

Harriet Tubman

**Leading Slaves to Freedom
Abolitionist, Nurse, and Spy for the Union Army**

Born: 1820 in Dorchester County, Maryland

Died: March 10, 1913 in Auburn, New York

Harriet Tubman was an African American who was born a slave. She escaped on the Underground Railroad to live in the North. She returned South to help others escape so many times that she became the South's most wanted person.

Harriet went on to assist the Union Army as guide, cook, nurse, and spy.

"I had reasoned this out in my mind, there was one of two things I had a right to, liberty or death; if I could not have one, I would have the other; for no man should take me alive."

Reclaiming the Black Past Pero G. Dagbovie, 2018-11-13 The past and future of Black history In this information overloaded twenty first century it seems impossible to fully discern or explain how we know about the past But two things are certain Whether we are conscious of it or not we all think historically on a routine basis And our perceptions of history including African American history have not necessarily been shaped by professional historians In this wide reaching and timely book Pero G. Dagbovie argues that public knowledge and understanding of black history including its historical icons has been shaped by institutions and individuals outside academic ivory towers Drawing on a range of compelling examples Dagbovie explores how in the twenty first century African American history is regarded depicted and juggled by diverse and contesting interpreters from museum curators to filmmakers entertainers politicians journalists and bloggers Underscoring the ubiquitous nature of African American history in contemporary American thought and culture each chapter unpacks how black history has been represented and remembered primarily during the Age of Obama the so called era of post racial American society *Reclaiming the Black Past* is Dagbovie's contribution to expanding how we understand African American history during the new millennium

King,2019-11-01 Concerned scholars and educators since the early 20th century have asked questions regarding the viability of Black history in k 12 schools Over the years we have seen k 12 Black history expand as an academic subject which has altered research questions that deviate from whether Black history is important to know to what type of Black history knowledge and pedagogies should be cultivated in classrooms in order to present a more holistic understanding of the group s historical significance Research around this

subject has been stagnated typically focusing on the subject's tokenism and problematic status within education. We know little of the state of K-12 Black history education and the different perspectives that Black history encompasses. The book *Perspectives on Black Histories in Schools* brings together a diverse group of scholars who discuss how K-12 Black history is understood in education. The book's chapters focus on the question: what is Black history and explores that inquiry through various mediums including its foundation, curriculum, pedagogy, policy, and psychology. The book provides researchers, teachers, educators, and historians an examination into how much K-12 Black history has come and yet how long it still needed to go.

Radical Roots Denise D. Meringolo, 2021-10-28 While all history has the potential to be political, public history is uniquely so. Public historians engage in historical inquiry outside the bubble of scholarly discourse, relying on social networks, political goals, practices, and habits of mind that differ from traditional historians. *Radical Roots: Public History and a Tradition of Social Justice Activism* theorizes and defines public history as future-focused, committed to the advancement of social justice, and engaged in creating a more inclusive public record. Edited by Denise D. Meringolo and with contributions from the field's leading figures, this groundbreaking collection addresses major topics such as museum practices, oral history, grassroots preservation, and community-based learning. It demonstrates the core practices that have shaped radical public history, how they have been mobilized to promote social justice, and how public historians can facilitate civic discourse in order to promote equality. This is a much-needed recalibration as professional organizations and practitioners across genres of public history struggle to diversify their own ranks and to bring contemporary activists into the fold. Catherine Gudis, University of California, Riverside. Taken all together, the articles in this volume highlight the persistent threads of justice work that has characterized the multifaceted history of public history as well as the challenges faced in doing that work. Patricia Mooney Melvin, *The Public Historian*.

On Freedom Road David Goodrich, 2023-02-07 A thoughtful and illuminating bicycle journey along the Underground Railroad by a climate scientist seeking to engage with American history. The traces of the Underground Railroad hide in plain sight: a great church in Philadelphia, a humble old house backing up to the New Jersey Turnpike, an industrial outbuilding in Ohio. Over the course of four years, David Goodrich rode his bicycle 3,000 miles east of the Mississippi to travel the routes of the Underground Railroad and delve into the history and stories in the places where they happened. He followed the most famous of conductors, Harriet Tubman, from where she was enslaved in Maryland on the eastern shore all the way to her family sanctuary at a tiny chapel in Ontario, Canada. Travelling South, he rode from New Orleans, where the enslaved were bought and sold, through Mississippi and the heart of the Delta Blues. As we pedal along with him, Goodrich brings us to the Borderland along the Ohio River, a kind of no-man's land between North and South in the years before the Civil War. Here, slave hunters roamed both banks of the river, trying to catch people as they fled for freedom. We travel to Oberlin, Ohio, a town that staunchly defended freedom seekers embodied in the life of Lewis Leary, who was lost in the fires of Harpers Ferry, but his spirit was reborn in the Harlem Renaissance. *On Freedom Road* enables us to see familiar

places New York and Philadelphia New Orleans and Buffalo in a very different light from the vantage point of desperate people seeking to outrun the reach of slavery Join in this journey to find the heroes and stories both known and hidden of the Underground Railroad
