Whispers from the Haunted Woods Terry Sweatt, 2022-01-26 Do ancient curses actually exist Are there really such things as haunted bogs ghosts wayward spirits the Skin Walker Science and logic repeatedly say not However if you search these topics on your computer

you'll find countless videos and stories that cannot be explained any other way. Sure some are fake, most of them maybe. But some indicate that there is more out there than we realize. Those who manage to find their way out of the haunted woods report life-changing experiences often rife with regret. What they saw or heard can never be unseen. *Whispers From The Haunted Woods* takes the reader into the realm of the unknown. Hidden in the north Georgia forests lie graves, remnants, faint traces of habitation, evidence that someone was there before the white settlers first came to North America. Places long forgotten and undisturbed. Ask the locals and they will tell you why they give these areas a wide berth. Something there could still be alive and active. Something that wants to be left alone. This is the story of a group of Boy Scouts gone rogue. Seeking an ill-gotten lost treasure, ignoring the danger signs, they decide to go off the main trail into the unknown of the deep woods. What they find, and more importantly, what finds them, gives credence to the local's fears. Are ancient curses real? Yes, they are.
