Hashish The Autobiography Of A Red Sea Smuggler:

Hashish Henry De Monfreid, 2007-07-05 Nobleman writer adventurer and inspiration for the swashbuckling gun runner in the Adventures of Tintin Henri de Monfried lived by his own account a rich restless magnificent life as one of the great travellers of his or any age Infamous as well as famous his name is inextricably linked to the Red Sea and the raffish ports between Suez and Aden in the early years of the twentieth century This is a compelling account of how de Monfried seeks his fortune by becoming a collector and merchant of the fabled Gulf pearls then is drawn into the shadowy world of arms trading slavery smuggling and drugs Hashish was the drug of choice and de Monfried writes of sailing to Suez with illegal cargos dodging blockades and pirates

The Life of the Red Sea Dhow Dionisius A. Agius, 2019-04-04 Few images are as evocative as the silhouette of the Arab dhow as under full sail it tacks to windward on glittering waters of Red Sea before moving across the face of the rising or setting sun In this authoritative new book Dionisius A Agius one of the foremost scholars of Islamic material culture offers a lucid and wide ranging history of the iconic dhow from medieval to modern times Traversing the Arabian and African coasts he shows that the dhow was central not just to commerce but to the vital transmission and exchange of ideas Discussing trade and salt routes shoals and wind patterns spice harvest seasons and the deep and resonant connection between language memory and oral tradition this is the first book to place the dhow in its full and remarkable cultural contexts

Hashish Henri De Monfreid, 1992-09-01 Henry de Monfreid was a nobleman writer smuggler and adventurer who travelled the world during the 1920s with his wife and young daughter in search of excitement and quick money First seeking his fortune by becoming a collector and merchant of the fabled Gulf pearls he was then drawn into the shadowy world of arms trading slavery and drugs When he decided to set out on his own transporting hashish from Piraeus to Suez his daring and initiative compensated for his lack of knowledge and experience Written with an engaging wit and charm Hashish describes de Monfreid's fail safe hiding places for contraband how to catch a water turtle and the aphrodisiac properties of shark meat and is alive with the people he encountered on his travels from paunchy customs officials and Bedouin camel drivers to a marooned Dankali fisherman and a jovial Greek undertaker **BOOK JACKET**

Shanghai on the Metro Michael B. Miller, 2023-04-28 Secret agents gun runners White Russians and con men they all play a part in Michael B Miller's strikingly original study of interwar France Based on extensive research in security files and a mass of printed sources Shanghai on the Metro shows how a distinctive milieu of spies and spy literature emerged between the two world wars reflecting the atmosphere and concerns of these years Miller argues that French fascination with intrigue between the wars reveals a far more assured and playful national mood than historians have hitherto discerned in the final decades of the Third Republic But the larger history set in motion by World War I and the subsequent reading of French history into global history are the true subjects of this work Reconstituting through his own narratives the histories of interwar travel and adventure and the willful turning of contemporary affairs into a source of romance Miller recovers the

ambience and special qualities of the age that produced its intrigues and its tales of spies This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994

Adventures of a Hashish Smuggler Henri de Monfreid, 2017-04-26 Nobleman writer adventurer and inspiration for the swashbuckling gun runner in the Adventures of Tintin Henri de Monfreid lived by his own account a rich restless magnificent life as one of the great travelers of his or any age The son of a French artist who knew Paul Gauguin as a child de Monfreid sought his fortune by becoming a collector and merchant of the fabled Persian Gulf pearls He was then drawn into the shadowy world of arms trading slavery smuggling and drugs Infamous as well as famous his name is inextricably linked to the Red Sea and the raffish ports between Suez and Aden in the early years of the twentieth century De Monfreid 1879 to 1974 had a long life of many adventures around the Horn of Africa where he dodged pirates as well as the authorities In Adventures of a Hashish Smuggler de Monfreid who was not particularly law abiding by nature and was essentially a professional gunrunner tells the story of his one foray into the world of hashish smuggling during the 1920s The source of the hashish was Greece where hemp was openly grown The market was Egypt where the British government had banned the popular drug When de Monfreid got the notion of going to Greece to purchase hashish to smuggle into Egypt he didn t even know what hashish looked like De Monfreid arranged to have 600 kilos of hashish brought from Greece to Marseilles and then into Djibouti a French colony From there he sailed with it in his own *boutre* or dhow and a loyal crew of natives assembled when he had run the pearl diving operation up the Red Sea to Suez from where the shipment was carried on to Cairo by camel caravan Along the way de Monfreid had several close calls and met a number of colorful characters Shortly after de Monfreid s venture the Greek monarchy was turned out and the Second Hellenic Republic was declared Under strong pressure and with economic inducements from Great Britain the new Greek government outlawed the production of hashish

Smuggling Simon Harvey, 2016-04-15 A cellar door creaked open in the middle of the night or a hand slipping quickly into a trenchcoat the most compelling transactions are surely those we never see Smuggling can conjure images of adventure and rebellion in popular culture Han Solo knew all about it as did Al Capone but as Simon Harvey shows in this fascinating book smuggling has had a profound effect on the geopolitics of the world Shining a light onto seven centuries of dark history he illuminates a world of intrigue and fortunes hinged on outlaw desires and those who have been willing to fulfill them Harvey tells this story by focusing on the most coveted contrabands of their time In the Age of Discovery these were silk spices and silver During the days of western empires they were gold opium tea and rubber And in modern times it has been of course drugs To the side of these major commodities he looks at a wide array of things that have always been in

smugglers trunks from guns to art to the most dangerous of all ideas Central to this story are the not always legitimate forces of the Dutch and British East India Companies the luminaries of the Spanish Empire Napoleon Bonaparte the Nazis Soviet trophy brigades and the CIA all of whom have made smuggling at one point or another part of their modus operandi Beneath this Harvey traces out the smaller time smugglers the micro economies of everyday goods precious objects and people drawing the whole story together into a map of a subterranean world crisscrossed by smugglers paths All told this is the story of the unrelenting drive of markets to subvert the law of the invisible seams that have sewn the globe together
