Harvests Under Fire Regional Cooperation For Food Security In Southern Africa:

South Africa and the Logic of Regional Cooperation James J. Hentz, 2005 Examines South Africa's role in regional political economy since its transition to democracy Food Security in Southern Africa, 1974-1994, 1994 **Food Policy and Agriculture in Southern Africa** Richard Mkandawire, K. T. Matlosa, 1993 **Sovereignty as Responsibility** Francis M. Deng, Sadikiel Kimaro, Terrence Lyons, 2010-12-01 The authors assert that sovereignty can no longer be seen as a protection against interference but as a charge of responsibility where the state is accountable to both domestic and external constituencies In internal conflicts in Africa sovereign states have often failed to take responsibility for their own citizens welfare and for the humanitarian consequences of conflict leaving the victims with no assistance This book shows how that responsibility can be exercised by states over their own population and by other states in assistance to their fellow sovereigns Sovereignty as Responsibility presents a framework that should guide both national governments and the international community in discharging their respective responsibilities Broad principles are developed by examining identity as a potential source of conflict governance as a matter of managing conflict and economics as a policy field for deterring conflict Considering conflict management political stability economic development and social welfare as functions of governance the authors develop strategies guidelines and roles for its responsible exercise Some African governments such as South Africa in the 1990s and Ghana since 1980 have demonstrated impressive gains against these standards while others such as Rwanda Somalia Liberia Nigeria and Sudan have failed Opportunities for making sovereignty more responsible and improving the management of conflicts are examined at the regional and international levels The lessons from the mixed successes of regional conflict management actions such as the West African intervention in Liberia the East African mediation in Sudan and international efforts to urge talks to end the conflict in Angola indicate friends and neighbors outside the state in conflict have important roles to play in increasing sovereign responsibility Approaching conflict management from the perspective of the responsibilities of sovereign **Uneven Zimbabwe** Patrick Bond, 1998 Uneven Zimbabwe examines the influence of domestic and international financial markets and financiers in uneven development in Zimbabwe using and contributing to the tools of radical political economy Theoretically Bond begins with criticism of the classical Marxist concepts of finance capital for focusing on institutional characteristics and failing to grasp underlying dynamics Instead as economic crisis tendencies emerge the power of finance periodically intensifies temporarily displacing crisis through time and space and across geographical scales But the limits of the financial solution become evident when paper assets delink from the productive assets they are meant to represent as well as in the role that finance plays in amplifying uneven development across different economic sectors spaces and scales **Drought Management Strategies in Southern Africa** Carol B. or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences
