Thomas Strychacz,2020-08-11 An analysis of how nineteenth century women regional writers represent political economic thought WINNER OF THE ELIZABETH AGEE PRIZE IN AMERICAN LITERATURE Readers of late nineteenth century female American authors are familiar with plots characters and households that make a virtue of economizing Scholars often interpret these scenarios in terms of a mythos of parsimony frequently accompanied by a sort of elegiac republicanism whereby self sufficiency and autonomy are put to the service of the greater good a counterworld to the actual economic conditions of the period In *Kitchen Economics Women s Regionalist Fiction and Political Economy* Thomas Strychacz takes a new approach to the question of how female regionalist fictions represent the economic by situating them within traditions of classical political economic thought Offering case studies of key works by Sarah Orne Jewett Mary Wilkins Freeman Harriet Beecher Stowe Rose Terry Cooke and Alice Dunbar Nelson this study focuses on three complex cultural fables the island commonwealth stadialism or stage theory and feeding the body politic which found formal expression in political economic thought made their way into endless public debates about the economic turmoil of the late nineteenth century and informed female authors These works represent counterparts not counterworlds to modernity and their characteristic stance is captured in the complex trope of feminaeconomica This approach ultimately leads us to reconsider what we mean by the term economic for the emphasis of contemporary neoclassical economics on economic agents given over to infinite wants and complete self interest has caused the sufficiency and common good models of female regionalist authors to be misinterpreted and misvalued These fictions are nowhere more pertinent to modernity than in their alliance with today s important alternative economic discourses **Catalogue of Title-entries of Books and Other Articles Entered in the Office of**

[The 'Colored Hero' of Harper's Ferry](#) Steven Lubet,2015-08-27 On the night of Sunday October 16 1859 hoping to bring about the eventual end of slavery radical abolitionist John Brown launched an armed attack at Harpers Ferry Virginia Among

his troops there were only five black men who have largely been treated as little more than spear carriers by Brown's many biographers and other historians of the antebellum era. This book brings one such man, John Anthony Copeland, directly to center stage. Copeland played a leading role in the momentous Oberlin slave rescue and he successfully escorted a fugitive to Canada, making him an ideal recruit for Brown's invasion of Virginia. He fought bravely at Harper's Ferry only to be captured and charged with murder and treason. With his trademark lively prose and compelling narrative style, Steven Lubet paints a vivid portrait of this young black man who gave his life for freedom.
