surprise from the study concerns the number of older recruits a few even over fifty years who served as infantrymen The study also recalls defunct regiments like the Connaught Rangers or the Leinster Regiment which gained four Victoria Cross awards in WW1 Military units emerge with less familiar names for instance the Inland Water Transport Corps The study extends to the wider local civilian communities drawn into the European war of 1914 1918 especially the enormous contribution made by the remarkable women involved in relief work and the tragedy sometimes resulting from that commitment An example from the region is Venice C H Hackett a Voluntary Aid Detachment VAD nurse who returned ill to London from abroad only to die in October 1918 from the raging Spanish flu Her remains lie in Liss County Offaly Yet countless names of civilian helpers are unknown Who indeed answered the bugle call     Ian Fleming's James Bond John Griswold,2006 Updated and expanded including many illustrations by George Almond Plus clearer translations of foreign terms Ian Fleming s James Bond Annotations and Chronologies for Ian Fleming s Bond Stories officially approved by Ian Fleming Publications Ltd formerly Glidrose with a Preface by Andrew Lycett and Forewords by Zo Watkins Publishing Manager Ian Fleming Publications Ltd Raymond Benson author of The James Bond Bedside Companion six original 007 novels and numerous non Bond novels This book is the result of analysis of each of Fleming s James Bond novels Within are glossaries of applicable terminology and references with detailed chronologies of events including annotations Detailed chronologies of events are represented at a day of week month day year and time of day level Glossaries contain translations of foreign terms annotations and other information of interest such as detailed information on the origin of Saramanga s name The Man with the Golden Gun Maps have been created for many of the novels along with in depth information concerning specific topics such as the Moonraker bridge game and the Goldfinger golf game In many instances monetary amounts have been converted to their 2001 purchasing power equivalent Differences found between published versions and the original Fleming manuscripts archived at Indiana University s Lilly Library have been noted     **Overturn Countermeasures for Vehicles** Melvin L Myers,2022-01-17 This book describes the century long emergence and battle to protect drivers and occupants of off road and on road vehicles from crush related injuries from rollovers Deaths and serious injuries have been associated with vehicle overturns that involve tractors other motorized machinery automobiles and small vehicles It took more than a century to attend to much of this epidemic of death and disabling injury that resulted from these overturns This book argues that a key factor in this response was epidemiology that reported rollover related deaths and engineering revisionism that moved responses from blame the victim to rollbars to prevent the deaths
