiorello La Guardia **CAREER DEVELOPMENT AMONG LAWYERS: A STUDY OF SOCIAL FACTORS IN THE ALLOCATION OF PROFESSIONAL LABOR..** Jack Ladinsky,1962 To Govern the Devil in Hell Pearl Ponce,2014-06-30 One hundred and fifty years after Kansas was admitted to the Union we still find ourselves fascinated by the specter of Bleeding Kansas and the violence that preceded the American Civil War by five years Although ample attention has been devoted to understanding why territorial violence broke out in Kansas in 1856 of equal concern but less illuminated is the question of why government both local and national allowed the violence to continue unstanched for so long This question is fundamentally about governance its existence exercise limits and continuance and its study has ramifications for understanding both Kansas events and why the American experiment in government failed in 1861 In addition the book also sheds light on the nature of democracy the challenges of implanting it in distant environs the necessity of cooperation at the various levels of government and the value of strong leadership To Govern the Devil in Hell uses the prism of governance to investigate what went wrong in territorial Kansas From the first elections in late 1854 and early 1855 local government was tarnished with cries of illegitimacy that territorial officials could not ameliorate Soon after a shadow government was created which further impeded local management of territorial challenges Ultimately this book addresses why Presidents Franklin Pierce and James Buchanan failed to act what hindered Congress from stepping into the void and why and how the lack of effective governance harmed Kansas and later the United States The Short Writings of Nelson Algren Richard F. Bales,2022-09-22 Nelson Algren was a renowned Chicago writer known for his social commentary and his novels like The Man with the Golden Arm and A Walk on the Wild Side Although he continues to be remembered almost exclusively for his novels this book aims to highlight the value and influence of his short form works Before he died in 1981 Algren had amassed a genre defying body of work including short stories articles poems and book reviews The present book features a comprehensive analysis and discussion of Algren s lost literature including everything but his novels One of the pieces covered is a masterpiece of race relations written in 1950 more than 60 years before the galvanization of the Black

Lives Matter movement Another is a scathing poem about Algren s transatlantic love affair with Simone de Beauvoir Both items are reprinted in the book courtesy of the Algren estate This book also includes references to Algren s works that have yet to be studied by Algren scholars      *Endangered Dreams* Kevin Starr,1996-01-11 In *Endangered Dreams* Kevin Starr paints a portrait that is both detailed and panoramic offering a vivid look at the personalities and events that shaped a decade of explosive tension He begins with the rise of radicalism on the Pacific Coast which erupted when the Great Depression swept over California in the 1930s Starr captures the triumphs and tumult of the great agricultural strikes in the Imperial Valley the San Joaquin Valley Stockton and Salinas identifying the crucial role played by Communist organizers The highpoint of social conflict however was 1934 the year of the coastwide maritime strike and here Starr s narrative talents are at their best as he brings to life the astonishing general strike that took control of San Francisco And yet the Depression also brought out the finest in Californians state Democrats fought for a local New Deal California natives helped care for more than a million impoverished migrants through public and private programs artists movingly documented the impact of the Depression and an unprecedented program of public works capped by the Golden Gate Bridge made the California we know today possible In capturing the powerful forces that swept the state during the 1930s Starr weaves an insightful analysis into his narrative fabric Out of a shattered decade of economic and social dislocation he constructs a coherent whole and a mirror for understanding our own time      American Writers and the Approach of World War II, 1930-1941 Ichiro Takayoshi,2015 Ichiro Takayoshi s book argues that World War II transformed American literary culture From the mid 1930s to the American entry into World War II in 1941 pre eminent figures from Ernest Hemingway to Reinhold Neibuhr responded to the turn of the public s interest from the economic depression at home to the menace of totalitarian systems abroad by producing novels short stories plays poems and cultural criticism in which they prophesied the coming of a second world war and explored how America could prepare for it The variety of competing answers offered a rich legacy of idioms symbols and standard arguments that were destined to license America s promotion of its values and interests around the world for the rest of the twentieth century Ambitious in scope and addressing an enormous range of writers thinkers and artists this book is the first to establish the outlines of American culture during this pivotal period Provided by publisher      Harold Laski M. Newman,1993-03-08 Harold Laski 1893 1950 was perhaps the best known socialist intellectual of his era with influence in the USA India and mainland Europe as well as Britain But he was always a controversial figure and his reputation has never recovered from the effort to discredit him that took place during the Cold War This new biography argues that Laski has been misrepresented It maintains that he dedicated his life to the quest for a just society and that his thought remains highly relevant for our own times      Paper Walls: America and the Refugee Crisis, 1938-1941 David S. Wyman,2019-07-31 *Paper Walls* was the first scholarly book to deal with the question of America s response to the Nazi assault on the European Jews A revised version of my Ph D dissertation at Harvard University it was originally published in 1968 Those times were very

different from these There was little public receptivity to Holocaust studies then and only limited academic interest The scholarly reviews of which there were several were favorable But the general press paid little attention to the book A pioneer in its field Paper Walls first established the thesis that three features of American society in the 1930 s and 1940 s were key to understanding the nation s inadequate response to the refugee crisis They were anti-Semitism nativistic nationalism and the unemployment problem of the Great Depression This basic concept has been followed in all the succeeding scholarly literature on the topic This concept is also the main legacy from Paper Walls to my more recent book The Abandonment of the Jews America and the Holocaust 1941-1945 1984 Although Abandonment stands as a complete study in its own right it is in fact the sequel to Paper Walls It is a continuation of the history of America s reaction to the plight of the European Jews in the Nazi era David S Wyman Preface to the 1985 paperback edition of Paper Walls A thorough study of American refugee policy from 1938 to 1941 On the basis of Wyman s book the United States stands indicted for a tragic failure to live up to its nineteenth century ideal of asylum Though Wyman makes no effort to disguise his strong sympathy for the refugees his book gives a careful and well documented history of American refugee policy The state department above all Assistant Secretary of State Breckinridge Long emerges from his pages as the primary culprit The attitude displayed by the foreign service led to the creation of the paper walls that Wyman so honestly and tragically describes in this important book Robert A Divine Journal of American History The first scholarly examination of American refugee policy between 1938 and 1941 What Wyman sets out to do he does extremely well Paper Walls is a worthwhile addition to our growing knowledge of the policy of those who bore witness to the Holocaust Henry L Feingold American Jewish Historical Quarterly No one who reads this book will be able to ignore the fact that blatant antisemitism in the United States from the public from Congress and from within the State Department prevented our government from giving more than minimal assistance to the Jewish refugees Professor Wyman has done an immense amount of research in primary and secondary sources and Paper Walls is extraordinarily sound and superbly documented It is tightly written well organized and logically presented Leonard Dinnerstein Jewish Social Studies The conclusions of the book are stark and simple The half filled quotas of mid 1940 to mid 1941 when refugee rescue remained entirely feasible symbolize 20 000 to 25 000 lives lost In the eight years from 1933 to 1941 about 250 000 refugees found safety here The total is not small but neither is the country which received them Raul Hilberg Political Science Quarterly Generally President Roosevelt left refugee policy to the disposition of a hostile Congress and the State Department Yet as the author points out neither Roosevelt the State Department nor Congress can be blamed entirely for what happened Viewed within the context of its times United States refugee policy from 1938 to the end of 1941 was essentially what the American people wanted In December 1938 only 8 7 per cent of the respondents to a Roper poll favored entry of a larger number of European refugees than the quota law allowed fully 83 per cent were flatly opposed This book tells a dismal story While it is dear where the author s sympathies lie he tells the story with restraint if anything his approach and writing style

underplay the pathos involved Wyman has given us a scholarly description and analysis of the first act of the tragedy which he promises to carry on through the war and postwar years J Joseph Huthmacher *The American Historical Review* This thoroughly documented study of the United States policies in regard to the refugee crisis of 1938 1941 is the best available source in this field and on that period Drawing on material from some well known as well as several previously untapped sources Wyman discusses both the ambiguous role of particular figures and organizations and the underlying forces at work in American society which influenced governmental policy and practices anti semitism nativism fear of unemployment and of Nazi subversives are shown as the major pressure to which America s people and leaders succumbed Joseph S Roucek *The International Migration Review* This is a depressing topic impressively researched Professor Wyman has investigated almost all the relevant primary and secondary materials in order to recount the tragic story of America s indifference to the hundreds of thousands of refugees fleeing Hitler s Europe Over two thirds of Americans desired to keep the Jewish refugees out of the United States Wyman argues that this sentiment was due to three sources nativism anti Semitism and economic insecurity There is enough evidence in Wyman s book to cause the Statue of Liberty to collapse for lack of moral foundation John P Diggins *The Historian* Professor Wyman skillfully investigates and thoughtfully analyzes the complexities of the crisis and the reasons why more was not done to aid the refugees in the crucial period between 1938 and 1941 The author examines the problem thoroughly from a number of standpoints The State Department the Congress and the President really were reflecting the attitudes of the American people who Wyman asserts were indifferent and even antagonistic to the refugees because of the economic insecurity engendered by the depression nativistic nationalism and anti Semitism A well researched and lucidly if not dispassionately written book *Paper Walls* is a sound workmanlike study of a significant episode in our nation s recent past E Berkeley Tompkins *The Annals of the American Academy of Political and Social Science*

**Democracies Against Hitler** Alexander J. Groth, 2018-08-10 First published in 1999 what the confrontation between democracies and Hitlerism tells us about democracy is the subject of this book It examines the response of political democracies to the phenomenon of Hitlerism beginning with democracy in Germany itself in the 20 s and 30 s and ending up with Britain and the U S in the 40 s Contrary to mythology this response was far more a failure than a success An iconoclastic treatment it anticipates the crises of the future *Henry R. Luce, Time, and the American Crusade in Asia* Robert E.

Herzstein, 2005-07-18 How Henry R Luce used his famous magazines to advance his interventionist agenda **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1938 C. Paul Jennewein, Sculptor Shirley Reiff Howarth, 1980

*Procedures for the Administration of an Employment Loyalty Program* United States. Loyalty Review Board, 1951

**Three Wars with Germany** William Reginald Hall, Amos Jenkins Peaslee, 1944 **The Measure of Democracy** Daniel J. Robinson, 1999-04-24 Politicians government officials and public relations officers lean heavily on polling when fashioning public policy Proponents say this is for the best arguing that surveys bring the views of citizens closer to civic officials Critics

decry polling's promotion of sycophantic politicians who pander to the whims of public sentiment or conversely the use of surveys by special interest groups to thwart the majority will. Similar claims and criticisms were made during the early days of polling. When George Gallup began polling Americans in 1935 he heralded it as a bold step in popular democracy. The views of ordinary citizens could now be heard alongside those of organized interest groups. When brought to Canada in 1941 the Gallup Poll promised similar democratic rejuvenation. In actual practice traditionally disadvantaged constituencies such as women, the poor, French Canadians and African Americans were often heavily underrepresented in Gallup surveys. Preoccupied with election forecasting, Gallup pollsters undercounted social groups thought less likely or unable to vote, leading to a considerable gap between the polling results of the sampled polity and the opinions of the general public.

Examining the origins and early years of public opinion polling in Canada, Robinson situates polling within the larger context of its forerunners: market research surveys and American opinion polling, and charts its growth until its first uses by political parties.

**Mastering Public Administration** Jos C. N. Raadschelders, Brian R. Fry, 2022-07-13 Raadschelders and Fry provide a singular investigation into the influence of 10 scholars on contemporary public administration as well as how significant their work continues to be on contemporary research. In a field that is eclectic and pragmatic, it is only fitting that the diversity of the following scholars reflects the diversity of the field of public administration: Max Weber, Frederick W. Taylor, Luther H. Gulick, Mary Parker Follett, Elton Mayo, Chester Barnard, Herbert A. Simon, Charles E. Lindblom, Elinor Ostrom, and Dwight Waldo. The impacts of their personal life experiences on scholarly thought and their ideas about science and a science of public administration are used to enhance an examination of their ideas, concepts, and theories. The writings of such a wide-ranging group of scholars are also connected by a recognition of the growth and organizational independence of the field of public administration. For the Fourth Edition, a new perspective has been included: a review of Elinor Ostrom's work provides valuable new material on organization and decision making that is applicable in many disciplines and across many fields. In addition, substantive updates to the scholarship and analysis found in each of the chapters in the book encourage new avenues for questions, insight, and exploration in the field of public administration.

**Fashion & Merchandising Fads** Frank Hoffmann, Beulah B. Ramirez, 2014-06-23 Fads by nature and by definition are hard to capture, yet Hoffmann and Bailey have captured over one hundred of the passing fashion fancies and merchandising miracles during America's short history in their latest collection of fads. Fashion Merchandising Fads: Life devoid of fads is impossible to imagine, and the fads that do enter our lives become vehicles for amusement upon retrospection. How long any fad stays in vogue is anybody's guess, but Hoffmann and Bailey have again found those fads that somehow took root and flourished if only for a short period of time in America. Concise entries describe each fad from its beginning to its demise and its devout followers. Readers are sure to recognize many of the trends and fads collected in *Fashion Merchandising Fads*. A browse through the contents will have readers smiling as they remember Alex Stroh's Beer Drinking Dog and Baby On Board Stickers, Barbie Dolls, and Celebrity

Perfumes Convertibles Digital Watches and Drive In Banking Garfield G I Joe and Handbags for Men Knickers and Matchbox Cars The Model T and the Mustang Paper Dolls and Rubik s Cube Silly Putty the Slinky and Synthetics in Clothes Top Hats the Trilby and Twiggy VCRs Yuppies and Zubaz Each fad featured in Fashion Merchandising Fads is examined thoroughly and concisely by the authors They look at the historical setting how the trend became popular and the people most fascinated and involved with the trend References follow each entry to make further reading on each fad a relatively easy task for those intrigued by fads As fads enter and encompass society for a period of time this collection of fads arranged alphabetically is sure to captivate readers from beginning to end or in a world of fads from the A 2 Flight Jacket to the Zipper
