Hasidism Continuity Or Innovation:

Hasidism Bezalel Safran, 1989-01-01 **The Besht** Immanuel Etkes, 2012-02-14 Now available in English a provocative new biography of the founder of Hasidism *Suffering Time: Philosophical, Kabbalistic, and Hasidic Reflections on Temporality* Elliot R. Wolfson, 2021-05-25 No one theory of time is pursued in these essays but a major theme that threads them together is Wolfson's signature idea of the timeswerve as a linear circularity or a circular linearity expressions that are meant to avoid the conventional split between the two temporal modalities of the line and the circle The conception of time elicited by Wolfson from a host of philosophical and mystical sources both Jewish and non Jewish buttresses the contention that it is precisely structural invariability that engenders interpretive variation This hermeneutical axiom is justified in turn by the presumption regarding the cadence of time as the constant return of what has always been what is yet to be The telling of time wells forth from the time of telling One cannot speak of the being of time consequently except from the standpoint of the time of being nor of the time of being except from the standpoint of the being of time *The Faith of the Mithnagdim* Allan Nadler, 1999-07-20 *The Faith of the Mithnagdim* is the first study of the theological roots of the Mithnagdic objection to Hasidism Allan Nadler's pioneering effort fills the void in scholarship on Mithnagdic thought and corrects the impression that there were no compelling theological alternatives to Hasidism during the period of its rapid spread across Eastern Europe at the turn of the nineteenth century In Nadler's account Mithnagdism emerges as a highly developed religious outlook that is essentially conservative deeply dualistic and profoundly pessimistic about humanity's spiritual potential all in stark contrast to Hasidism's optimism and aggressive encouragement of mysticism and religious rapture among its followers *Martin Buber on Myth (RLE Myth)* S. Daniel Breslauer, 2015-03-05 This book first published in 1990 summarizes and evaluates the contribution of Martin Buber as a theorist of myth Buber provides explicit guidelines for understanding and evaluating myths He describes reality as twofold people live either in a world of things to which they relate as a subject controlling its objects or in a world of self-conscious others with whom one relates as fellow subjects Human beings require both types of reality but also a means of moving from one to the other Buber understands myths as one such means by which people pass from I-It reality to I-You meeting In studying myths he focuses on the myths in the traditions he knows best but offers his advice and interpretation of mythology and scholarship about mythology generally

Sacred Speakers Simeon D. Baumel, 2006 Despite its outwardly static and traditional appearance the Haredi ultra Orthodox world is engaged in a constant cultural dialogue with modernity This dialogue is exceptionally visible in the realm of language as shown in this study that examines the language and culture of four ultra Orthodox groups found in Israel the Ashkenazi European Mitnagdim Lithuanians and the Oriental Sefaradi Haredim After the presentation of the historical background of the four sects the author analyzes the public and private domains focusing on language as used in many different forms and situations and on the management of language He furthermore compares the language policies of British

American and French Haredim belonging to the Habad Gur Mitnagdic and Sefaradi sects to those in Israel and finds many similarities between the groups The book concludes with the proposal of an interdisciplinary model based on the Haredi case study which can be used by language planners worldwide to understand the issues of language maintenance and loss among ethnic and ethno religious minorities

Towards the Mystical Experience of Modernity Yehudah Mirsky,2021-08-10 Avraham Yitzhaq Ha Cohen Kook 1865 1935 stands as a colossal figure of modern Jewish history and thought Jurist mystic poet theologian communal leader founder of the modern Chief Rabbinate and still the defining thinker of Religious Zionism he is indispensable for understanding modern Jewish thought the contemporary State of Israel and the most fundamental interactions of religion nationalism ethics and spirituality Despite countless studies of him almost no full fledged intellectual biography of him exists in any language This study of the years before his momentous move to Jaffa in 1904 drawing on little known works including recently published manuscripts begins to fill that gap It traces his life and times in the remarkably intense Rabbinic intellectual milieu of late nineteenth century Eastern Europe and his path from a profound regularly rationalist traditionalism towards a dynamic theology and spiritual practice weaving together Kabbalah philosophy universal ethics and romantic mysticism

The Holy Fire Nehemia Polen,1999-06-01 The Holy Fire The Teachings of Rabbi Kalonymus Kalman Shapira the Rebbe of the Warsaw Ghetto is a journey into the mind and spirit of a sublime hasidic master in his moments of joy and tranquillity and later in his time of personal and communal catastrophe The reader takes a voyage into the rich and variegated world of twentieth century Hasidism in Poland a world destroyed by the Holocaust This is a volume inspired by a deeply sensitive and poetic individual of faith who is grappling with an unfolding disaster While the Holocaust has engendered a voluminous body of religious and philosophical writings attempting to probe the issues this unfathomable period raises in all their enormity virtually all were written after the war when a modicum of distance and reflection is possible Contemporaneous diaries and chronicles written as the events were happening concentrate on the descriptive accounts of the horrors The Holy Fire however engages a sustained theological reflection and stands alone as an extended religious response from within the heart of darkness itself while the catastrophe takes place and is for this reason an extraordinary document and an astonishing personal achievement

Jewish Thought and Scientific Discovery in Early Modern Europe David B. Ruderman, 2001 A study on the scientific dimension of Jewish intellectual history in the early modern world Louis Jacobs and the Quest for a Contemporary Jewish Theology Miri Freud-Kandel, 2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools
