Better Living by Their Own Bootstraps Cherisse Jones-Branch, 2023-04-28 The first major study to consider Black women s activism in rural Arkansas Better Living by Their Own Bootstraps foregrounds activists quest to improve Black communities through language and foodways as well as politics and community organizing In reexamining these efforts Cherisse Jones Branch lifts many important figures out of obscurity positioning them squarely within Arkansas s agrarian history The Black women activists highlighted here include home demonstration agents employed by the Arkansas Agricultural Cooperative

Extension Service and Jeanes Supervising Industrial Teachers all of whom possessed an acute understanding of the difficulties that African Americans faced in rural spaces Examining these activists through a historical lens Jones Branch reveals how educated middle class Black women worked with their less educated rural sisters to create all female spaces where they confronted economic educational public health political and theological concerns free from white regulation and interference Centered on the period between 1914 and 1965 *Better Living by Their Own Bootstraps* brings long overdue attention to an important chapter in Arkansas history spotlighting a group of Black women activists who uplifted their communities while subverting the formidable structures of white supremacy *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954*, 2003 *Last Season of Innocence* Victor Brooks, 2012-04-05 *Last Season of Innocence* discusses the lives of the preteens and teenagers who were in junior high school high school and the first year of college in the 1960s These are the young people who read *Seventeen* and *Mad* watched more television than their older siblings and tended to listen to 45 rpm singles or mono LPs rather than the more sophisticated stereo albums of their older siblings Substantial numbers of these teens could and did join political protests but they also engaged in a more personal daily struggle with school dress codes and parental intrusion on social life In a nation where a third of the population was under nineteen they were hardly invisible but their experience seems to have been marginalized by the twenty somethings who largely redefined the meaning of the youth culture and took center stage in doing so Brooks offers a unique account of the much chronicled 1960s by examining the experiences of these preteens and teenagers *Weekly Compilation of Presidential Documents*, 2003 *Embodying the Dead* Claire Hind, Gary Winters, 2019-11-13 Where do we find the dead Do the dead appear in our dreams What is it like to play dead This book is an exciting exploration of the relationship between death and play in performance Exploring a range of artists and creative disciplines that remember personify and re imagine the dead it playfully unpacks the psychoanalytic concepts of the Death Drive Desire and the Uncanny as a way of thinking about performance *Embodying the Dead* draws on work of Gary Winters and Claire Hind and the various qualities of deadness found in their projects The authors work includes live art theatre installation Super 8mm film walking arts practice and durational performance This book includes scripts and scores of their performances original creative texts interviews with internationally renowned artists and a series of practice led research tasks to support readers creating their own imaginative performance work Rich in creative and critical content this book is ideal for students of drama theatre and performance studies who have an interest in devised theatre theatre making writing for performance and intermedial practice **Congressional Record** United States. Congress, 2017-06-26 *Hurricane Katrina* James Patterson Smith, 2012-03-05 This book presents the fullest account yet written of the impact of Hurricane Katrina on the Mississippi Gulf Coast Rooted in a wealth of oral histories it tells the dramatic but underreported story of a people who confronted the unprecedented devastation of sixty five thousand homes when the eye wall and powerful northeast quadrant of the hurricane

swept a record thirty foot storm surge across a seventy five mile stretch of unprotected Mississippi towns and cities James Patterson Smith takes us through life and death accounts of storm day August 29 2005 and the precarious days of food and water shortages that followed Along the way the narrative treats us to inspiring episodes of neighborly compassion and creative responses to the greatest natural disaster in American history The heroes of this saga are the local people and local officials In often moving accounts the book addresses the Mississippi Gulf Coast s long struggle to remove a record setting volume of debris and get on with the rebuilding of homes schools jobs and public infrastructure Along the way readers are offered insights into the politics of recovery funding and the bureaucratic bungling and hubris that afflicted the storm response and complicated and delayed the work of recovery Still there are ample accounts of things done well and a moving chapter gives us a feel for the psychological spiritual and material impact of the eight hundred thousand people from across the nation who gave of themselves as volunteers in the Mississippi recovery effort     Baseball in Kennesaw Shannon Caudill and Joe Bozeman ,2020 The town of Kennesaw was officially incorporated in 1887 and organized a baseball team shortly thereafter In June 1908 the Atlanta Journal Constitution ran a headline Hail to the Amateurs Here s a Good Georgia Bunch featuring a photograph of the team with Kennesaw emblazoned across their jerseys Kennesaw s former semiprofessional team the Smokers its little league parks four high schools and Kennesaw State University have contributed to a robust regional baseball culture These respected and diverse baseball programs have produced many college level minor league and major league players     **The Cambridge Companion to the Beatles** Kenneth Womack,2009-11-12 From Please Please Me to Abbey Road the fascinating story of the Fab Four s creation works and enduring musical legacy     *Chinese Chicago* Huping Ling,2012-01-18 Numerous studies have documented the transnational experiences and local activities of Chinese immigrants in California and New York in the late nineteenth and early twentieth centuries Less is known about the vibrant Chinese American community that developed at the same time in Chicago In this sweeping account Huping Ling offers the first comprehensive history of Chinese in Chicago beginning with the arrival of the pioneering Moy brothers in the 1870s and continuing to the present Ling focuses on how race transnational migration and community have defined Chinese in Chicago Drawing upon archival documents in English and Chinese she charts how Chinese made a place for themselves among the multiethnic neighborhoods of Chicago cultivating friendships with local authorities and consciously avoiding racial conflicts Ling takes readers through the decades exploring evolving family structures and relationships the development of community organizations and the operation of transnational businesses She pays particular attention to the influential role of Chinese in Chicago s academic and intellectual communities and to the complex and conflicting relationships among today s more dispersed Chinese Americans in Chicago     *The Multiracial Promise* Gordon K. Mantler,2023-02-07 In April 1983 a dynamic multiracial political coalition did the unthinkable electing Harold Washington as the first Black mayor of Chicago Washington s victory was unlikely not just because America s second city was one of the nation s most racially balkanized but also

because it came at a time when Ronald Reagan and other political conservatives seemed resurgent Washington's initial win and reelection in 1987 established the charismatic politician as a folk hero It also bolstered hope among Democrats that the party could win elections by pulling together multiracial urban voters around progressive causes Yet what could be called the Washington era revealed clear limits to electoral politics and racial coalition building when decoupled from neighborhood based movement organizing Drawing on a rich array of archives and oral history interviews Gordon K Mantler offers a bold reexamination of the Harold Washington movement and moment Taking readers into Chicago's street level politics and the often tense relationships among communities and their organizers Mantler shows how white supremacy deindustrialization dysfunction and voters own contradictory expectations stubbornly impeded many of Washington's proposed reforms Ultimately Washington's historic victory and the thwarted ambitions of his administration provide a cautionary tale about the peril of placing too much weight on electoral politics above other forms of civic action a lesson today's activists would do well to heed
