Barefoot, 2004 If you're touring Flagler College in historic St Augustine look for an old man in a straw hat who wanders away from your group He is Henry Flagler railroad magnate co owner of Standard Oil and perhaps the man most responsible for the Florida boom He built the spectacular 540 room Moorish Revival palace that now houses his namesake college And he died back in 1913 The glow around the door of the unoccupied room on the third floor is the spirit of Henry Flagler's second wife The phantom footsteps on the marble stairs to the mezzanine are the wraith of his third wife The woman in black beckoning from the fourth floor is the ghost of his mistress said to be imprisoned there Haunted Halls of Ivy contains thirty nine supernatural tales from colleges and universities throughout the South Some of the region's oldest largest and most famous institutions are represented here as are smaller well respected schools This isn't the dull archetypal stuff you had to learn in Professor Staff's Paranormal Events 101 class back at State Tech U

Campus Traditions Simon J. Bronner, 2012-09-10 From their beginnings campuses emerged as hotbeds of traditions and folklore American college students inhabit a culture with its own slang stories humor beliefs rituals and pranks Simon J Bronner takes a long engaging look at American campus life and how it is shaped by students and at the same time shapes the values of all who pass through it The archetypes of absent minded profs fumbling jocks and curve setting dweebs are the stuff of legend and humor along with the all nighters tailgating parties and initiations that mark campus tradition and student identities Undergraduates in their hallowed halls embrace distinctive traditions because the experience of higher education precariously spans childhood and adulthood parental and societal authority home and corporation play and work Bronner traces historical changes in these traditions The predominant context has shifted from what he calls the old time college small in size and strong in its sense of community to mass society's mega university a behemoth that extends beyond any campus to multiple branches and offshoots throughout a state region and sometimes the globe One might assume that the mega university has dissolved collegiate traditions and displaced the old time college but Bronner finds the opposite Student needs for social belonging in large universities and a fear of losing personal control have given rise to distinctive forms of lore and a striving for retaining the pastoral campus feel of the old time college The folkloric material students spout and sprout in response to these needs is varied but it is tied together by its invocation of tradition and social purpose Beneath the veil of play students work through tough issues of their age and environment They use their lore to suggest ramifications if not resolution of these issues for themselves and for their institutions In the process campus traditions are keys to the development of American culture

Bausch, 2007 No one can write about storytelling like Father Bill Bausch Both his words and his stories are compelling convincing and completely absorbing Here in this landmark work which he insists is his last his goal is to help readers see the centrality of stories to read and hear Scripture as story and not as history and to learn to enrich and expand their lives by looking at the story behind the story He wants to break readers out of the literalism that constricts their spiritual and social lives so they might gain an appreciation of metaphor and symbol and the sacramentality of the world **The North Carolina Historical Review**, 2006
