Hastings and the Rohilla War Sir John Strachey,1892      **Hastings and the Rohilla War** John Strachey,1985-06-01 The reputation of Warren Hastings the Governor of Bengal from 13th April 1772 to 1st February 1785 has passed through remarkable vicissitudes Calumny invective and obloquy have made this builder of British India the most controversial figure Thousands of educated people both in England and India are filled with indignation when they read of his atrocious acts the judicial murder of Nand Kumar the extermination of the Rohillas and the plunder of the Begums The author who passed several years of his Indian Civil Service in the province of Rohilkhand had the chance of making personal investigations against the worst of Hastings' crimes i.e. the extermination of the Rohillas To his utter surprise he found that the terrible accusations levelled against him by the great writers and rhetoricians namely Burke Mill and Macaulay which fill Englishmen with shame even to day were misrepresentations and garbling of documents suppressing the truth      Hastings and the Rohilla War Sir John Strachey,1985      *Hastings and the Rohilla War* Sir John Strachey,2015-09-01 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Hastings and the Rohilla War - War College Series** John Strachey, Sir,2015-02-19 This is a curated and comprehensive collection of the most important works covering matters related to national security diplomacy defense war strategy and tactics The collection spans centuries of thought and experience and includes the latest analysis of international threats both conventional and asymmetric It also includes riveting first person accounts of historic battles and wars Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world As with any reproduction of a historical artifact some of these books contain missing or blurred pages poor pictures errant marks etc We believe these books are essential to this collection and the study of war and have therefore brought them back into print despite these imperfections We hope you enjoy the unmatched breadth and depth of this collection from the historical to the just published works      **Hastings and the Rohilla War (Classic Reprint)** Sir John Strachey,2015-07-10 Excerpt from *Hastings and the Rohilla War* I cannot more clearly explain the reasons for which this history has been written than by making the following quotation from a book of my

own published three years ago Sir Henry Maine has pointed out with admirable truth the consequences in India of the fact that English Classical literature towards the end of the last century was saturated with party politics This he says would have been a less serious fact if at this epoch one chief topic of the great writers and rhetoricians of Burke and Sheridan of Fox and Francis had not been India itself I have no doubt that the view of Indian government taken at the end of the century by Englishmen whose works and speeches are held to be models of English style has had deep effect on the mind of the educated Indian of this day We are only now beginning to see how excessively inaccurate were their statements of fact and how one sided were their judgments These remarks of Sir Henry Maine point to what I have long believed to be a serious misfortune to our Indian Government the non existence of any history of British India which is trustworthy and complete in its facts and which at the same time possesses the essential quality of literary excellence Since the earlier part of the present century the old stories of the crimes by which the establishment of our power in India was attended have been passed on from one author to another About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
