My Daughter's Rated "X" Robert A. Fisher, Arthur Marx, 1975

A Faerie Child Jean Rafferty, 2014-12-20 Strong feeling uncompromising frankness Marina Warner After suffering the torments of miscarriage for the ninth time Mara has become desperate for a baby of her own Desperate enough to try almost anything A modern retelling of the age old changeling myth originally published in *The Four Marys* a quartet of contemporary novellas drawing on Celtic history and folklore and exploring sometimes provocative themes of femininity and motherhood

Bunny Lake Is Missing Evelyn Piper, 2012-10-01 The classic novel of suspense is a headlong story of nerve wracking tension psychological validity and emotional drive Oakland Tribune Blanche Lake is not like the other mothers who come to collect their children at the local nursery school on New York s Upper East Side She lives alone has a job and has never been married It s the first day of school when this story begins and Blanche is eager to see how her daughter Bunny has fared away from home But her expectant waiting becomes a mother s most dreaded nightmare Bunny never materializes Neither teachers nor students recall the small girl and soon Blanche is engaged in a frantic search for any trace of her missing daughter And the worst part is no one believes her In this fraught and at times freakish tale of suspense Evelyn Piper takes us deep into the psyche of the 1950s to explore American fetishes fallacies and fears around motherhood and sexuality Blanche emerges as a new kind of heroine a hard boiled mom with gun in hand willing to take any risk to find her missing daughter A classic thriller a riveting revisit to the dark side of the fifties where the tension beneath the calm surface has an undertow that drags the reader into its grip Prime pulp pure pleasure Linda Fairstein author of *The Bone Vault*

"They Just Need to Get a Job" Mary Brosnahan, 2024-11-12 Readers will come away infuriated with a greater understanding of the systemic causes of homelessness and with more compassion for their homeless neighbors Essential reading for any community affected by homelessness which is all of them Booklist Starred Review For readers of Andrea Elliott and Matthew Desmond the former CEO of the Coalition for the Homeless breaks through the highly destructive misinformation surrounding our homeless neighbors Conservative think tanks like the Manhattan Institute disseminate anti homeless myths in the media legislatures and the larger culture claiming that our homeless neighbors cause their own predicament and that the best we can do is

manage the problem Drawing on her deep legal knowledge policy expertise and decades of frontline service Mary Brosnahan cuts through the misinformation to deliver two important messages that homelessness ultimately stems from a lack of investment in affordable housing and that the greatest myth of all is that we should have no hope In fact the proven solutions are well documented and the ability to enact them depends on us all Brosnahan takes a nationwide look from New York to Detroit Philly to L A and from rural areas such as Cumberland County Pennsylvania to debunk 15 widespread misconceptions including that the problem is inevitable in fact Housing First approaches have shown great success that handouts cause homelessness in fact the primary causes are flat wages and high rent that homeless people need to prove that they re ready to receive aid in fact enforcing hurdles is far more expensive and less effective than Housing First With brilliant insight Brosnahan showcases how by dispelling these pervasive myths rooted in fear we can embrace the affordable housing based solutions that will bring our impoverished neighbors home *The Babytalk Insider's Guide to Your Baby's First Year*

Individual in the Making Edwin Asbury Kirkpatrick,1911 In this volume it is proposed to discuss the development of individual human minds chiefly from the subjective point of view The educator like the mariner needs a chart by which he may guide the child into the most favoring channels and past the most serious dangers that are found in each stage of development from childhood to maturity The author believes that the descriptions and suggestions herein given lead toward the truth The ideas as expressed are not given as final truth for the guidance of psychologists and educators but as a formulation of facts and principles to be corrected and completed by further scientific investigations and tested by practical educational experience It is hoped that the work is sufficiently concrete and specific to be of interest and value to parents and teachers who have not received much training in psychology It will be of most value however to those who have had a good deal of experience with children Preface **Crossroads** Brett Cox,2005-07 A rich brew of the Southern Literary
