purpose of the Millennium when Christ returns to earth and rules all the nations from Jerusalem for 1 000 years Why does the Bible say God s people live in New Jerusalem on earth after the Millennium for eternity don t believers live in heaven If hell is a literal place then why is it called the Second Death eternal death twice in the Bible And what do God s people do during eternity anyway To get to the heart of the Bible s meaning one must determine the plain meaning of the text the meaning which the original author intended When reading the Bible one must be very careful not to take verses out of context and apply them to one s own predetermined set of beliefs We simply cannot make the Bible mean anything that pleases us and then give the Holy Spirit the credit for it So get ready to take a comprehensive and fascinating journey through Scripture

The Story of Abortion in America Marvin Olasky,Leah

Savas,2022-12-28 Tracing the History of Abortion in America by Looking beyond the Laws to the Dramatic Stories and Colorful Personalities of the People They Touched Fifty years ago the Roe v Wade Supreme Court decision to legalize abortion on demand sparked nationwide tensions that continue to this day In the decades since that ruling abortion opponents and proponents have descended on the Capitol each year for marches and protests But this story didn't begin with the Supreme Court in the 1970s arguments about abortion have been a part of American history since the 17th century So how did we get here The Story of Abortion in America traces the long cultural history of this pressing issue from 1652 to today focusing on the street level activities of those drawn into the battles willingly or unwillingly Authors Marvin Olasky and Leah Savas show complex lives on both sides Some sacrificed much to help the poor and others sacrificed the helpless to empower themselves The Story of Abortion in America argues that whatever happens legally won't end the debate but it will affect lives A Fair Survey of the History of the Debate Opening with a foreword by renowned social conservative thinker Robert P George this book explores historic cases and key cultural moments from 1652 to 2022 Examines 5 Selling Points Used by Each Side in Different Eras Anatomy Bible Community Danger and Enforcement Chronicles the History of Abortion through Personal Narratives Includes the memorable stories of Isaac Hathaway Susan Warren Elizabeth Lumbrozo John McDowell Hugh Hodge Madame Restell Augustus St Clair Inez Burns Robert Dickinson Sherri Finkbine Henry Hyde John Piper Lila Rose Terrisa Bukovinac Mark Lee Dickson and many others Written for a Diverse Audience While particularly useful for Christians who want to understand the history of abortion and its impact on American politics and culture the book speaks to anyone who cares about abortion

Ethical Veganism, Virtue Ethics, and the Great Soul Carlo Alvaro,2019-03-13 Millions of animals are brought into existence and raised for food every year This has generated three serious problems first intensive animal farming is one of the leading causes of environmental degradation Farming livestock contributes to a large amount of greenhouse gases to the atmosphere each year it contributes to land and water degradation biodiversity loss coral reef degeneration and deforestation Second raising animals for food causes millions of animals to suffer and be killed And third consumption of meat and animal products is linked with heart disease diabetes and various cancers Consequently a global change in the way that animals are treated is imperative Many moral philosophers have suggested a move toward vegetarianism But vegetarianism unfortunately still relies on raising animals for food and does not avoid the deleterious effects of animal products on human health The right solution is ethical veganism which is the avoidance of all animal products and by products Some moral philosophers have framed ethical veganism in terms of animals having the same fundamental rights as humans a notion that is highly controversial In any case the view that animals have rights is not capable of generating the moral duty to embrace ethical veganism The answer is to adopt a virtue oriented approach to the treatment of animals because the acquisition of virtues such as compassion magnanimity temperance and fairness enable people to see that raising and using animals for food is unfair callous and self indulgent
