Harsh And Dreadful Love:

The Brothers Karamazov Fyodor Dostoyevsky, 1922 **A Revolution of the Heart** Patrick G. Coy, 1988 These new essays by scholars activists and workers examine themes events and people that have shaped and continue to build the Catholic Worker movement Voices from both inside and outside the movement provide a much needed analysis of the ongoing significance of the Worker experiment of voluntary poverty gospel nonviolence and solidarity with the poor as a movement in U S religious history Five of the eleven essays focus on individuals who were central to the movement s development Dorothy Day Peter Maurin and Ammon Hennacy Four essays explore critically important themes of the Catholic Worker the practice of nonviolence in the often violent atmosphere of hospitality houses for the homeless prophetic spirituality the relationship of radical politics to religious orthodoxy and the differences and similarities between Catholic Worker pacifism and Vietnam era draft board raids led by the Berrigan brothers A final section attends to the decentralized nature of this essentially anarchist movement offering case histories of Worker communities in St Louis and Chicago With increasing numbers of Christians turning to the gospel call of peace simplicity and service and with over one hundred Catholic Worker communities existing in the United States this timely collection offers a fresh analysis of the movement s tradition and its contribution to American culture Author note Patrick G Coy formerly Coordinator of the Peace and Justice Ministry at St Louis University is a member of the Karen Catholic Worker House Community and is on the National Council of the Fellowship of Reconciliation **A Harsh and Dreadful Love** William Lee Miller, 1973 **God in Gotham** Jon Butler, 2020-09-29 A master historian traces the flourishing of organized religion in Manhattan between the 1880s and the 1960s revealing how faith adapted and thrived in the supposed capital of American secularism In Gilded Age Manhattan Catholic Jewish and Protestant leaders agonized over the fate of traditional religious practice amid chaotic and multiplying pluralism Massive immigration the anonymity of urban life and modernity s rationalism bureaucratization and professionalization seemingly eviscerated the sense of religious community Yet fears of religion s demise were dramatically overblown Jon Butler finds a spiritual hothouse in the supposed capital of American secularism By the 1950s Manhattan was full of the sacred Catholics Jews and Protestants peppered the borough with sanctuaries great and small Manhattan became a center of religious publishing and broadcasting and was home to august spiritual reformers from Reinhold Niebuhr to Abraham Heschel Dorothy Day and Norman Vincent Peale A host of white nontraditional groups met in midtown hotels while black worshippers gathered in Harlem s storefront churches Though denied the ministry almost everywhere women shaped the lived religion of congregations founded missionary societies and in organizations such as the Zionist Hadassah fused spirituality and political activism And after 1945 when Manhattan s young families rushed to New Jersey and Long Island s booming suburbs they recreated the religious institutions that had shaped their youth God in Gotham portrays a city where people of faith engaged modernity rather than foundered in it Far from the world of disenchantment that sociologist Max

Weber bemoaned modern Manhattan actually birthed an urban spiritual landscape of unparalleled breadth suggesting that modernity enabled rather than crippled religion in America well into the 1960s

Hellfire from Paradise Ranch Joseba Zulaika,2020-03-03 In this intimate and innovative work terror expert Joseba Zulaika examines drone warfare as manhunting carried out via satellite Using Creech Air Force Base near Las Vegas as his center of study he interviews drone operators as well as resisters to the war economy of the region to expose the layers of fantasy on which counterterrorism and its self sustaining logic are grounded Hellfire from Paradise Ranch exposes the terror and warfare of drone killings that dominate our modern military It unveils the trauma drone operators experience in part due to their visual intimacy with their victims and explores the resistance to drone killings in the same apocalyptic Nevada desert where nuclear testing pacifist militancy and Shoshone tradition overlap Stunning and absorbing Zulaika offers a richly detailed account of how we continue to manufacture deconstruct and perpetuate terror

A Theory of Personalism Thomas R. Rourke,Rosita A. Chazarreta Rourke,2006-12-01 This distinctive and contemporary departure from hackneyed discussions of political theory introduces readers to a contemporary personalism rooted in the work of Bartolome de Las Casas and emerging again in the contributions of Dorothy Day Peter Maurin as well as the liberation theology of Gustavo Guterrez and Jon Sobrino Thomas R Rourke and Rosita A Chazarreta Rourke introduce readers to new sources of personalism by investigating and revising the intellectual history of this theory and its development

The Catholic Counterculture in America, 1933-1962 James Terence Fisher,2001-02-01 James Fisher argues that Catholic culture was transformed when products of the immigrant church largely inspired by converts like Dorothy Day launched a variety of spiritual communitarian and literary experiments He also explores the life and works

Church William Henn,2004-01-04 Henn think that the Church is a uniquely distinctive grouping of people because its origins and aims fundamentally concern the relationship of humans with God Because God initiates this relationship the Church is rightly understood as the result of his redeeming activity He argues that the encounter with Christ which gave birth to the Church is as necessary as ever for it to continue in existence now Thus the Church today needs to be a community in which people can meet the living risen Jesus All those who know Christ should be friends to each other and should share the Eucharist which Jesus gave the Church to evening before his death Therefore the great fruits of the ecumenical movement during the past century need to serve as the basis for realistic steps towards greater communion

The Making of a Mystic Francis L. Gross,Toni Perior Gross,1993-01-01 This is a passionate book about a gifted woman It is written from a psychological viewpoint using the developmental point of view of a number of contemporary developmental psychologists both men and women It is a critique of contemporary American shallowness and is an apologia for a feminist ethic and a feminist sense of prayer in a world dominated by competition abstraction and unthinking labor

The ^AStory of Jazz Marshall W. Stearns,1970-09-15 The effect of jazz upon American culture and the American character has been all pervasive This superlative history is the first and the most renowned systematic outline of the

evolution of this unique American musical phenomenon Stearns begins with the joining of the African Negro s musical heritage with European forms and the birth of jazz in New Orleans then follows its course through the era of swing and bop to the beginnings of rock in the 50s vividly depicting the great innovators and covering such technical elements as the music s form and structure America's Church Thomas A. Tweed,2011-06-28 The National Shrine in Washington DC has been deeply loved blithely ignored and passionately criticized It has been praised as a dazzling jewel and dismissed as a towering Byzantine beach ball In this intriguing and inventive book Thomas Tweed shows that the Shrine is also an illuminating site from which to tell the story of twentieth century Catholicism He organizes his narrative around six themes that characterize U S Catholicism and he ties these themes to the Shrine s material culture to images artifacts or devotional spaces **The Teachings of Modern Christianity on Law, Politics, and Human Nature** John Witte (Jr.),John Witte, Frank S. Alexander,2006 This is a major project to be undertaken as part of a broad initiative of the Pew Charitable Trusts and the University of Notre Dame on the role of Christianity in modern society John Witte is one of the editors of the forthcoming Sex Marriage and the Family A Reader in World Religions **The Holy Spirit** Stanley Hauerwas,Bishop William H. Willimon,2015-10-06 Do you realize what baptism really means Through the Holy Spirit we become part of the Body of Christ The work of the Spirit is often thought of as inspirational but it s more than a personal experience and this book challenges some of those individualistic and subjectivist accounts You ll come to understand that the Holy Spirit is who God is and what God does as the Trinity And you ll learn how to prayerfully embrace this gift that created the church and become empowered to live out holy love and friendship in the world Hauerwas and Willimon are among the most reliable teachers of the church Ours is a time when faithful teaching is urgent in the church that is compromised bewildered and domesticated This study by these trustworthy teachers on the Holy Spirit is a robust affirmation of the way in which core claims made concerning God s Spirit matter concretely in the life of the church This book is an invitation to fresh learning to repentance and to the recovery of missional nerve Walter Brueggemann Columbia Theological Seminary For too long many Christians have neglected the Holy Spirit some even fear the Holy Spirit Hauerwas and Willimon challenge them to rediscover the Comforter the Advocate for the renewal of the Christian church and the world This is a welcome and much needed corrective to common Christian forgetfulness of the Spirit Roger E Olson Foy Valentine Professor of Christian Theology and Ethics George W Truett Theological Seminary Baylor University The Holy Spirit is too often considered the junior partner of the Trinity Therefore this book by two eminent churchmen is a cause for celebration reminding us of the importance and vitality of an orthodox view of God s Spirit Tony Jones author of Did God Kill Jesus and theologian in residence at Solomon s Porch in Minneapolis He teaches theology at Fuller Theological Seminary and United Theological Seminary of the Twin Cities When these two long time theologian friends and disciples of Jesus gather in a room to write you can be sure that you will hear a sound of a rushing mighty wind feel the heat of holy fire and be ignited by dynamite on the page as you read Whether it be the Trinity

Pentecost holiness or the last things this is not just another book this is literary bread from heaven fed to you by anointed servants of the Holy Spirit Take eat and be filled with the Spirit of Christ Luke A Powery Dean of the Chapel and Associate Professor of Homiletics Duke University This engaging and accessible pneumatological overview written by two leading voices of theological wisdom and church renewal is a rich collaborative discussion which weaves together poignant and wide ranging doctrinal insight from the historic creeds to the Wesleyan heritage to contemporary Pentecostalism punctuated by perceptive liturgical applications fresh biblical expositions memorable testimonial observations and passionate pastoral appeals all driving toward the earnest prayer of its authors Come Holy Spirit Rickie D Moore Associate Dean of the School of Religion Professor of Old Testament Lee University An Inconvenient Apocalypse Wes Jackson, Robert Jensen, 2022-09-01

Confronting harsh ecological realities and the multiple cascading crises facing our world today *An Inconvenient Apocalypse* argues that humanity's future will be defined not by expansion but by contraction For decades our world has understood that we are on the brink of an apocalypse and yet the only implemented solutions have been small and convenient feel good initiatives that avoid unpleasant truths about the root causes of our impending disaster Wes Jackson and Robert Jensen argue that we must reconsider the origins of the consumption crisis and the challenges we face in creating a survivable future Longstanding assumptions about economic growth and technological progress the dream of a future of endless bounty are no longer tenable The climate crisis has already progressed beyond simple or nondisruptive solutions The end result will be apocalyptic the only question now is how bad it will be Jackson and Jensen examine how geographic determinism shaped our past and led to today's social injustice consumerist culture and high energy high technology dystopias The solution requires addressing today's systemic failures and confronting human nature by recognizing the limits of our ability to predict how those failures will play out over time Though these massive challenges can feel overwhelming Jackson and Jensen weave a secular reading of theological concepts the prophetic the apocalyptic a saving remnant and grace to chart a collective realistic path for humanity not only to survive our apocalypse but also to emerge on the other side with a renewed appreciation of the larger living world *Poverty in the Promised Land* Walter Brueggemann, 2024 Jesus said The poor will always be with you While this has proven true Walter Brueggemann challenges systemic and structural ways poverty is reproduced by pointing beyond charity and benevolence to the power of neighborliness as poverty's antidotes Apostolic Religious Life in America Today Richard Gribble, 2011-08-17 Apostolic religious life in the United States today is in a state of crisis Signs of this situation are readily apparent and well known to all who practice Roman Catholicism The significant decline in the number of priests and religious and fewer vocations to religious congregations have produced a severe blow to formerly active apostolates and brought grave concern for the future of these ministries While the reasons for this present situation are complex interpretation of the documents of Vatican II is clearly one very important factor Scholars hold two basic interpretations of the Council the hermeneutic of rupture sees the Council as a revolution which placed the Church on a

completely new trajectory A second hermeneutic however views the Council as reform with continuity While most literature to date has analyzed the hermeneutic of rupture and the consequent transformation of apostolic religious life this book describes the opposite position Divided into two parts this volume first presents an analysis of the problem and secondly a solution to place apostolic religious life on a positive trajectory in the 21st century The first section of this book describes how the hermeneutic of rupture is an incorrect reading of Vatican II Rather the Council in addressing numerous issues did not break from the past but rather sought to understand Church teaching in more contemporary ways but with continuity to the Tradition Essays in this section describe this misreading of Vatican II the consequent misunderstanding of the evangelical counsels and the rejection of religious signs The second section through an analysis of the writings of Hans Urs von Balthasar Basile Moreau Pope Benedict XVI and a reflection on *Perfectae Caritatis* provides a solution of Christian love as the operative way to reform apostolic religious life today

ABOUT THE EDITOR Richard Gribble C S C is professor of religious studies at Stonehill College He has written four critical biographies including *American Apostle of the Family Rosary The Life of Patrick J Peyton C S C* and *An Archbishop for the People The Life of Edward J Hanna* He is a frequent contributor to many journals including *The Catholic Historical Review* *American Catholic Studies* and the *Journal of Church and State*

PRAISE FOR THE BOOK This book is a true service to those seeking to understand consecrated apostolic life whether they are themselves members of religious orders and congregations or are among those who love the vocation esteem religious Sisters and desire that this calling be strengthened in the Church

Francis Cardinal George O M I Archbishop of Chicago Finally a book that explains why some attempts of religious congregations to renew themselves after Vatican II succeeded and why so many failed Understanding the radical nature of what the vows really require of a religious community is no small achievement The vision of religious consecration set forth in these essays will be a fine road map for the many new groups springing up out of a desire to serve Christ and the Church

Joseph W Koterski S J Professor of Philosophy Fordham University Without a doubt religious life in America today is at a turning point We are well aware of the factors that have brought us to this moment The more interesting and important question is where do we go from here Some have predicted the death of consecrated life as we know it while others have anticipated renewal and re birth This volume indeed views all of religious life in the continuum of the Lord s Paschal Mystery death and resurrection but gives us hope that the call to follow the Lord through the evangelical counsels is far from its predicted end

Most Reverend David M O Connell C M J C D Bishop of Trenton A very significant collection of essay *Faith, Resistance, and the Future* James L. Marsh, Anna J. Brown, 2012 The book presents Daniel Berrigan s contribution and challenge to Catholic social thought The aim of this book is for the first time to make Berrigan s thought and life available to the academic Catholic community and to activists so that a fruitful interaction takes place

Why the Mystics Matter Now Dr. Frederick Bauerschmidt, 2018-08-13 If you ve ever wondered about the mystical writers but found their writing inaccessible then *Why the Mystics Matter Now* is for you This inviting guidebook for

contemporary readers serves as a primer to a body of wisdom that is often viewed as unapproachable but in fact is still relevant to the problems we face today Frederick Bauerschmidt starts where we are in a disenchanted world Then drawing words from those particular mystics whose struggles and questions closely parallel our own he reveals the meaning of their words in clear practical ways With an unconventional engaging and often playful style Bauerschmidt strips away the barriers making the mystics less intimidating and more accessible Featuring THOMAS MERTON TH R SE OF LISIEUX HILDEGARD OF BINGEN JULIAN OF NORWICH MEISTER ECKHART IGNATIUS OF LOYOLA CATHERINE OF SIENA

The Heart of Whiteness Robert Jensen,2020-06-29 An honest look at racism in the United States and the liberal platitudes that attempt to conceal it This book offers an honest and rigorous exploration of what Jensen refers to as the depraved nature of whiteness in the United States Mixing personal experience with data and theory Jensen faces down the difficult realities of race racism and white privilege He argues that any system that denies non white people their full humanity also keeps white people from fully accessing their own The Heart of Whiteness is both a cautionary tale for those who believe that they have transcended racism and also an expression of the hope for genuine transcendence Very few white writers have been able to point out the pathological nature of white privilege and supremacy with the eloquence of Robert Jensen In The Heart of Whiteness Jensen demonstrates not only immense wisdom on the issue of race but does so in the kind of direct and accessible fashion that separates him from virtually any other academic scholar or journalist writing on these subjects today Tim Wise author of Dear White America With radical honesty hard facts and an abundance of insight and compassion Robert Jensen lays out strategies for recognizing and dismantling white privilege and helping others to do the same This text is more than just important it s useful Jensen demonstrates again that he is a leading voice in the American quest for justice Adam Mansbach author of Angry Black White Boy and Go the F to Sleep Jensen s spotlight on the gaps separating the American promise of liberty and justice from the reality is accessible powerful and moving In short it is a terrific piece of anti racist writing Eleanor Bader The Brooklyn Rail

God is Subversive Lee Griffith,2011-04-12 To Lee Griffith being a peacemaker means much more than sporting PEACE T shirts or voting for left wing political candidates Peacemaking is for him a daily practice of community formation lifestyle decisions and prayer ordinary living that is faithful to the gospel and happily out of sync with most of the world most of the time and it is a vital part of following Jesus Christ In these challenging talks Griffith a veteran anti war activist who has been arrested many times for his pro peace demonstrations sets forth a solidly biblical argument for uncompromising nonviolence Along the way he describes encounters with dumpster divers and prostitutes with bag ladies and judges with people who hear voices and see ghosts and he shares how through these encounters and more he has come to know better the subversive God of the gospel
