Ellis, J.

Symonds,2007-12-04 Sexual Inversion was the first English medical textbook about homosexuality It had a chequered publishing history going through five editions between 1896 and 1915 This edition with a long critical introduction places the book in its intellectual and social contexts and considers the historiography surrounding this important work *Sexuality and Its Discontents* Jeffrey Weeks,2002-05-03 Few topics evoke so much anxiety and pleasure pain and hope discussion and silence as sexuality Throughout the Christian era it has been a major moral preoccupation Since the eighteenth century it has also been the focus of scientific exploration and political activity But despite this obsessive concern we are still as baffled as our predecessors about the true meaning of sex In this book Jeffrey Weeks unravels the dense web of historical theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values The book begins with a powerful evocation of our present discontents and their potent signs the rise of the New Right the retreat of progressive forces and a wave of moral panics around sex It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality whilst claiming a privileged access to truth The author then examines radical debates of recent years and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality From this analysis emerges a controversial radical pluralist approach to sexuality built on an acceptance of diversity and choice By linking our present discontents to a clear understanding of the past Jeffrey Weeks presents a rational optimistic and challenging vision of a realizable future *Sex, Politics and Society* ,2014-05-22 A pioneering study which has become an established classic in its field Sex Politics and Society provides a lucid and comprehensive analysis of the transformations of British sexual life from 1800 to the present These changes are firmly located in the wider context of social change from industrialization and the experience of Empire through the establishment of the welfare state to the rise of new social movements such as feminism and gay liberation and new forms of social conservatism Now fully revised and updated and with a new chapter bringing the story right up to date this new edition considers the transformation of the sexual world through globalization and the internet the changing impact of the AIDS pandemic over the last thirty years the influence of new currents in social and cultural theory on the study of sexuality the gradual depoliticization and mainstreaming of sexuality within historical study Combining rich empirical detail with innovative theoretical insights Sex Politics and Society remains at the cutting edge of the subject and this third edition will inspire and provoke a whole new generation of readers in history sociology social policy and the study of sexuality *Modernist Sexualities* Hugh Stevens,Caroline Howlett,2000 Leading critics from Britain Canada and the US examine modernism s imaginative rethinkings of sex gender and sexuality Original essays show how modernism intersects with the suffragette movement technological change and its effects on women and labor the growth of pseudo scientific writings and the burgeoning lesbian and gay movement They show how modernism upsets the fixities of gender and sexuality through its fascination with ambiguities marginality and the crossing of borders Sex reformers and sex changers unsexed storytellers typewriters femme and butch experimenters suffragettes in wide brimmed hats musical and dramatic

pageants adolescent delinquents sunbathers and dancing indigenes all play a role in the heterodox and varied modernism revealed in these essays Making Sexual History Jeffrey Weeks,2013-05-28 Jeffrey Weeks has established an international reputation as one of the most original and influential writers on the social history of sexuality **A History of Homosexuality in Europe, Vol. I & II** Florence Tamagne,2006 Just crawling out from under the Victorian blanket Europe was devastated by a gruesome war that consumed the flower of its youth Tamagne examines the currents of nostalgia and yearning euphoria rebellion and exploration in the post war era and the b *The Gilded Age and Progressive Era* Wendy Martin Ph.D.,Cecelia Tichi,2016-02-22 This book offers a one stop reference work covering the Gilded Age and Progressive Era that serves teachers and their students This book helps students to better understand key pieces in literature from the Gilded Age and Progressive Era by putting them in the context of history society and culture through historical context essays literary analysis chronologies documents and suggestions for discussion and further research It provides teachers and students with selections that align with the ELA Common Core Standards and that also offer useful connections for curriculum that integrates American literature and social studies The book covers Mark Twain s A Connecticut Yankee in King Arthur s Court Charlotte Perkins Gilman s The Yellow Wallpaper Willa Cather s A Lost Lady and Upton Sinclair s The Jungle Readers will be able to appreciate the significance of this period through these canonical and widely taught works of American literature The book also includes historical context essays primary document excerpts and suggested readings

The Late Sigmund Freud Todd Dufresne, 2017-03-24 Freud is best remembered for two applied works on society *The Future of an Illusion* and *Civilization and its Discontents* Yet the works of the final period are routinely denigrated as merely supplemental to the earlier more fundamental discoveries of the unconscious and dream interpretation In fact the cultural Freud is sometimes considered an embarrassment to psychoanalysis Dufresne argues that the late Freud as brilliant as ever was actually revealing the true meaning of his life's work And so while *The Future of an Illusion* *Civilization and its Discontents* and his final work *Moses and Monotheism* may be embarrassing to some they validate beliefs that Freud always held including the psychobiology that provides the missing link between the individual psychology of the early period and the psychoanalysis of culture of the final period The result is a lively balanced and scholarly defense of the late Freud that doubles as a major reassessment of psychoanalysis of interest to all readers of Freud
