Murakami and Mitchell in the formation of a new image of Japan the de stereotyping of anachronistic ideas about Japanese national exclusivity enriching by doing so the world literature with new visions of the country and its culture The purpose of the comparative analysis of English and Japanese literary works performed in this work is to reveal both deep analogies and differences in the representation of the image of Japan actualizing the national specificity of the texts This research advances the understanding of how both general and specific components of literary representations of Japan and Japaneseness are manifested in the East West cultural dialogue

Excess and Masculinity in Asian Cultural Productions Kwai-Cheung Lo,2010-08-04 In *Excess and Masculinity in Asian Cultural Productions* Kwai Cheung Lo explores the excesses associated with the phenomenal economic growth in East Asia including surplus capital environmental waste and the unbalanced ratio of men to women in the region connecting the production of capitalist excess to the production of new forms of transnational Asian masculinity Lo draws on Lacanian psychoanalysis and Marxist ideas as well as gender theory in his examination of East Asian cultural products such as religious and parenting books transgender literary fantasies travel writing gangster movies female action heroes and online games Through this analysis Lo argues that the excess of Asia's masculine modernization throws into relief the internal inconsistencies of capitalism itself posing new challenges to the order of global capitalism and suggesting new possible configurations of global modernity

The Japanization of Modernity Rebecca Suter,2020-03-17 Murakami Haruki is perhaps the best known and most widely translated Japanese author of his generation Despite Murakami s critical and commercial success particularly in the United States his role as a mediator between Japanese and American literature and culture is seldom discussed Bringing a comparative perspective to the study of Murakami s fiction Rebecca Suter complicates our understanding of the author s oeuvre and highlights his contributions not only as a popular writer but also as a cultural critic on both sides of the Pacific Suter concentrates on Murakami s short stories less known in the West but equally worthy of critical attention as sites of some of the author s bolder experiments in manipulating literary and everyday language honing cross cultural allusions and crafting metafictional techniques This study scrutinizes Murakami s fictional worlds and their extraliterary contexts through

a range of discursive lenses modernity and postmodernity universalism and particularism imperialism and nationalism Orientalism and globalization By casting new light on the style and substance of Murakami's prose Suter situates the author and his works within the sphere of contemporary Japanese literature and finds him a prominent place within the broader sweep of the global literary scene
