**The Vows of Religious Life in a Secular Society** Judith A. Merkle, 2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today's society can be partially rooted in the shallowness of the sort of religion that the secular can abandon Such a religion characterized as magical shallow illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society It fails to address the profound aspects of human existence the authentic freedom of the spirit and the enduring obedience of faith This study of religious vows uncovers their deeper meanings in light of these challenges It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts It surveys sociological landscapes and goes beyond to encompass shifts in science psychology theology Religious life in this sense is part of the renewal of the church as well as an agent in it By focusing briefly on each vow Judith A Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society

*A Cultural Theology of Salvation* Clive Marsh, 2018 Clive Marsh offers a contemporary Christian understanding of salvation He shows how salvation is understood and articulated now when redemption language is widely used outside of Christianity and when redemptive experiences are

reported in response to the arts popular culture media and through counselling *Financial Anxiety* Brendan J. Barnicle, 2021-10-19 An honest and innovative look at our relationship to money Though theologians of every era have written about money and scripture and theology provide ample material for a rich discussion of wealth and possessions we have tremendous difficulty talking about money in the church Therefore congregational leaders need to know how to talk about money and particularly how to lead a theological discussion about it and the anxiety individuals often feel This series of Little Books on Faith and Money is designed to foster conversations within congregations around certain principles and practices that nurture community and growth in the ongoing life of the church **Global Dictionary of Theology** William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context

*Money and Faith* Michael Schut, 2008-08 Talking about money in a personal way remains more of a taboo than sex or politics This seems odd within a Christian context since Jesus addressed topics of money poverty and wealth more than any other concerns For many money becomes an idol we see it in our own culture as we pursue economic growth no matter the cost to the overall well being of God's creation When that happens enough is always more than we have right now and scarcity becomes the lens through which we see the world On a personal level this book opens up issues of scarcity and abundance idolatry and freedom on a societal level it invites exploration of greater equity and sustainability On both levels it empowers individuals and groups to apply their faith's values in practical ways while taking pastoral and prophetic stances The author suggests we need to experience the nurturing companionship of a wise compassionate pastor or spiritual guide in our relationship to money while also needing to experience the power strength anger and call to repentance of an Old Testament prophet People want to connect their values with everyday concerns while discovering ways to make a positive

difference This book helps them do both Includes a comprehensive study guide within the book for groups and individuals Contributors include Henri Nouwen Dave Barry Walter Brueggemann David Boyle Lynne Twist Lewis Hyde William Stringfellow John Haughey Ched Myers Bill McKibben Sallie McFague William Greider Leonardo Boff Jean Bertrand Aristide Victoria Tauli Corpuz Maria Harris Rich Lang Wayne Muller Sharon Parks Rodney Clapp Ted Nace Lester Brown Pete Barnes Andy Loving Edgar Cahn Sarah Tarver Wahlquist Susan Wilkes Jim Klobuchar

**Almsgiving as the Essential Virtue** Becky Walker,2023-11-13 This book seeks to add to common representations in the scholarship on almsgiving in late antiquity concerning the remission of post baptismal sin efforts to reform society and competition between monks and bishops It demonstrates that John Chrysostom conceptualized almsgiving as not only expiating the sins of the rich relieving the suffering of the poor or securing power for its promoters but also expiating the sins of the poor unifying the members of his congregation and making humans like God Although it could indeed save one from eternal death and physical hunger it was salvific and transformative on other levels as well

**Of Widows and Meals** Reta Halteman Finger,2007-05-27 Though community has become a common byword in the contemporary Western church the practice of communal sharing has effectively fallen by the wayside Unfortunately it is often the poor who are left wanting because we no longer come together Reta Halteman Finger finds a solution to this modern problem by learning from the ancient Mediterranean Christian culture of community In the earliest Jerusalem church in holding the responsibility for preparing and serving communal meals women were given a place of honor With the table fellowship and goods sharing of the early church Luke says there were no needy persons among them Acts 4 34 Finger thoroughly examines this agape meal tradition challenging traditional interpretations of the community of goods in the Jerusalem church and proving that the communal sharing lasted for hundreds of years longer than previously assumed Of Widows and Meals begins a discussion of need in community that can revolutionize the contemporary church s interaction with the world at large

**Learning to Speak Christian** Stanley Hauerwas,2014-07-24 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life s complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary

***Paul, Christian Textuality, and the Hermeneutics of Late Antiquity*** ,2023-12-07 The essays in the present volume celebrate the work of Margaret M Mitchell University of Chicago by engaging extending and challenging her ground breaking research in three areas 1 the letters of Paul the Apostle both authentic and pseudepigraphic 2 the emergence and rapid development of early Christian literary culture over the first few centuries of the cult s existence and 3 Late Antique interpretive practices and perspectives particularly among patristic readers of the scriptures

***Romans Disarmed*** Sylvia C. Keesmaat,Brian J. Walsh,2019-05-21 Globalization Homelessness Ecological and economic crisis Conflicts

over sexuality Violence These crisis level issues may seem unique to our times but Paul s Letter to the Romans has something to say to all of them Following their successful Colossians Remixed Sylvia Keesmaat and Brian Walsh unpack the meaning of Romans for its original context and for today The authors demonstrate how Romans disarms the political economic and cultural power of the Roman Empire and how this ancient letter offers hope in today s crisis laden world Romans Disarmed helps readers enter the world of ancient Rome and see how Paul s most radical letter transforms the lives of the marginalized then and now Intentionally avoiding abstract debates about Paul s theology Keesmaat and Walsh move back and forth between the present and the past as they explore themes of home economic justice creation care the violence of the state sexuality and Indigenous reconciliation They show how Romans engages with the lived reality of those who suffer from injustice both in the first century and in the midst of our own imperial realities **Table and Temple** David L.

Stubbs,2020-09-17 In most modern discussions of the Eucharist the Jewish temple and its services of worship do not play a large role They are often mentioned in passing but little work is done in grounding organizing or explicating the connections between these things and the Eucharistic celebration In Table and Temple David Stubbs sheds light on the reasons for this neglect and shows the important role the temple and its worship played in the imagination of Jesus and his disciples about what was to become a central Christian practice He then explores the five central meanings of the temple and its main services of worship demonstrating their relationship to the five central meanings of the Christian Eucharist These central meanings of the temple itself the daily weekly and monthly sacrifices and the three pilgrim feasts are linked to the history of salvation Stubbs distills them to 1 the real presence of God and God s Kingdom among God s people 2 thanksgiving for creation and providence 3 remembrance of past deliverance 4 covenant renewal in the present and 5 a hopeful celebration of the feast to come They provide a solid ground upon which to organize contemporary Christian Eucharistic imagination and practice Such a solid ground not only expands our theology and enriches contemporary practice it can also bring greater ecumenical unity to this central Christian rite **Accepting the Invisible Hand** M. White,2010-11-08 This collection of essays by prominent economists and philosophers showcases the important contributions that markets can make to important topics within social economics including practical issues such as poverty and disaster relief as well as more general concerns regarding ethics and well being **Troubling Topics, Sacred Texts** Roberta Sterman

Sabbath,2021-10-04 Abrahamic scriptures serve as cultural pharmakon prescribing what can act as both poison and remedy This collection shows that their sometimes veiled but eternally powerful polemics can both destroy and build exclude and include and serve as the ultimate justification for cruelty or compassion Here scholars not only excavate these works for their formative and continuing cultural impact on communities identities and belief systems they select some of the most troubling topics that global communities continue to navigate Their analysis of both texts and their reception help explain how these texts promote norms and build collective identities Rejecting the notion of the sacred realm as separate from the mundane

realm and beyond critical challenge this collection argues both implicitly and sometimes transparently for the presence of the sacred within everyday life and open to challenge The very rituals prayers and traditions that are deemed sacred interweave into our cultural systems in infinite ways Together these authors explore the dynamic nature of everyday life and the often brutal power of these texts over everyday meaning

**The Child in American Evangelicalism and the Problem of Affluence** David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child AAEC through interdisciplinary evangelical engagement of American history sociology and economics Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord Thus the problem he addresses is nurture in evangelical affluence conceived as a theological anthropological problem Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U S impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross This impediment risks disciplinary formation of the AAEC for capitalist culture cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity's underside The result is the AAEC's spiritual moral lack in late modernity Chapter 1 introduces the problem of the AAEC Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards Horace Bushnell and Lawrence Richards Chapters 4 and 5 constitute the synchronic perspective of the AAEC Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro's theory of interpretive reproductions and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider's moral theology of affluence Chapter 6 Whither the AAEC concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty first century

**Counting the Cost** Art Lindsley, 2017-08-08 If Christians want to accelerate the world's transition out of abject poverty they need to examine the role of capitalism Counting the Cost helps readers begin with the truth of Scripture It then relies on the economic realities that come from our God-given design as the foundation for enabling readers to think critically about capitalism We live in an unprecedented time in human history The number of people living in abject poverty is decreasing at an unprecedented rate Capitalism has played a major role in lifting people out of such poverty yet many raise legitimate concerns Does capitalism hurt the poor Promote materialism Harm the environment Allow the rich to get richer at the expense of everyone else Is capitalism really the best system for organizing societies and the economies that keep them running This edited volume of articles by noted economists and theologians takes an honest and empathetic look at capitalism and its critiques from a biblical perspective
