Hatay Museum and Environs Hatay Müzesi,1990 **Sagalassos I** Marc Waelkens,1993 Sagalassos once the metropolis of the Western Taurus range Pisidia Turkey was only thoroughly surveyed in 1884 and 1885 by an Austrian team directed by K Lanckoronski In 1986 1989 this work was resumed by a British Belgian team co directed by Dr Stephen Mitchell University College of Swansea and by Prof Dr Marc Waelkens Catholic University of Leuven In 1990 Sagalassos became a full scale Belgian project and a leading center for interdisciplinary archaeological and archaeometrical research Due to its altitude the site is one of the best preserved towns from classical antiquity with a rich architectural and sculptural tradition dating from the second century BC to the sixth century AD From early Imperial times until the early Byzantine period a complete range of coarse and red slip wares was produced locally Excavations are concentrated on the upper and lower agoras to document the political and commercial life in the town and also in the area where a late Hellenistic fountain house which still functions to date and a Roman library were discovered Major efforts are undertaken to restore the excavated monuments in their old glory Several disciplines integrate the town again within its ancient environment and document the central role which Sagalassos played in the area

Witch Hunt in Galatia Jeremy Wade Barrier,2020-09-29 Approximately 2 000 years ago some Jewish communities of Galatia in central Asia Minor believed they had fallen under a curse argues Jeremy Wade Barrier A fellow Jew named Paul wrote the letter we call Galatians to help them escape its effects In the letter Barrier argues Paul called for the Jews in Galatia to stop practicing circumcision The rite had fallen into disuse within many Jewish communities in the Roman Empire but Barrier argues the Galatian Jews believed it was a talisman that would protect them from harm As a further precaution they needed to deal with the person who had brought this evil to their community A witch hunt was underway and some had concluded that the witch was none other than Paul Barrier provides a reconstruction of the original occasion of Paul s letter to the Galatians and shows how Paul defended himself from accusations of witchcraft by countering that the ritual that would protect them from the Evil Eye was not circumcision but rather baptism Through the ritual of baptism they could receive healing from a material yet divine breath of God Barrier also reconstructs an earlier understanding of this pneuma that was lost to subsequent Christianity under the influence of Neoplatonism
