True Ghost Stories Britney Clark, 2016-06-02 Hair Raising True Ghost Stories Of Creepy Cemeteries Haunted Asylums And Haunted Tales Of Ghost Houses No one can be sure why a place becomes haunted some speculate that the longer it stays abandoned the more it will attract spirits which are seeking shelter on this earth On the other hand maybe it's the occurrences in that place that lead to its haunting The more violence and suffering there were the higher the chances of collecting energies that can manifest themselves as apparitions and manifestations Some of the stories seem out of this world such as that of Winchester Mystery House while some are pretty straightforward like the Waverly Hills Sanatorium If you're looking for a night full of paranormal happenings maybe this book will attract some spirits to come to you From cemeteries hospitals to residential homes you will learn about their history and in the process you can conclude why these hauntings occur After all many believe in that saying that the more you think about it the more it will happen *Haunted Michigan*

Watson,J. Francis Watson,John H. Ahtes,Earl H. Schandelmeier III,2006-07-30 In 1832 57 Irish Catholic workers were brought to the United States to lay one of the most difficult miles of American railway Duffy s Cut of the Pennsylvania Railroad These men were chosen because in the eyes of the railroad company that hired them they were expendable Deaths were common during the building of the railway but this stretch was worse than most When cholera swept the camp basic medical attention and community support was denied to them In the end all 57 men the entire work crew died and were buried in a mass unmarked grave Their families in Ireland were never notified about what happened to them The company did its best to cover up the incident which was certainly one of the worst labor tragedies in U S history Set against the backdrop of a rapidly industrializing America this book tells the story of these men the sacrifices they made and the mistreatment that claimed their lives The saga of Duffy s Cut focuses particularly on the Irish laborers who built the railroads Who were these men Who hired them Why did they come Perhaps most important why did they die Based on archaeological digs at the site and meticulous historical research the authors argue that the annihilation of the work crew came about because of the extreme conditions of their employment the prejudice of the surrounding community and the vigilante violence that kept them isolated In shedding light on this tragic chapter in American labor history The Ghosts of Duffy s Cut also illuminates a dark side of America s rise to greatness **The Best Ghost Stories** Arthur B.
