Jewish Answers to Jewish Questions Concerning the Messiahship of Jesus Joseph David Office, 2007 This book will explore the Old Testament roots of Christianity and how that Judaism and Christianity are inherently the same this book expounds the well founded connection to Jesus and the ancient prophetic writings Prophecy is one of the single most powerful pieces of evidence of the supernatural workings of God on earth and hence a focal point for establishing the Messiahship of Jesus This book is essential for any non believer seeking a case for why he or she should believe that Jesus died was resurrected and that He is ultimately the Savior of our souls In addition the knowledge and understanding that can be gained are not just relevant for non believers but the book is also a powerful tool for Christians who don t know everything there is to know about Messianic prophecy When Christians also understand the true potency of their own faith they are better able to teach Christ to others The author is a recent college graduate having earned his BS in Biology from Valdosta State University in 2005 His life in serving God began at the age of 13 at which time he personally experienced the life changing power of Christ and hence the purpose filled journey began Now he hopes to help others to experience the miraculous power of Jesus that he experienced In relation to the writing of this book the inspiration was born out of a love for the Jewish people and a desire to see all of God s lost sheep saved In addition he also hopes to enlighten everyday Christians making them more aware of the power of the surety of their hope in Christ He currently resides in the southeastern United States

Answer to the Pelagians Saint Augustine (of Hippo), 1999 Augustine was writing the Unfinished Work in Answer to Julian published in this volume when he died in August 430 The Unfinished Work is a rebuttal of Julian of Eclanum s To Florus an eight book text in defense of Pelagianism which had by then been officially condemned by the Church Augustine and Julian had previously written responses to excerpts of one another s work though not in direct correspondence In Unfinished Work however Augustine writes as though speaking to Julian directly making for an engaging and clear read He quotes each point of To Florus to which he responds so the reader gains a comprehensive picture of his opponent s views Once again Augustine defends grace as a gift from God and Jesus as the savior of all humanity

Perspectives on a Real Church Uziah Anthony Harris, 2017-07-20 Will the real church please stand up We exist in a world of extreme flux and volatility one that is unpredictable and filled with pain But why Could it be that the church who was intended to be a model and beacon of light in the earth has instead become a follower and dispenser of the same ills that malign our landscape The church in her pursuit to have church has somehow lost her way the church as an institution has exploded possibly morphing into something not recognized by its author while the organism has suffered causing her to forfeit the influence and power and connection she once possessed In Perspectives on a Real Church we take a look at what and who the church is both where she has been and is currently with the hope of charting a path toward where she could be This literary work takes a look at what the real church should be and seeks to objectively look at whether or not our church is meeting the standard as

well as what can be done in the places where she needs to step up One thing is for certain and that is that the church was created for both goodness and greatness that she was intended as a radical transformative agent in a context where transformation is much needed When the church becomes what she was intended then and only then can she be a catalyst for resurgence and revival to both believers and nonbelievers alike The world in turn will be a better place more capable of reaching its full potential

The Original Sin and Human Diseases Hanna Rizk Wannas MD FRCS ED FICS, 2014-01-30 This text is unique it is the first book of its kind that challenges the theory of evolution by the word of God In the text it will be proved beyond doubt that the word of God is powerful with a two edged sword It divides asunder and exposes the counterfeit and the false Not only that but it proves the validity of the arguments by using medical and surgical studies of the patient's ailments The author is a scientist and a surgeon He studied anatomy and embryology in full details that makes him argue with confidence The doctrine of creation has a solid foundation which is the true word of God The author used the results of surgical procedures that are done by spiritual knowledge compared to others done by natural man whose knowledge is based on the theory of evolution These have changed the procedures from difficult and complicated to a single day procedure with financial gains to the patient and to the public The relation between sin diseases and death is studied and proved beyond doubt The salvation by justification sanctification and righteousness is explained and also proved beyond doubt Man is created and evolved to a higher degree of holiness by the working power of the Holy Spirit contrary to evolution by genetic mutation and natural selection that might promote the man to a high intellectual standard but this usually brings low moral value with it that at the end lead to death from moral decay alcoholism and drug addiction The

evolution is produced by knowledge and experience and it carries with it away from God all the destructive elements to humans
